Holiday Items & Gifts in N, HO & O Scales

SPECIAL EDITION - HOLIDAY GIFT CATALOG 2020

PRE-ORDER DUE DATE: WEDNESDAY NOVEMBER 11TH 2020

Dear Model Railroader,

Tis the Season to start shopping! Summer is just turning to Autumn, and leaves are turning orange and yellow, but Atlas is already gearing up for the red and green of Christmas season! To that end, we have collected a selection of holiday inspired model railroading items for gift giving or simply to help you set the scene under your tree!

The pages within offer a selection of train sets and track starter sets, as well as scenic accessories and more for those of you who are ready to bring the world of miniature railroading around the Christmas tree. In N and HO scale, we're offering a surprise announcement of a new paint scheme on our 5800 Plastics Ho-Ho-Hopper. The Christmas graffiti on this car mimics the graffiti found on a prototype car spotted by an Atlas customer in Pennsylvania.

If you want to see your child's face light up brighter than the star on your tree, you're going to want Santa to bring them the Atlas Trainkids Passenger Train Set this Christmas. This battery powered set is easy to operate, fun to play with and is geared towards children aged 4 and up! (But that doesn't mean adults can't join in the fun as well. Don't worry, we won't tell.)

And finally - is it really Christmas if you're not donning an Ugly Sweater or drinking cocoa or egg nog from a festive holiday mug? Don't have them? We have you covered. Check out our brand new holiday apparel and drinkware offerings!

We hope that you enjoy the product selections on the pages within, and as always, thank you for your continued support of Atlas!

Happy Modeling & Happy Holidays,

Joe Kolnoski
Vice President of Sales

	50 005 645	DOWX 66122 "Christmas Graffiti Car" (Gray/Black)	\$34.95
TOTAL PIECES ORDERED			

The 5800 cubic foot covered hopper evolved from the earlier 5701 for transporting bulk plastic pellets. Most of these were acquired by private companies including leasing companies, chemical companies, oil companies and plastics companies. This particular model is based off of a real prototype spotted by an Atlas customer in Pennsylvania.

Features:

- Nine full-width panel body with ten weld seams
- Etched metal roof walks
- Ten 20" hatches and Pneumatic outlets (5800 Plastics)
- Transverse mounted air reservoir
- Continuous hatch and gravity outlets (5748 Grain)
- 100-Ton Roller Bearing Trucks
- AccuMate® couplers

AccuMate® couplers are made under license from AccuRail, Inc.

ABOUT THE PROTOTYPE

An Acela Express crossing a bridge in Maryland. Photo Courtesy of Amtrak

Since the year 2000 Acela trains have been zooming up and down the Northeast Corridor, delivering passengers to points like Boston, New York City, Philadelphia and Washington D.C. Traveling at speeds of up to 150 mph, the Acela is truly a way to ride in style, while still being able to see the countryside.
