

TABLE OF CONTENTS

Atlas determines the approximate amount of freight car and locomotive production run quantity by the number of dealer/distributor orders received during the pre-order time period. To assure the receipt of a desired model, it is highly recommended to place your pre-order without delay. Please place your order with one of the authorized Atlas hobby stores found in our on-line Store Locator (<http://locator.atlasrr.com>).

If you miss the opportunity to place a pre-order, check with your hobby store, or Atlas on-line for availability of any desired product. Atlas carries a large inventory of in-stock items in all of its scales and product lines.

'Announcements' are products that will typically be delivered in 4-6 months.
