BACHMANN

HOBBY CATALOG

BACHMANN **N** scale electric trains...

Bachmann N scale railroads offer more extras more innovations and more exclusive features to make your N scale pike the most realistic, most easily assembled, most enjoyable model railroad, anywhere! Here is one of the largest assortments of train sets ever

put together—in an astonishing variety of road names.

The colors and insignia are all authentic and each loco and car has the unbelievable fine detailing that have come to characterize Bachmann products.

offering more innovations than ever!

Included among the outstanding features of Bachmann N scale are:

- High traction, geared drive locos with operating headlights.
- Stable, weighted cars and easy-riding Delrin trucks with metal wheels.

- Solid nickel silver rail for more direct Power Flow and less cleaning.
- Choice of "snap-in" automatic, or portable re-railers.
- Bachmann's exclusive "Simplimatic" Plug-In wiring system.

NATURE CRAFT KITS

*Complete
paint-by number
plastic
scale model
assembly
kits*

BACHMANN brings you the thrill of life-like detailing

Each scale model kit is complete, ready-to-use and contains: (1) A life-like snap together model (2) A full paint set with brush and instructions (3) An easy-fit stand for displaying the unique finished model.

Nature Craft Kits incorporate the fascinating hobby of paint-by-number. The exclusive

BACHMANN paint set is an entirely different method of plastic model painting. The color pellets are customized to fit each model. The paint diagram sheet outlines the colors to be used and the instructions make it possible for the beginner to complete a colorful, realistic model the very first time!

BACHMANN . . . the oldest manufacturer of sunglasses in the U.S.A.

BACHMANN, of Philadelphia, originated in 1833, began as a manufacturer of products made of ivory horn, and tortoise-shell. The major portion of this business was the manufacture of high-back, Spanish type combs for the aristocracy of the south.

After the Civil War other types of hair ornaments and walking cane handles were made.

In 1902 BACHMANN began to make ladies side combs from celluloid, which was the first known plastic material.

The year 1912 saw the introduction of the first BACHMANN optical frames made of celluloid and referred to as "zylonite." In 1929 the optical sunglass line called "solarex" was born.

1950 saw BACHMANN's introduction into the hobby field with

their world famous "plasticville" scale building line for model railroading. Since that time the BACHMANN hobby line has grown to include N and HO scale electric trains, buildings and accessories; HO scale electric roadracing, miniature hand painted and decorated mini-planes; nature craft paint-by-number kits of birds, dogs and animals. Recently a complete hobby kit line of scale planes, tanks, helicopters and ships were added to the line.

BACHMANN is also proud of their growth in the sport goggle field carrying the world's most complete sport goggle line for hunting, skiing, fishing, cycling, boating and target shooting.

BACHMANN is now 139 years young. Our marketing experience and technical know-how keeps us

constantly aware of such necessary business ingredients as: Service, Quality, Profits for All.

Products of BACHMANN . . .

HOBBY PRODUCTS: HO scale electric trains, HO scale buildings and accessories, N scale electric trains, N scale buildings and accessories, O scale buildings and accessories, HO scale electric roadracing, Mini-Planes, Nature Craft Kits, complete hobby kit line.

SUNGLASSES: a wide variety of sunglasses for men, women and children . . . including polarized lenses, impact resistant lenses, mirror lenses, clips, slips and flips . . . all with attractive styling.

SPORT GOGGLES: Stein Eriksen ski goggles, Winchester shooting glasses, polarized fishing glasses and molded cycle goggles.
