ON THE COVER

Bell ringing, headlight on full, a new crew checks their watches and reads their orders before notching out the throttle to keep the Empire Builder on schedule tonight. Old meets new as GN's flagship streamliner slips into the darkness behind a set of venerable F7s, fresh from the paint shop in the "simplified scheme." From the Big Dome days of 1955 to the bold look of Big Sky Blue, WalthersProto makes it easy to model one of the most beautiful trains in America. For a look at the newest F7s in the HO fleet, turn to page 26 now.

WELCOME

Down in the basement or out in the garden, you'll find lots of great new products, terrific savings and much more to grow your railroad, all in the May issue of Walthers Flyer.

May 10th is a special day here at Walthers as we begin our 82nd year of helping you make your model railroad dreams come true. As our way of saying thanks, we've got some great deals on popular Cornerstone kits, perfect for layouts big or small. The celebration starts on page 15 inside.

Plan a fan trip or a special event along your railroad with the new WalthersProto Union Pacific Heritage Fleet models in HO. Check out the great details on the all-new E9M A&B diesels, along with upgraded cars, on pages 4 and 5 for the first time in this issue.

Classic power, great price! Expand your collection of vintage diesels with the latest run of WalthersMainline DL109s in HO Scale. Check out all five schemes on page 6 inside.

Protect Pennsy freights with the new WalthersProto releases of the popular N6B Cabin Cars in HO. These railroad-ready models are packed with details and available with six new car numbers in various lettering schemes. Turn to page 7 for the complete selection.

Bring HO cities and industrial parks to life with three all-new Cornerstone kits. Take a look at our newest real estate listings starting on page 7.

Find out more about these new models at walthers.com, by calling us at 1-800-487-2467, or visit your participating hobby shop to reserve any new product in this issue.

Happy Modeling!

Phil Walther

BACKSTREET WARRIOR

Commercial and industrial areas stretch for miles along the mainline just outside the heart of the city. Switch crews keep busy working the many rail-served businesses on tracks running behind commercial buildings. During the steam era, businesses like retail coal dealers, fuel dealers, feed mills and lumberyards were regular stops for switch crews.

Locals, such as this one headed up by a workhorse O-8-O, keep cars moving between major yards and switch nearby industries. All day long they move from siding to siding, dodging mainline trains as they work. Here, along a busy Burlington Route line, the switch crew has just shoved a load of coal up the ramp at National Fuel Supply Co. as the remainder of its train rests on the industry switching lead.

MAKING RAILROAD HISTORY
WALTHERSPROTO

PERFECT FOR FAN TRIPS ON YOUR LAYOUT... UNION PACIFIC HERITAGE FLEET MODELS

A key part of Union Pacific's public relations programs, 48 historic passenger cars and three E9 diesels make up part of the famed Heritage Fleet. Many were originally purchased for the City streamliners, and have been carefully restored and updated to full operating condition. Today, they're finished in a modern Armour Yellow scheme, and the cars carry names of important cities, famous trains and key people in the railroad's long history. In service, these rolling goodwill ambassadors travel system-wide and beyond, behind UP's restored steam and diesel locos, to attend a wide range of public and special events every year.

A Note on Availability

At Walthers, we strive to provide you with the widest variety of product possible. In order to achieve this goal, we maintain significant inventory on site. Despite our best efforts to have every item you could possibly need in house at all times, it is not realistically possible to do so. For your convenience, we do our best to promote items that are in stock and to clearly label other items—those that are new and available for Advance Reservations or items that are low in stock and have Limited Quantities Available when the Flyer goes to press. At times, we experience a quick sell out on a particular item or unexpected demand for an item that we believed to have sufficient stock in house. In many cases, items can be back ordered for future delivery. In other cases, we are unable to secure more of a particular item. For the most up to date availability information, we encourage you to check walthers.com, email us at custserv@walthers.com or call our Customer Service Team at 1-800-4-TRAINS. The 'Find It' feature on our website will help you find a Dealer in your area that may still have stock available for the item you desire.

Please know that we appreciate your support of both Walthers and your Local Hobby Shop. We are committed to making this Flyer a valuable part of your model railroading.

Founder's Day Sale

Over 20 years ago the very first Cornerstone® structures appeared in Walthers HO catalog. Based on authentic American designs, these affordably priced kits and built-ups have grown to become a favorite of both HO and N Scale modelers. Today, there are more than 300 different buildings in stock with more coming! Thank you modelers for making Cornerstone so popular.

As we celebrate our Founder's Day, enjoy great deals on the models shown here. And, be sure to check out three brand new kits on pages 7-9. Want to see the complete Cornerstone selection? Go to walthers.com/cornerstone.

PROTO 2000 FASTFACTS™

Designed for branch lines, EMD's "Special Duty" series debuted in 1952 with the SD7, featuring the new three-axle Flexi-Coil truck with its powered center axle. EMD's new truck not only spread the weight, but the extra traction motors provided more starting power. Responding to demand for a more powerful version, EMD replaced the SD7 with the SD9 in 1954, equipped with the new 567C prime mover that delivered 1,750 horsepower. Except for placement of the class lights, the SD9 looked almost the same as the SD7. By the time production ended in 1959, 515 SD9s were in service on over a dozen railroads. Some are still going strong after 50+ years of service!

WALTHERSPROTO FASTFACTS™

Primary Assignment: Local and long-distance passenger service on Amtrak routes.

In Service: 1975 - Present

Amtrak took delivery of its first all-new Amfleet I cars in 1975 for inter-city service in the the eastern US. Based on the Budd-built Metroliner, nearly 500 coach and food service cars were delivered by 1978. Starting in 1981, new Amfleet II coaches and lounges were introduced especially for long-distance trains. Both types are still in service.

Build a Great Hopper Fleet

In use since the early days of railroading, hoppers are one of the most common cars on North American rails. Open tops or roof hatches allow fast loading while angled or sloped drop-bottom chutes quickly unload cargo.

Transport bulk commodities on your railroad with WaltherMainline hoppers. These beautifully detailed models feature razor sharp lettering, turned-metal wheelsets and Proto MAX™ metal knuckle couplers.

Model a Busy Downtown Street

Buildings tell a lot about your layout, especially a business district with its mix of shops and services. Retail areas have lots of activity and help set time and place. Modeling this important feature is easy with Merchant's Row kits. Each kit combines multiple stores into one space-saving structure. Add several together and you have a whole city block in no time. Use the kits separately for small town or neighborhood scenes.

Cornerstone quality combined with affordable prices and easy construction makes these kits popular with modelers of all skill levels. A variety of colorful signs are included. Personalize with your own paint, figures and other details to create a unique scene.
