ON THE COVER

Fresh from a major overhaul and a trip through the paint shop where it's also been renumbered, one of UP's hard-working SD45s is ready to start a new chapter of its long career. Featuring railroad-specific details, authentic paint, and available with Tsunami® sound for use on DCC or DC layouts, turn to page 8 for the complete list of roadnames and features.

WELCOME

The weather isn't the only thing that's hot this month! Check out the latest new product announcements, great prices and super deals to make your summer modeling sizzle in this issue of Walthers Flyer.

Expand operations on transition era layouts with the new WalthersMainline® 40' Stock Cars and 36' 2-Bay Hoppers! Perfect behind steam or diesel power, see the complete selection of HO models on pages 6 and 7.

Increase your intermodal operations with the latest WalthersMainline 50' Front Runners with Trailers, shown on page 5. New Walthers SceneMaster™ 45' and 48' Trailers are also available separately, perfect for detailing highways, terminals and loading docks too. See the latest releases on page 5.

Detailed and affordable, the newest WalthersMainline 40' Plug Door Boxcars and Wood Chip Cars are a great way to bring variety to operations! Check out the latest roadnames on pages 6 and 7.

Take your freight car fleet to a new level of realism with the WalthersProto Sieco Pulpwood Flatcars, and Evans Coil Cars. Check out the latest roadnames now, on page 4.

Add more fun and variety to any HO starter set with the newest WalthersTrainline™ 40' Boxcars, listed on page 7 inside.

Find out more about these new models at walthers.com, by calling us at 1-800-487-2467 or visit your participating hobby shop to reserve any new product in this issue.

Happy Modeling!

Phil Walthers

Steam-Era Switching

An O-8-0 hauls a string of empties through the yard. Waiting for pickup on another track is a cut of mixed freight cars. Creating an action scene like this is easy with a combination of WalthersProto and WalthersMainline rolling stock. You can find just the right cars and locomotives for your railroad in this Flyer and at walthers.com.

A Note on Availability

At Walthers, we strive to provide you with the widest variety of product possible. In order to achieve this goal, we maintain significant inventory on site. Despite our best efforts to have every item you could possibly need in house at all times, it is not realistically possible to do so. For your convenience, we do our best to promote items that are in stock and to clearly label other items— those that are new and available for Advance Reservations or items that are low in stock and have Limited Quantities Available when the Flyer goes to press. At times, we experience a quick sell out on a particular item or unexpected demand for an item that we believed to have sufficient stock in house. In many cases, items can be back ordered for future delivery. In other cases, we are unable to secure more of a particular item. For the most up to date availability information, we encourage you to check walthers.com, email us at custserv@walthers.com or call our Customer Service Team at 1-800-4-TRAINS. The 'Find It' feature on our website will help you find a Dealer in your area that may still have stock available for the item you desire. Please know that we appreciate your support of both Walthers and your Local Hobby Shop. We are committed to making this Flyer a valuable part of your model railroading.

Shop now at walthers.com, call 1-800-487-2467 or visit your local hobby shop

MAKING RAILROAD HISTORY
WALTHERS PROTO™

THE SUPER CHIEF IS BACK!

Now with More Realistic Stainless Steel Finish

Santa Fe's finest comes to your layout in style with the latest HO Scale Super Chief. With a real metal finish simulating the patina of stainless steel, these cars look great in operation as a traditional consist, or combined with matching Walthers El Capitan equipment to model the post-1958 train. Like the prototypes, Walthers Super Chief will be moving fast! Don't miss out — visit your local hobby shop or walthers.com to pre-order these amazing new models today.

- Real Metal Finish Simulates Stainless Steel
- Prototypical Finish Color Matches El Capitan Cars
- Perfect for Modeling Combined Super Chief/El Capitan & other Santa Fe Trains
- Available with Factory Installed LED Interior Lighting
- Factory Installed Grab Rails
- Prototypically Accurate Window Tinting

WALTHERSPROTO

SAN FRANCISCO Chief

As Exciting as the City It's Named For!

The Affordable Way West!

In the summer of 1954, Santa Fe began offering direct Chicago-San Francisco service with its newest streamliner, the San Francisco Chief. Running on the southern main line between Emporia, Kansas, and Belen, New Mexico, the trip covered almost 2555 miles (4111.8k) — longest run on the ATSF and longest on a single railroad in the US — in just 47-1/2 hours.

With a mix of old and new streamlined equipment, the train proved popular from the start. Six train sets were needed to maintain the daily service that included a mix of baggage, mail and express cars, coaches, sleepers, the train's signature "Big Dome" lounges, and two different diners. A quick, convenient and affordable way to head west, the San Francisco Chief is still fondly remembered by many today.

Now Arriving - Pulling Power for Your Pere Marquette Name Train!

WALTHERS PROTO® FASTFACTS™

In service: 1945-1960s

Primary Assignment: Passenger Service

When EMD was given the green light to build new passenger diesels in early 1945, it unveiled an improved version of the successful E6, designated the E7. A pair of 567A prime movers now supplied power, rated at 2000 total horsepower. Most of the notable changes were seen on the body and included a new and much smaller bulldog nose, as well as a large, vertical louver or screen panels directly behind the cab doors. With big plans for postwar passenger service upgrades, orders for the new model began pouring in from railroads across the country. Among these was the Pere Marquette, which took delivery of two E7s for its new Pere Marquette streamliner in the summer of 1946. Based on their success, ten more were ordered during 1947-48, after the C&O took over operations.

EMD E7A - HO Scale

- Based on Units in Service 1954-63 with:
 - * Superb Paint & Lettering Matches WalthersProto Pere Marquette Cars
 - * See-Through Air Intake Grilles
 - * Painted Metal Grab Irons, Handrails & Lift Rings
- Available with **Tsunami® Sound for DCC & DC Powered Layouts**
- **Five-Pole, Skew-Wound, High-Torque, High-Efficiency Can Motor**
- **Helical Gears with 12:1 Ratio for Smooth, Ultra-Quiet Running**
- **Separately Controlled Mars Light, Headlight & Number Boards in DCC**
- **Correct 36" Wheels**
- **Easy Multiple-Unit Operation**

From refurbishing to repainting, some of the busiest facilities on any railroad were the car and loco shops. The need to frequently move equipment from one workstation to another, or between buildings created a lot of work for switch crews, and complicated track arrangements in tight spaces. Railroads solved these problems with transfer tables, large bridges that moved sideways between tracks to reach any point in the facility. Used throughout the 20th century, with a few still in service today, Walthers HO model comes ready to install in your railroad shop complex with great features that include:

- Assembled, Working Replica — Operate on DC or DCC Control
- Used at Locomotive, Freight & Passenger Car Shops
- Fits Steam, Transition & Modern Eras
- Perfect for Compact Spaces Just Like the Prototype
- Easy to Install
- Programmable Indexing for 48 Stops
- Durable Motor & Gear Drive as Used in Built-ups Turntables
- Bridge Measures 100 Scale Feet Long
- Working Cab & Deck Lights
- Amber Flasher for Modern Scenes
- Customize to Fit Your Shop with Add-On Extension #933-2969 (Sold Separately)

Working Cab & Deck Lights

Railroad Structures For Every Era

From fueling facilities to passenger stations to water tanks, it takes a wide variety of structures to keep a railroad running. Track-side buildings like those shown here add authenticity to your layout and provide lots of options for operations. Want more action on your railroad? Set up a series of stations for passenger stops, install a working turntable at the end of a branch line or add a freight house to handle a variety of products. Start with the structures shown here and find more at walthers.com.

HO Motorized 90' Turntable w/DCC Built-ups

* Participating dealers may be temporarily out of stock on some items in this flyer. Your dealer can immediately check the Walthers warehouse for availability and order any item shown in this flyer or in Walthers Reference Books using EXPRES® III, our Web site (www.walthers.com) or by calling Walthers toll-free number. All items, unless otherwise stated, were expected to be in stock prior to this publication being mailed. However, some items may be out of stock due to sales demand.

WALTHERS®

HOW TO ORDER

For fastest service, place your order on-line at **walthers.com**. You can also call **1-800-4TRAINs (1-800-487-2467)*** at any time — our regular business hours are Monday through Friday, 8:00 AM to 5:00 PM Central Time. After hours, you can place an automated order or leave a message. Phone orders must be charged to a credit card.

**If ordering from outside Canada, Mexico or the USA, please call (414) 527-0770 or fax this order form to (414) 527-4423, Attn: Consumer Sales.*

ORDER PAYMENT

For fastest service, order by credit card; we accept Visa, MasterCard, American Express and Discover. We also accept personal checks or money orders (sorry, no Euro Checks). Unless certified, checks over \$200.00 will be cleared before the order ships, which can take up to 10 business days. **Now accepting PayPal for online orders of in-stock merchandise.**

www.walthers.com

DISCOVER THE WONDERFUL WORLD OF MÄRKLIN & TRIX TRAINS

Märklin trains offer exciting railroad action with European flair. From colorful, reliable locomotives loaded with detail and performance features like Märklin digital control to easy-to-use C Track complete with built-in roadbed for set up anywhere, the Märklin model railroad system is a great start in the hobby. Trix trains by Märklin offer many of the same great features for two-rail DC systems.

Limited Quantity Available

Fast Check-Out Options at www.walthers.com!

Your Greatest Workshop Resource – Walthers Reference Books

In the Reference Book, every page is instantly at your fingertips – wherever you are!

It's the perfect workshop companion – comparing products from several manufacturers is as quick as turning the page. And ordering is as fast as picking up the phone.

Want to customize a locomotive? Turn to the Parts Section or refer to the extensive index to find the details you need. Adding a branch line? Open up the Track Section to check out turnouts and more. Need a little inspiration? Browse the Magic of Model Railroading photos for ideas.

Whatever project you're building, planning or dreaming of, working on your layout is easier every step of the way with a Walthers Reference Book at hand.

Turn to page 67 for details and to order your workshop copy now!

Hundreds of Pages, Thousands of Products, Unlimited Possibilities

From dreaming to planning to building, working on your layout is easier every step of the way with a new Walther's Reference Book. More than just a series of catalogs or collection of product listings, Reference Books have inspired generations of modelers. Whether you're just getting started or have been modeling for years, there's something for everyone in each new edition.

Take your model railroad to the next level with a 2014 Reference Book, a must have for your workbench, reference library or collection. Order your book today from a participating hobby shop, walther's.com, or call us at 1-800-4-TRAINS.

SAFETY FIRST

A great advance in railroad safety occurred with the introduction of the Sperry Rail Detector Car. Developed in 1928 by inventor Elmer Sperry, the cars used an electro-magnetic technique to detect hidden rail defects that could lead to catastrophic failures. This non-destructive testing method was much more reliable and faster than visual inspections in use at the time. Sperry Rail Service enhanced its capabilities with the addition of ultrasonic technology during 1949 and today the company is the largest provider of rail flaw detection services in the world.

Add this vital operation to your HO Scale railroad with these new Walthers models. Fully assembled and ready for service, the cars feature an improved power truck, reinforced frame, and a highly detailed body. Classic yellow paint jobs spanning the past 50 years and sharp graphics make these cars stand out as they roll across your layout.
