A MESSAGE FROM THE EXECUTIVE CHAIRMAN

January 2014

Dear Model Railroaders,

With the New Year comes change. It can be something as small as a new paint scheme on a favorite model or perhaps, something larger. In this catalog, you will find plenty of the former, as well as brand new models and other items in N, HO and O scales. With this letter, I write to tell you about another bigger change.

2014 is the year that I have decided to step down as CEO of Atlas Model Railroad Company, Inc. After 30 years, I have decided that it is time to let somebody else take over the day to day reins. It's been a fun ride, often challenging but always rewarding and an experience that I will always cherish. I won't be leaving completely, as I will continue to serve as Executive Chairman with the Atlas Board of Directors where I will concentrate my efforts on long term planning.

Not to worry, you're being left in capable hands. Paul Graf, currently the Chief Operating Officer, will be the new CEO as of January 1st, 2014. Paul has been with Atlas for 25 years and his love of model railroading as a hobbyist and as a businessman has helped us hit more than a few home runs with products in the past and I see nothing but great things coming under his tenure. Jarrett Schaffan Haedrich, currently VP Marketing and the great-grandson of Atlas founder Stephan J. Schaffan Sr. will become the new COO. Jarrett has been employed with Atlas for the past ten years. Atlas, and the model railroad industry will be well served by these changes.

Now to the reason that you're holding this catalog in the first place—model trains. The Atlas All Scales Winter 2014 Catalog contains all of the Atlas announcements and arrivals in all three scales - N, HO and O - for the next six months. You may recognize some old favorites in there along with some new models. The most notable being two more of the California Zephyr passenger cars, including the Dome Observation Car, which will be a beautiful replica—just like the others in the line-- that will look outstanding running on your layout, or displayed anywhere else you see fit.

All Atlas products can be ordered from your local hobby shop. If you need assistance in locating an Atlas Dealer near you, it is as easy as heading over to the Atlas dealer locator at shop.atlasrr.com, typing in your location and hitting "Enter." The results from the search will advise you as to the nearest Atlas Authorized Dealer. Also, for your convenience, a complete Dealer Listing is provided on pages 123-131 of this catalog.

If you are having trouble finding a product, it may be in stock on our online store, also located at shop.atlasrr.com. We've completely revamped the site and instituted a new ecommerce system to make ordering Atlas products easier than ever. The new site allows everyone - consumers, dealers and distributors - to easily determine the status of a product and order online from anywhere.

To all of our customers, I, and the entire Atlas staff thank you for your interest in and support of Atlas products and hope you have a happy, healthy and prosperous New Year.

Sincerely,

Tom Haedrich
Executive Chairman, Board of Directors
Atlas Model Railroad Co. Inc.

ALL SCALES SPECIAL RUNS..... 132-Back Cover

All prices are in US dollars. Prices and dates are subject to change without notice. All catalog products are subject to availability at time of order. Atlas reserves the right to correct errors, change prices and modify designs without notice or obligation to purchasers of same or similar products. Any product pricing errors may be corrected at any time through notification of distributors, dealers and on our websites at www.atlasrr.com or www.atlaso.com. Atlas reserves the right to cancel any announced product. Unless otherwise noted, all N scale cars and locomotives will operate properly on 9-3/4" radius and all HO scale cars and locomotives will operate properly on 18" radius. Short length cars and locomotives may operate properly on radii smaller than these.

The cover depicts the HO Master RS-3, Gulf Mobile & Ohio #1518. This model is featured on pages 27-28 of this catalog. Also shown is the HO Master 40' Postwar Box Car with 6' Door, featured on page 39 of this catalog. To order these and other fine Atlas models, track and accessories, please contact your local dealer or visit shop.atlasrr.com!

All arrival/announcements are estimates and may change at any time.

Master/Trainman defined - Atlas has two primary lines of locomotives and rolling stock (freight and passenger cars) designated as either Master or Trainman. The Master line is made up of highly detailed models which most often includes individual parts and details that match a specified model or phase. Road numbers and paint/print decoration will match an actual model, past or present, in the real world. The Trainman line will use accurate numbering, paint and print decoration; however there will not be as great attention to individual detail as afforded in the Master line.
