HO Cornerstone® Golden Dragon
Chinese Take Out - Kit pg 5

No tricks, just lots of treats in our October Walther's Flyer! We have so many arrivals, new product introductions and great deals inside it's almost scary!

Start your holiday shopping on the right track with our gift guide beginning on page 12, then create a personalized wish list online at walthers.com! Be sure to check out the new look and features of our Web page too.

Give a gift that keeps on giving with one of our three HO Name Trains! Read more about the all-new Metroliner (page 21), Amfleet cars (page 17) and C&O Pere Marquette (page 11) in this issue.

From supplies to inspiration and ideas, nothing beats a current Walther's Reference Book. These go anywhere, use anytime resources are packed with photos, information and much more including special surprises for 2013. Both the 2013 HO and N&Z Editions are available now. A great stocking stuffer, read all about them on the back cover of this issue!

With exciting announcements for Walther'sProto, Walther'sMainline and Cornerstone products, don't miss this month's Flyer Firsts, starting on page 4!

Helping you enjoy your hobby has been the key to Walther's success from day one — and we thank you for your support over the past 80 years. Please join us in saluting our dedicated team members who are still ready to help with the right products, helpful hints and more during Customer Service Week October 1-5! We look forward to speaking with you, it's our pleasure to serve you and the model railroad community.

Find out more about these new models at walthers.com, by calling us at 1-800-487-2467 or visit your participating hobby shop to reserve any new product in this issue.

Happy Modeling!

Phil Walther

TREASURE SEEKERS

Discover items from the past and rare finds at the Antiques Barn. Set beside the tracks on a country road, the barn is a favorite stop for the locals and visitors from all around the country.

It's easy to bring activity to rural areas along your railroad with a simple scene like this one. The Antiques Barn comes complete with all signage. WalthersProto boxcars and cabooses are fully assembled and ready to run. Finish the scene with your choice of vehicles, figures and "antiques" available in this Flyer and at walthers.com.

A Note on Availability

At Walthers, we strive to provide you with the widest variety of product possible. In order to achieve this goal, we maintain significant inventory on site. Despite our best efforts to have every item you could possibly need in house at all times, it is not realistically possible to do so. For your convenience, we do our best to promote items that are in stock and to clearly label other items—those that are new and available for Advance Reservations or items that are low in stock and have Limited Quantities Available when the Flyer goes to press. At times, we experience a quick sell out on a particular item or unexpected demand for an item that we believed to have sufficient stock in house. In many cases, items can be back ordered for future delivery. In other cases, we are unable to secure more of a particular item. For the most up to date availability information, we encourage you to check walthers.com, email us at custserv@walthers.com or call our Customer Service Team at 1-800-4-TRAINS. The 'Find It' feature on our website will help you find a Dealer in your area that may still have stock available for the item you desire.

Please know that we appreciate your support of both Walthers and your Local Hobby Shop. We are committed to making this Flyer a valuable part of your model railroading.

New from Roof to Rails

WALTHERSPROTO™ AMFLEET I & II CARS

*You asked and Walthers delivers with completely new
Amfleet I and Amfleet II Coaches and Food Service cars in HO Scale!*

To upgrade its elderly fleet of cars, some in service since the late 1940s, Amtrak took delivery of its first all-new Amfleet I cars in 1975 for inter-city service in the close clearances of the eastern US. Based on the Budd-built *Metroliner*, nearly 500 coach and food service cars were delivered by 1978. Starting in 1981, new Amfleet II coaches and lounges were introduced especially for long-distance trains. Both types are still in service today!

With models of four car types to choose from, including the Amfleet I 84-Seat Coach and Amcafé as well as the Amfleet II 59-Seat Coach and Lounge cars, you can easily mix and match equipment to create a custom train for your railroad, or model a specific consist for operation or display.

For additional Amfleet photos visit
walthers.com/amfleet

Like the prototypes, these models are totally new from the rooftops to the rails and come fully assembled, ready for service with:

- New Body
 - Correct Profile
 - Finely Detailed Corrugations
- New Trucks
 - Factory-Lubricated Inside Bearings
 - Brake Shoe & Other Details
- Highly Detailed Underbody Equipment
- Centersill & Cross Bracing on Underframe
- Real Metal Finish Simulates Stainless Steel
- Factory-Installed Grab Irons
- Paint Color-Matched to Amtrak Standards
- Window Gasket Details
- Prototypical “Smoked Glass” Windows
- Car Number Decals
- LED Lighting Kit Available Separately
- Correct 36" Turned Metal Wheelsets
- Proto MAX™ Metal Knuckle Couplers

Did You Know?

Test fitting parts will make for a more precise assembly and a nicer model.

Smaller items may need to be positioned temporarily. For best results, try a temporary adhesive. These allow you to install the part on your model, make any modifications and remove it. This is great for fragile items that should be installed last to prevent damage, items that you may wish to paint separately, or things like roofs that can be made removable.

PROTO 2000® In Stock

Soundtraxx® Tsunami® Sound & DCC \$299.98 | Standard DC \$199.98

PROTO FASTFACTS™

As computer technology advanced in the 1980s, EMD took a major step forward with the introduction of the new GP60. Directly behind the cab, a trio of onboard microprocessors regulated and ran various systems, replacing complex wiring circuits and relays. Coaxing 3,800 horsepower from its 16-cylinder 710G3A prime mover, the four-axle GP60 was well suited for fast freight service and was often seen on the point of priority trains when new. While the GP60 proved the advantages of computer control, potential buyers were more interested in six-axle power, and EMD focused its development efforts on the bigger units. For now, the GP60 may be the last in a long line of geeps.

Your 'Must Have' Resource for Information and Inspiration

Usable. Collectible. Invaluable.

For 80 years, Walthers has been committed to the fine tradition of model railroading.

The annual Walthers Reference Book is a 'must have' for model railroaders – those with years of experience as well as those just getting started.

It is a usable, collectible resource.

Don't just take our word for it...

"For most any model railroad project I work on, I turn to one of the Walthers Reference Books. Walthers Reference Books have been an important resource for me, especially when planning modeling projects. While the Internet is a great tool for finding information, it works best if you already know what you are looking for. With the printed Reference Book, you can easily browse selections of products, which can be great for generating ideas. Many times over the years I've started looking for one thing, only to find something better just a few pages away, which ultimately makes a better finished model. The Reference Books are a great modeling tool."
