# ORDERING INFORMATION & TERMS

March 2018

Dear Model Railroader,

Welcome to the March 2018 Atlas ASMC consumer edition of product Announcements and Arrivals.

All Atlas products are tooled prior to the announcement and offering of that product to the marketplace. In other words, Atlas researches and decides on a project, makes a significant commitment in product development resources and tooling dollars, and only then offers it to model railroaders.

Prior to the start of supplier production, Atlas announces to authorized dealers, distributors and e-subscribers that we are nearing final production. This notification comes in the form of Atlas' All Scales Monthly Catalog (ASMC) which focuses in on the current month's planned and specified announcements and allows consumers to place guaranteed pre-orders with their local hobby shop for those specific products by a given date. If you need assistance finding a dealer near you, don't forget our Hobby Store Locator! Check out the locator at <http://shop.atlasrr.com/storeLocator.aspx>. You can also view and reserve products via Atlas' online store [shop.atlasrr.com](http://shop.atlasrr.com).

Here at Atlas, we have an unwavering dedication to prototypical authenticity. Unless otherwise noted, every paint scheme that appears on a model we produce has been carefully researched and recreated to look exactly as it did on the prototype.

The ASMC is widely distributed and shared with thousands of dedicated Atlas consumer fans in accordance with their scale preference. This distribution is accomplished through targeted electronic messaging as well as via handouts at shows throughout the year. You can ensure that you receive the latest Atlas news and offers, in your preferred scale(s), delivered directly to your email inbox by visiting [www.atlasrr.com](http://www.atlasrr.com) and signing up for our email newsletter – the Atlas Insider.

Our latest announcements and arriving products will make you feel like you've found the pot of gold at the end of a rainbow! We're announcing brand new 53' Spine Cars in N scale along with C420 Locomotives and 3500 Cubic Foot Dry Flo Hoppers in both N and HO. We're also featuring Paired Window Coaches in HO and 45' Containers and 70 Ton Hoppers in O scale. You'll find all of these wonderful models and more inside, as well as arriving locomotives, rolling stock and track in all scales.

Sincerely,

Joe Kolnoski  
Vice President of Sales

**GUARANTEED PRE-ORDER DUE DATE: WEDNESDAY APRIL 18<sup>th</sup>, 2018**

## ATLAS MASTER® HO C-420 LOCOMOTIVE

Ordering: <https://shop.atlasrr.com/d-456-march-2018-ho-scale-pre-orders.aspx>

Monon\*

### DCC OPERATION FEATURES:

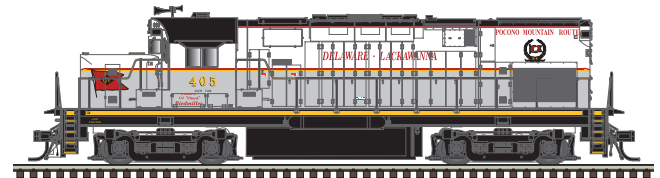

- Supports all DCC-programming modes
- Flexible mapping of function keys F0 to F28.
- A total of six DCC function outputs are available
- Follows all NMRA DCC standards and recommended practices.

### ANALOG (DC) OPERATION FEATURES:

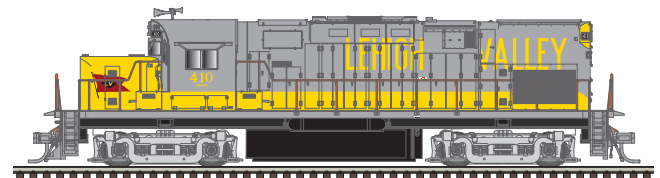

- The LokSound Select Dual-Mode decoder allows your Atlas Gold Series locomotive to be used on DC as well as on DCC layouts.
- Please note that the Atlas Quantum Engineer will NOT operate an Atlas Gold Series locomotive equipped with a LokSound Select decoder on an analog (DC) layout. However, the sound and lighting functions of the LokSound Select decoder in the Atlas Gold Series DASH 8 locomotive can be controlled by an easy-to-use basic DCC system
- Also note that on a DC-powered layout, a DCC and sound equipped locomotive (such as the Atlas Gold Series DASH 8) CANNOT be consisted with another locomotive that does not also have both DCC and sound. (This statement does NOT apply to DCC-equipped locomotives operating on a DCC layout.)

### SOUND FUNCTIONALITY FEATURES:

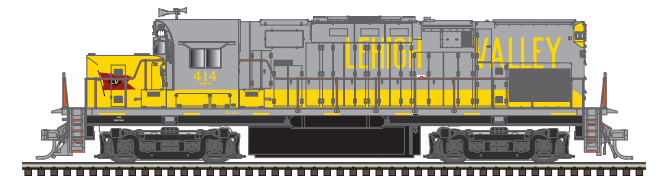

- Over 20 sound effects are available, including engine start-up and shutdown, prime mover sounds through all eight notches, bell, air horn, air compressor, dynamic brakes and more. There are 16 user-selectable horns, 2 user-selectable bells, and 2 user-selectable synchronized brake squeals.
- Manual and Automatic Notching modes with the ability to change modes "on the fly" are provided for true realism

*\*CSX Licensed Product*

*Two road numbers are available per road name, except for Chesapeake & Ohio and Peabody which each have four.*

# GOT TRACK?

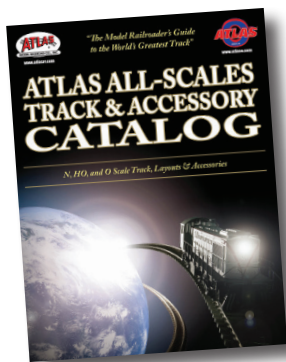

*(Don't let your fun get stopped short...)*

## ATLAS HAS PLENTY!

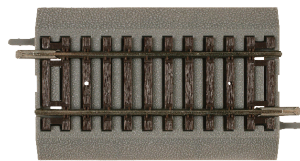

Whether you're finishing an existing layout, starting a new one, or just giving that trainset loop some extra pieces, Atlas has the 'right track' for you. The rugged plastic construction, nickel silver rail and U.S. prototype detail, assures longevity, maximum conductivity and accurate realism that guarantees your trains look good and keep running smoothly.

Atlas track provides industry leading **quality** at unequaled **value**, and our selection is so large we have an entire catalog devoted to it. HO and N scale track, in a variety of rail sizes, is fully stocked and ready to ship to you and your favorite Atlas authorized dealer now.

For more information, and the dealer nearest you, visit [www.atlasrr.com](http://www.atlasrr.com), or call 1-800-872-2521 and request a catalog of your own. And remember...*You're on the right track, (and trains) ...with Atlas!*

## ATLAS TRAINMAN® HO GP38-2 LOCOMOTIVES

The Dash 2 locomotive series, unveiled by EMD in 1972, featured significant changes, such as a solid-state, modular electrical control system and improved engine components designed to increase traction and reduce exhaust emissions. A reliable work-horse, the GP38-2 remains one of the most successful locomotives ever built. Most are still in service today. These prototypically accurate, fun-to-run models are now available from Atlas at your local hobby shop!
