ORDERING INFORMATION & TERMS

May 2018

Dear Model Railroader,

Welcome to the May 2018 Atlas ASMC consumer edition of product Announcements and Arrivals.

All Atlas products are tooled prior to the announcement and offering of that product to the marketplace. In other words, Atlas researches and decides on a project, makes a significant commitment in product development resources and tooling dollars, and only then offers it to model railroaders.

Prior to the start of supplier production, Atlas announces to authorized dealers, distributors and e-subscribers that we are nearing final production. This notification comes in the form of Atlas' All Scales Monthly Catalog (ASMC) which focuses in on the current month's planned and specified announcements and allows consumers to place guaranteed pre-orders with their local hobby shop for those specific products by a given date. If you need assistance finding a dealer near you, don't forget our Hobby Store Locator! Check out the locator at <http://shop.atlasrr.com/storeLocator.aspx>. You can also view and reserve products via Atlas' online store shop.atlasrr.com.

Here at Atlas, we have an unwavering dedication to prototypical authenticity. Unless otherwise noted, every paint scheme that appears on a model we produce has been carefully researched and recreated to look exactly as it did on the prototype.

The ASMC is widely distributed and shared with thousands of dedicated Atlas consumer fans in accordance with their scale preference. This distribution is accomplished through targeted electronic messaging as well as via handouts at shows throughout the year. You can ensure that you receive the latest Atlas news and offers, in your preferred scale(s), delivered directly to your email inbox by visiting www.atlasrr.com and signing up for our email newsletter – the Atlas Insider.

As the calendar turns to May and the Summer season begins, Atlas is here to make sure your model railroading needs are covered! We're announcing new paint schemes and road numbers on N scale GP40's and HO Dash 8-40 B locomotives. Thrall Gondolas and PS-2 Hoppers are being offered in HO & N, along with Maxi IV Well Cars and 53' Containers in O scale! You'll definitely want to check out our latest O scale structure releases - they're sure to bring your layout to life!

As you can tell from this month's cover photo, the long awaited Trainman® O scale Dash 8-40's are arriving this month! We apologize for the long wait - but it has been said that great things take time - and we're sure you'll agree that the Dash 8 is one of those great things! With improved features such as oscillating ditch lights, operating diesel exhaust smoke, 14 to 1 gearing, a grease port and more, we feel like these models are worth the wait! You'll find more details on these arrivals and more inside - including locomotives, rolling stock and track in all scales.

Sincerely,

Joe Kolnoski
Vice President of Sales

ATLAS MASTER® HO DASH 8-40B/BW & 32BWH LOCOMOTIVES

Ordering: <https://shop.atlasrr.com/d-469-may-2018-ho-scale-pre-orders.aspx>

New Paint Schemes

CSX* (ex-NS)

Providence & Worcester 4007

Albany & Eastern

Providence & Worcester 3906

FEATURES:

- Operating ditch lights (HO DASH 8-40BW/8-32BHW only)
- Realistic die-cast underframe
- Standard cab or gull wing cab as per the prototype (HO DASH 8-40BW/8-32BHW only)
- Five-pole skewed armature motor with dual flywheels for optimum performance at all speeds
- Directional lighting
- Factory-equipped with AccuMate® knuckle couplers
- Painted crew figures
- Separately-installed scale windshield wipers, metal grab irons and fine scale handrails
- Highly detailed coupler cut bars
- Multiple unit hoses and trainline hoses
- Snowplow
- Shock absorbers
- Piping on trucks

DCC OPERATION FEATURES:

- Supports all DCC-programming modes
- Flexible mapping of function keys F0 to F28.
- A total of six DCC function outputs are available
- Follows all NMRA DCC standards and recommended practices.

ANALOG (DC) OPERATION FEATURES:

The LokSound Select Dual-Mode decoder allows your Atlas Gold Series locomotive to be used on DC as well as on DCC layouts. Please note that the Atlas Quantum Engineer will NOT operate an Atlas Gold Series locomotive equipped with a LokSound Select decoder on an analog (DC) layout. However, the sound and lighting functions of the LokSound Select decoder in the Atlas Gold Series

**CSX Licensed Product*

BNSF

Union Pacific

Amtrak (Phase V)

Cotton Belt

Susquehanna

Santa Fe

SOUND FUNCTIONALITY FEATURES:

Over 20 sound effects are available, including engine start-up and shutdown, prime mover sounds through all eight notches, bell, air horn, air compressor, dynamic brakes and more. There are 16 user-selectable horns, 2 user-selectable bells, and 2 user-selectable synchronized brake squeals. Manual and Automatic Notching modes with the ability to change modes "on the fly" are provided for true realism.

**First Time with ESU Sound!
(Gold Models only)**

DASH 8 locomotive can be controlled by an easy-to-use basic DCC system. Also note that on a DC-powered layout, a DCC and sound equipped locomotive (such as the Atlas Gold Series DASH 8) CANNOT be consisted with another locomotive that does not also have both DCC and sound. (This statement does NOT apply to DCC-equipped locomotives operating on a DCC layout.)
