PRE-ORDER ANNOUNCEMENTS - NOVEMBER 2017

GUARANTEED PRE-ORDER DUE DATE: WEDNESDAY DECEMBER 6th, 2017

ORDERING INFORMATION & TERMS

November 2017

Dear Model Railroader,

Welcome to the November 2017 Atlas ASMC consumer edition of product Announcements and Arrivals.

All Atlas products are tooled prior to the announcement and offering of that product to the marketplace. In other words, Atlas researches and decides on a project, makes a significant commitment in product development resources and tooling dollars, and only then offers it to model railroaders.

Prior to the start of supplier production, Atlas announces to authorized dealers, distributors and e-subscribers that we are nearing final production. This notification comes in the form of Atlas' All Scales Monthly Catalog (ASMC) which focuses in on the current month's planned and specified announcements and allows consumers to place guaranteed pre-orders with their local hobby shop for those specific products by a given date. If you need assistance finding a dealer near you, don't forget our Hobby Store Locator! Check out the locator at <http://shop.atlasrr.com/storeLocator.aspx>.

Here at Atlas, we have an unwavering dedication to prototypical authenticity. Unless otherwise noted, every paint scheme that appears on a model we produce has been carefully researched and recreated to look exactly as it did on the prototype.

The ASMC is widely distributed and shared with thousands of dedicated Atlas consumer fans in accordance with their scale preference. This distribution is accomplished through targeted electronic messaging as well as via handouts at shows throughout the year. You can ensure that you receive the latest Atlas news and offers, in your preferred scale(s), delivered directly to your email inbox by visiting www.atlasrr.com and signing up for our email newsletter – the Atlas Insider.

November's edition of the ASMC is a cornucopia of products that modelers of all scales can be thankful for! We're announcing brand NEW 53' Well Cars and Containers in N Scale. Also coming to N scale is the Master line GP30 - gold models will be equipped with ESU sound for the first time - silver models are Sound Ready and have a speaker for easy conversion to DCC sound. In HO and O scale, we're featuring new paint schemes on the ever popular 40' Wood Reefers - you'll find all of those wonderful models and more inside, as well as arriving locomotives, rolling stock and track in all scales.

Best wishes from all at Atlas for a happy, healthy & busy holiday season!

Sincerely,

Joe Kolnoski
Vice President of Sales

ATLAS MASTER[®] N GP30 LOCOMOTIVE

Ordering: <http://shop.atlasrr.com/d-411-nov-2017-n-scale-pre-orders.aspx>

Information: <http://www.atlasrr.com/NLoco/ngp30b.htm>

FEATURES:

- Golden-White LEDs
- Directional lighting
- Dual brass flywheels
- Low-friction mechanism
- Factory-installed AccuMate[®] magnetic knuckle couplers
- Accurate painting and lettering
- **Atlas Master[®] Silver version is Sound Ready and equipped with speaker for easy conversion to DCC sound**

DCC OPERATION FEATURES (GOLD LOCOMOTIVES ONLY)

- Supports all DCC-programming modes
- DCC includes RailCom and RailComPlus, with 14, 28 or 128 speed steps and with 2-digit and 4-digit addressing.
- Flexible mapping of function keys F0 to F28.
- A total of 6 DCC function outputs are available, and all can be function mapped (disable, brightness, light effects) individually
- Follows all NMRA DCC standards and recommended practices.

SOUND FUNCTIONALITY FEATURES (GOLD LOCOMOTIVES ONLY):

- Over 20 sound effects are available, including engine start-up and shutdown, prime mover sounds through all eight notches, bell, air horn, air compressor, dynamic brakes and more.
- There are up to 16 user-selectable horns, 2 user-selectable bells, and 2 user-selectable synchronized brake squeals.
- Equipped with ESU's Exclusive "Full Throttle" features for ultimate realism in prototype running.

AccuMate[®] couplers are made under license from AccuRail, Inc.

ATLAS HO CODE 100 CUSTOMLINE® MARK IV CURVED TURNOUT

Ordering: <http://shop.atlasrr.com/c-1044-n-true-track.aspx>
Information: <http://www.atlasrr.com/Trackmisc/newtrack.htm>

New to the Atlas track line-up is the Atlas HO Code 100 Customline® Mark IV Curved Turnout. This turnout features nickel silver rail and black plastic ties like the rest of our Code 100 lineup. Similar to the recently released Code 83 Customline Curved Turnouts (items #595 and 596), these new Code 100 turnouts can be set up as a remote or manual switch depending on which switch machine is added by the modeler. Each turnout will have die-cast points and an isolated, die-cast frog with a power contact to optionally energize the frog and prevent loss of power when a locomotive is passing through. The outside radius of the turnout is listed at 30"; the inside radius is 22".

ESTIMATED ARRIVAL: 4th Quarter 2018

The Process of Creating Atlas O's Replica of the 40' Wood Refrigerator Car – An Excerpt from the Atlas O Reefer Guide

It was relatively easy for Atlas O to design these cars and achieve the level of detail due to the abundance of information on each car - so much so, that all components were duplicated from the actual erection and lettering diagrams that were obtained from the car builders and refrigerator companies themselves. Bob Wagner's photographs, drawings, paint chips, and actual scratch-built models made the task less daunting and served as an accuracy check to the erection drawings. Interestingly, Atlas O discovered from the photographs that the builders varied the actual construction of the cars from the erection drawings. If you look at the roof boards, you will see they are larger than those on the sides of the reefer. However, the erection drawings show all boards are the same size. Atlas O followed the construction based upon the photographic record.

In late 1998, the process of selecting, compiling, and sorting through the copious amount of information from Bob Wagner's collection began. We carefully inspected and selected the prototype erection drawings for completeness, as they would be used for the model's design drawing. After completion, all details of the design drawing were carefully checked for accuracy, whether it was the opening roof hatches, door latches, brake system details or trucks. Upon design approval, the drawings were released for tooling.

Using the design drawing as an artwork master, the arduous task of duplicating the logos, lettering and other artwork began. Atlas O's technical illustrators painstakingly studied the photographs and lettering diagrams to ensure accuracy. Colors were matched to actual paint chips of the era and documentation from the leasing companies. Test shots of the model were carefully scrutinized for design accuracy. After all mold modifications were finalized,

PRE-ORDER ANNOUNCEMENTS - NOVEMBER 2017

GUARANTEED PRE-ORDER DUE DATE: WEDNESDAY DECEMBER 6th, 2017

decoration samples were produced using the digital artwork. Once again, the models were compared to the photographs of the real cars to ensure we captured the spirit and accuracy of the original.

After all corrections, final approval for production could be given. Approximately, 15 months had transpired since the first step of the development process. The last phase in the process was the hardest: to eagerly anticipate the shipment of the billboard reefer models, an accurate recreation of the prototype. As "O" enthusiasts soon found out, the wait was well worth it. Atlas O's 40' Wood Refrigerator Car was the first car to be included in our Steam Era Classics™ Series. This series of models salutes rolling stock from the Golden Age of Steam. All cars feature the same prototypical accuracy and superior performance that is the hallmark of every Atlas O product. These cars are so realistic in the painting and lettering that you will think you can smell the smoke and feel

the cinders! Our Steam Era Classics™ have been so successful, that we now have more than ten different types of freight cars in the line. To see more of these types of cars, please visit www.atlasO.com

Atlas O has been extremely pleased with the acceptance of these cars by the railroading community. In fact, the response has more than exceeded our expectations. These cars have created "reefer madness" in some operating and collector circles with some cars being sold for more than twelve times the original price! We look forward to continuing our popular 40' Wood Reefer Car, our incredibly admired 36' Wood Reefer Car, and the 40' Rebuilt Reefer Car. Thank you for sharing in our "cool" success! On the following pages you will find examples of the prototype artwork blueprints that were used in the graphic design of the cars. Used in conjunction with the photographs, these blueprints ensure a superior level of artwork detail.

ATLAS TRACK PLANNING BOOKS

MODEL RAILROADING MADE EASY!

With detailed diagrams, step-by-step instructions, and myriad layout options, Atlas books guide you through every phase of layout building. Each book is aimed at specific skill levels and includes the fundamentals of foundations, track laying, wiring, scenery, as well as a convenient "Products Required" list with each layout. Atlas' popular and interesting layouts can be viewed at www.atlasrr.com or www.atlaso.com!

Item #6

#6 INTRODUCTION TO N SCALE MODEL RAILROADING - \$7.95

N scale fun starts here! This complete, easy to read book is ideal for beginners. It's all here – glossary, tools, benchwork, track laying, wiring, tips and more for nine basic layouts. (N1-N9)

#7 NINE N SCALE RAILROADS - \$8.95

Designed for intermediate modelers, this book details the techniques of benchwork, track laying, wiring and scenery for constructing nine engaging layouts that differ from those in book #6 in their size, detail and sophistication. (N10-N18)

Item #7

#9 ATLAS BEGINNER'S GUIDE TO HO MODEL RAILROADING - \$7.95

Here's your ticket to HO fun! Clear diagrams, comprehensive instructions, tips and a chapter on "Finishing Touches" put you on the right track to a successful layout. Blueprints for 12 basic layouts allow for future expansion with either Code 83 or Code 100 track. (HO1-HO12)

#11 HO LAYOUTS FOR EVERY SPACE - \$8.95

Packed with guidelines, shortcuts, tips and 11 layout options for either Code 83 or Code 100 track. More than 75 detailed diagrams make this edition a must for every HO modeler! A chapter on designing your own track plan is also included. (HO13-HO23)

#12 THE COMPLETE ATLAS WIRING BOOK - \$8.95

The Atlas Electrical Wiring System for all scales is made easy. Over 100 updated diagrams are complemented by a complete glossary, step-by-step instructions and advanced techniques.

#13 SEVEN STEP-BY-STEP HO RAILROADS - \$8.95

Whether beginner, intermediate, or advanced, every HO model railroader will find their ideal layout among the explicitly detailed and fully tested plans offered. Eliminate common pitfalls and learn from the many tips included to create your dream layout with Code 83 or Code 100 track. (HO24-HO30)

#14 HO KING-SIZE LAYOUT BOOK - \$13.95

For the intermediate and advanced modelers, this book contains six large layouts in an easy-to-follow scale format. Four plans fold out to become 11" x 17". Plans can be built with Code 83 or Code 100 track. (HO31-HO36)

#15 BLUEPRINTS FOR TEN HO TRUE-TRACK® LAYOUTS - \$4.95

Fast and easy layouts using popular Atlas Code 83 True-Track® roadbed track. Wiring, tips, accessories and "finishing touches" are all included in this Level 1 book. (TT1-TT10)

#6008 ATLAS O 36 3-RAIL LAYOUT BOOK - \$9.95

This book is a must-have for those who have discovered the superiority of the Atlas 21st Century Track® System. Everything you need for successful layout planning and building is here!

#0140 ATLAS O, LLC 40' WOOD REEFER COLLECTOR'S GUIDE - \$6.00

This collector's guide is filled with history, fun facts and over 100 color photos of 40' Wood Refrigerator Cars making this unique booklet a must for your O scale library.

GOT TRACK?

(Don't let your fun get stopped short...)

ATLAS HAS PLENTY!

Whether you're finishing an existing layout, starting a new one, or just giving that trainset loop some extra pieces, Atlas has the 'right track' for you. The rugged plastic construction, nickel silver rail and U.S. prototype detail, assures longevity, maximum conductivity and accurate realism that guarantees your trains look good and keep running smoothly.

Atlas track provides industry leading **quality** at unequaled **value**, and our selection is so large we have an entire catalog devoted to it. HO and N scale track, in a variety of rail sizes, is fully stocked and ready to ship to you and your favorite Atlas authorized dealer now.

For more information, and the dealer nearest you, visit www.atlasrr.com, or call 1-800-872-2521 and request a catalog of your own. And remember... *You're on the right track, (and trains) ...with Atlas!*
