BRITISH N GAUGE SOCIETY Scales and Measurements**

Ratio.....	1:148	Scale 2.042mm - 12"
Buffer Height C/L.....	266"	Coupling Centre Line above track 0.171"
Wheels: Back to Back.....	0.290"	Flange Depth 0.035"
Flange Thickness.....	0.018"	Overall Width 0.085"/0.090"
Minimum Recommended Track Radius 9"		
Recommended Track Supplier: PECO LTD.		

**IMPORTANT NOTICE: All Measurements quoted are subject to  
Standard Engineering Tolerances +/- 0.002"****DEAL ONLY WITH AUTHORISED GRAHAM FARISH DEALERS - SUPPORT YOUR LOCAL STOCKISTS -  
THEY ARE HERE TO HELP YOU.****CUSTOMER SERVICE DEPARTMENT:** This Department provides Service, Repairs, Spares, and handles all Guarantee Work direct from the Factory. **Please remember that any Locomotives returned under guarantee must be accompanied by the Guarantee Card.****IN CASE OF DIFFICULTY:** Those Customers living in remote areas or who have been unable to obtain supplies locally should write or Telephone the Factory Direct for their requirements. (VISA, ACCESS, SWITCH and BARCLAYCARDS ACCEPTED). When Writing, Telephoning or Calling please clearly identify not only the Vehicle Type, but also the Livery Version concerned, preferably by using the Catalogue Number.

WE REGRET THAT, ALTHOUGH WE HAVE A RECEPTION FOR VISITORS WISHING TO PURCHASE GOODS OR TO MAKE ENQUIRIES REGARDING SPARES AND SERVICE, TOURS OF THE FACTORY ITSELF ARE NOT IN FACT POSSIBLE.

JOIN THE 'N' GAUGE SOCIETY. This lively and friendly National Society has many Area Branch Groups all over the Country. Excellent Journals for Members, Helpline, Library, Club Meetings, Members Shop, Great Value for money. Full Details on request with Stamped Addressed Envelope please, from Gratar Limited.

ALL LINES (except where indicated for Despatch Packing reasons), may be ordered in Single Boxes as required.

**COLOUR CODE LETTERS ON THE TRADE ORDER FORM**Regional Codes show at left of 'Type' panel.

MAGNUM LAYOUT DESCRIPTIONS****CAT. No. 9709 - 9769** These are various sizes of MAGNUM LAYOUT TABLE FRAMES. Designed to be both strong and sturdy, it is quick and easy to assemble and dismantle requiring neither nails nor screws. (See Main Brochure).  
The 33 inch height clearance allows easy access for Disabled Modellers in conventional wheelchairs.**CAT. No. 9730 - 9760** These are various sizes of MAGNUM LAYOUT BOARDS. All are illustrated in the Magnum Layout Leaflet. Each comes complete with colour printed Layout Plan mounted on its sturdy baseboard together with matching background scenery. Fully fitted with PECO SETRACK and STRAIGHTLINE, all the track and points are laid and the wiring installed at the Factory. This elaborate Magnum Layout is then despatched CARRIAGE FREE (UK ONLY) by GRAFAR LIMITED, direct to the Customer's Home. It couldn't be easier!**CAT. No. 9732 - 9762** These are GIANT Building Packs for each Magnum Layout version. Each contains ALL of the Buildings, Building Kits and Trees needed to complete the superb Magnum Layout as illustrated in the Main Brochure. The Patented SCENECRAFT Building Kits are designed to be both easy to build and fun to make - and they look good too! Despatched CARRIAGE FREE (UK ONLY) direct to the Customer's Home.**IMPORTANT NOTE:** Magnum Layouts DO NOT INCLUDE Locomotives, Rolling Stock or POWERBOX 300 Controllers in any of the CAT Nos. 9730 - 9760, since these are entirely to the Customer's separate choice from the very large GRAHAM FARISH range available. ASK TO SEE THEM AT YOUR LOCAL DEALER.**MAGNUM LAYOUT DELIVERIES** Depending on the time of the year and demand, you should normally allow a MINIMUM of Three Weeks, and a MAXIMUM of Eight Weeks for Delivery of Magnum Layouts from Date of Confirmed Order. To avoid disappointment, please order in plenty of time - especially for Birthdays, any Social Occasions, Retirement Day Presentations and particularly Christmas presents.**PLEASE ALWAYS CHECK WITH OUR FACTORY FIRST, FOR CURRENT DELIVERY DATES. ## ★ 0997 MAIN CATALOGUE PRINTING ERROR NOTES

A) The illustration shows the withdrawn Executive Livery version (Cat. No. 8126) of the HST 125, which is no longer available. The correct illustration should be of the Blue/Yellow livery version.

B) Motor Chassis 1809 is incorrect, and duplicates 1809; 1809 is not, therefore illustrated. We apologise for these errors in assembling the Catalogue pictures. This will be corrected by the Printers as soon as it is possible to do so.

C) On Page 2 of our Main Brochure, we illustrate product numbers: 1444 GWR Castle Class Mainline Tender Locomotive and the 1446 GWR Castle Class Mainline Tender Locomotive. CORRECTION: The locomotive illustrated as 1446 is in fact Cat. No. 1444 GWR CASTLE CLASS 'WINCHESTER CASTLE'. The locomotive illustrated as 1444 is in fact Cat. No. 1446, BR CASTLE CLASS 'CLUN CASTLE'. BUT in this case, the tender supplied is the BR Tender NOT the Great Western Tender shown.
