Bachmann for '78. Join us and you'll be on The Right Track.

Here's Why: Let's start with our bright, new packaging. Colorful. Beautiful. Informative. Exciting. Bright in another important way, too. When a Bachmann package is flat out on a shelf, the message still comes through loud and clear.

America's top train illustrators have captured the fun of railroading in each and every painting. Nostalgia for dad...the promise of great fun for his kids.

And to that we add some very practical, exclusive features...like "Simplimatic" plug-in wiring. This exclusive Bachmann feature means no stripping, no screw drivers...and no crossed wires.

All Bachmann Locomotives have a Lifetime Limited Warranty*...the only one in the industry. Customer satisfaction means additional future sales. And Bachmann is always there to insure just that.

Bachmann's world famous Plasticville® buildings are a perfect complement to our unique Operating Accessories. Joining last year's favorites are the all new Blinkin' Bridge, The Cowardly Cow and The Stationmaster...the electronic talking station that includes a working microphone for announcing everything from Anaheim to Azusa to Cucamonga.

And let's not forget the introduction of Bachmann's Right Track Club with its free membership cards and official Bachmann Badges. Once a member, a Right Track Clubber will be eligible to buy our famous railroad posters, engineer caps, T-shirt transfers and bandanas at a fraction of their retail values. All these reminders will bring your original Bachmann customers back for more...and more...and more.

All in all it's a banner year for Bachmann...with quality since 1833. That's the year we started "On The Right Track." Please join us!
