Please note the following information:

During 2006 our N gauge products will be released on a 'quarterly' basis. These 'quarters' will refer to periods comprising:

January - March (1st) : April - June (2nd) :

July - September (3rd) : October - December (4th).

You will therefore see the following symbols marked against some products.....

1

2

3

4

and they refer to the above 'quarterly' periods.

Ready to Run 'N' Locomotives

M7

All M7 models are fitted with NEM type coupling pockets with interchangeable decorative 'chain/shackle' coupling.

Electronic 'OO' Sound Sheds

These Dapol 'Sound Sheds' add realism to any 'OO' layout.

Featuring actual sounds taken from the trackside, they are easy to install and operate by sensing the change in ambient light every time a locomotive passes the two sensors hidden inside of the Platelayers Shed.

They operate for between two and five seconds (depending upon chosen sound) and then automatically reset during a period of thirteen seconds.

There are four sounds to chose:

DSS - 01 : Steam Locomotive pulling a rake of carriages

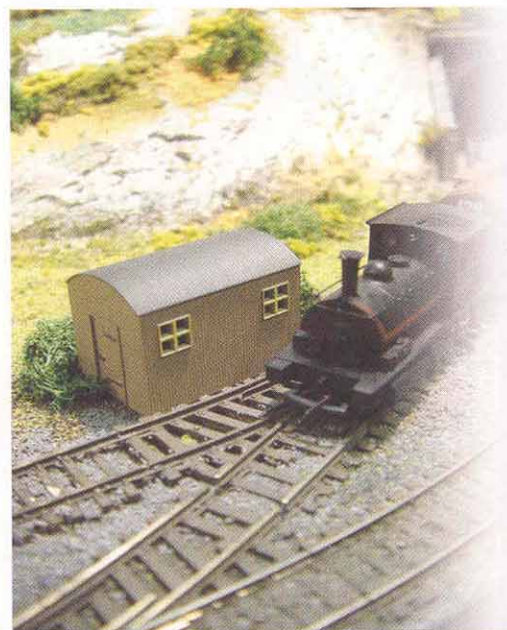

DSS - 02 : Diesel Locomotive pulling a rake of wagons

DSS - 03 : Steam Locomotive whistle

DSS - 04 : Diesel Locomotive two-tone air horn

The simple installation method is:

- 1) Position Shed next to track**
- 2) Connect wires to 12v DC terminal on controller**
- 3) Operate Locomotive**
- 4) Listen to sound!**

Spares - '00' and 'N'

Special Commission Wagons

Dapol are able to provide you with a wide range of 'Special Commission' wagons in both 'N' and '00' gauges. The minimum order quantity is just 100 units and completion time is about 12 weeks.

In the past these have been used for a variety of purposes.....

- * **Fund Raising**
- * **Commemorative Occasions**
- * **Retail shops as unique 'Own Brand' etc**

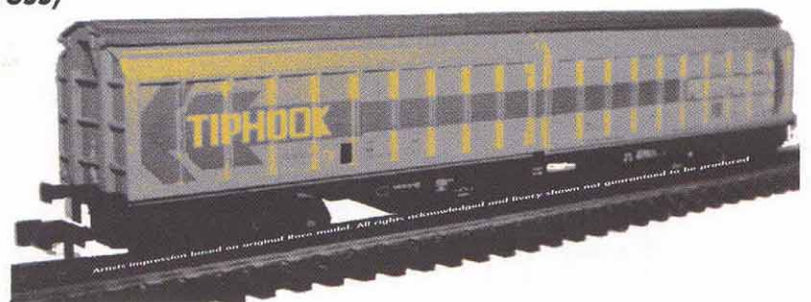

All products are made in the UK in the Dapol Factory.

Please contact us, by either telephone or e-mail, if you wish to have more information.

Late Breaking News.....

Just before our catalogue went to press, we decided to add another new wagon into our range. We are pleased to announce that the 'FerryWagon' will be produced in N gauge and that it will be released during 2006 using a variety of liveries.
