ORDERING INFORMATION & TERMS

January 2018

Dear Model Railroader,

Happy New Year & welcome to the January 2018 Atlas ASMC consumer edition of product Announcements and Arrivals.

All Atlas products are tooled prior to the announcement and offering of that product to the marketplace. In other words, Atlas researches and decides on a project, makes a significant commitment in product development resources and tooling dollars, and only then offers it to model railroaders.

Prior to the start of supplier production, Atlas announces to authorized dealers, distributors and e-subscribers that we are nearing final production. This notification comes in the form of Atlas' All Scales Monthly Catalog (ASMC) which focuses in on the current month's planned and specified announcements and allows consumers to place guaranteed pre-orders with their local hobby shop for those specific products by a given date. Please see page 4 of this ASMC for an in-depth explanation of the Atlas Guaranteed Pre-Order system. If you need assistance finding a dealer near you, don't forget our Hobby Store Locator! Check out the locator at <http://shop.atlasrr.com/storeLocator.aspx>. You can also view and reserve products via Atlas' online store shop.atlasrr.com.

Here at Atlas, we have an unwavering dedication to prototypical authenticity. Unless otherwise noted, every paint scheme that appears on a model we produce has been carefully researched and recreated to look exactly as it did on the prototype.

The ASMC is widely distributed and shared with thousands of dedicated Atlas consumer fans in accordance with their scale preference. This distribution is accomplished through targeted electronic messaging as well as via handouts at shows throughout the year. You can ensure that you receive the latest Atlas news and offers, in your preferred scale(s), delivered directly to your email inbox by visiting www.atlasrr.com and signing up for our email newsletter – the Atlas Insider.

We're starting the New Year off with a bang! We're announcing brand new SD60Es in N scale, along with new paint schemes and new road numbers on the tried and true SD50/60 - all with ESU sound! O scalers will have an even happier New Year with the return of the PS-4427 Low Side Hopper in all new paint schemes - you'll find all of those wonderful models and more inside, as well as arriving locomotives, rolling stock and track in all scales.

Sincerely,

Joe Kolnoski

Vice President of Sales

ATLAS MASTER[®] N SD60E LOCOMOTIVE

In the late 2000's, Norfolk Southern looked for ways to increase the life of their SD60 fleet. One factor NS had for them was their venerable Juniata Locomotive Shop in Altoona, Pa, which has the ability and a proven history of rebuilding just about any type of locomotive. Enter the "SD60E", which would take SD60 cores (The first 240 planned would be from standard cab SD60's, which was a mixture of NS and former lease locomotives) and add a new cab designed by NS, which was called a "Crescent Cab". The locomotive received upgrades to the motor, fuel tank (On earlier rebuilds), and microprocessor controls to name a few. The first SD60E rolled out in 2010 as number 6900, which was rebuilt from NS 6653. Soon, more would follow and the current totals are at 136 rebuilt so far (NS 6900-7035). More rebuilds are planned into 2019 and eventually their SD60M and SD60I fleet will be rebuilt. What makes the SD60E even more unique from their browed cabs, is that three locomotives wear commemorative schemes honoring, Veterans, First Responders, and the "GORAIL" project. Atlas' representation captures every detail, right down to the PTC Antenna Array on top of the cab roof.

The photographs on these pages were taken by Atlas' own Bobby Allard, during a Research and Development trip to the Juniata Locomotive Shop. While there, Bobby not only took photos, but he was able to measure and carefully inspect these locomotives and their many details, adding to the authenticity of Atlas' models.

ATLAS CLASSIC[®] HO GP-7 LOCOMOTIVE

Ordering: <http://shop.atlasrr.com/d-423-jan-2018-ho-scale-pre-orders.aspx>

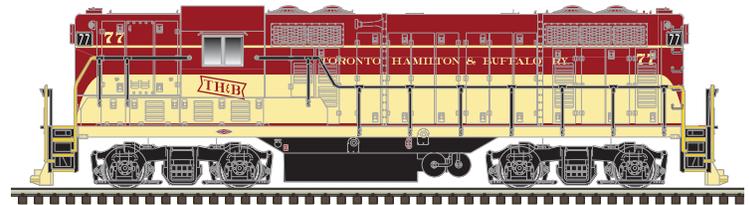

Information: <http://shop.atlasrr.com/c-537-h77.aspx>

Bangor & Aroostook

Belt Railway of Chicago

Toronto, Hamilton & Buffalo

FEATURES:

- Optional 800 gallon or 1,600 gallon fuel tank
- Fine scale handrails and stanchions
- Golden-white LEDs
- Painted hand rails
- Five-pole skewed armature motor with dual flywheels for optimum performance at all speeds
- Directional lighting
- Factory-equipped with AccuMate[®] knuckle couplers
- Separately-applied wire grab irons
- MU hoses and coupler cut bars
- Two painted crew members
- NMRA 21 pin plug for DCC

DCC Operation Features:

- Supports all DCC-programming modes
- Flexible mapping of function keys F0 to F28.
- A total of six DCC function outputs are available
- Follows all NMRA DCC standards and recommended practices.

Analog (DC) Operation Features:

- The LokSound Select Dual-Mode decoder allows your Atlas Gold Series locomotive to be used on DC as well as on DCC layouts.
- Please note that the Atlas Quantum Engineer will NOT operate an Atlas Gold Series locomotive equipped with a LokSound Select decoder on an analog (DC) layout. However, the sound and lighting functions of the LokSound Select decoder in the Atlas Gold Series locomotive can be controlled by an easy-to-use basic DCC system
- Also note that on a DC-powered layout, a DCC and sound equipped locomotive CANNOT be consisted with another locomotive that does not also have both DCC and sound. (This statement does NOT apply to DCC-equipped locomotives operating on a DCC layout.)

Sound Functionality Features:

- Over 20 sound effects are available, including engine start-up and shutdown, prime mover sounds through all eight notches, bell, air horn, air compressor, dynamic brakes and more.
- There are 16 user-selectable horns, 2 user-selectable bells, and 2 user selectable synchronized brake squeals.
- Manual and Automatic Notching modes with the ability to change modes "on the fly" are provided for true realism.

ATLAS TRACK PLANNING BOOKS

MODEL RAILROADING MADE EASY!

With detailed diagrams, step-by-step instructions, and myriad layout options, Atlas books guide you through every phase of layout building. Each book is aimed at specific skill levels and includes the fundamentals of foundations, track laying, wiring, scenery, as well as a convenient "Products Required" list with each layout. Atlas' popular and interesting layouts can be viewed at www.atlasrr.com or www.atlaso.com!

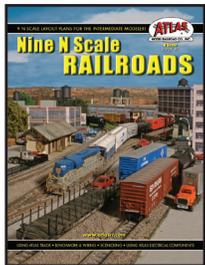

Item #6

#6 INTRODUCTION TO N SCALE MODEL RAILROADING - \$7.95

N scale fun starts here! This complete, easy to read book is ideal for beginners. It's all here – glossary, tools, benchwork, track laying, wiring, tips and more for nine basic layouts. (N1-N9)

#7 NINE N SCALE RAILROADS - \$8.95

Designed for intermediate modelers, this book details the techniques of benchwork, track laying, wiring and scenery for constructing nine engaging layouts that differ from those in book #6 in their size, detail and sophistication. (N10-N18)

Item #7

#9 ATLAS BEGINNER'S GUIDE TO HO MODEL RAILROADING - \$7.95

Here's your ticket to HO fun! Clear diagrams, comprehensive instructions, tips and a chapter on "Finishing Touches" put you on the right track to a successful layout. Blueprints for 12 basic layouts allow for future expansion with either Code 83 or Code 100 track. (HO1-HO12)

#11 HO LAYOUTS FOR EVERY SPACE - \$8.95

Packed with guidelines, shortcuts, tips and 11 layout options for either Code 83 or Code 100 track. More than 75 detailed diagrams make this edition a must for every HO modeler! A chapter on designing your own track plan is also included. (HO13-HO23)

#12 THE COMPLETE ATLAS WIRING BOOK - \$8.95

The Atlas Electrical Wiring System for all scales is made easy. Over 100 updated diagrams are complemented by a complete glossary, step-by-step instructions and advanced techniques.

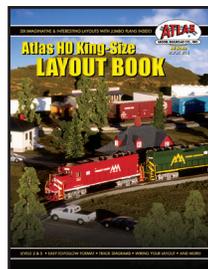

Item #12

#13 SEVEN STEP-BY-STEP HO RAILROADS - \$8.95

Whether beginner, intermediate, or advanced, every HO model railroader will find their ideal layout among the explicitly detailed and fully tested plans offered. Eliminate common pitfalls and learn from the many tips included to create your dream layout with Code 83 or Code 100 track. (HO24-HO30)

#14 HO KING-SIZE LAYOUT BOOK - \$13.95

For the intermediate and advanced modelers, this book contains six large layouts in an easy-to-follow scale format. Four plans fold out to become 11" x 17". Plans can be built with Code 83 or Code 100 track. (HO31-HO36)

Item #14

#15 BLUEPRINTS FOR TEN HO TRUE-TRACK® LAYOUTS - \$4.95

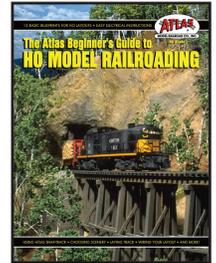

Fast and easy layouts using popular Atlas Code 83 True-Track® roadbed track. Wiring, tips, accessories and "finishing touches" are all included in this Level 1 book. (TT1-TT10)

#6008 ATLAS O 36 3-RAIL LAYOUT BOOK - \$9.95

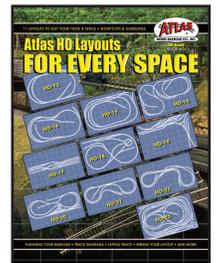

This book is a must-have for those who have discovered the superiority of the Atlas 21st Century Track® System. Everything you need for successful layout planning and building is here!

#0140 ATLAS O, LLC 40' WOOD REEFER COLLECTOR'S GUIDE - \$6.00

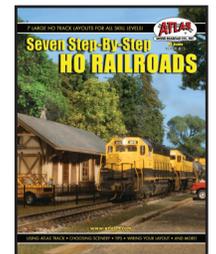

This collector's guide is filled with history, fun facts and over 100 color photos of 40' Wood Refrigerator Cars making this unique booklet a must for your O scale library.
