### ON THE COVER

So that's how Santa is able to find the perfect gift for every train fan on his list! You can too when you start your holiday shopping with Walthers. You'll find dozens of ideas in this month's Flyer, starting with our annual holiday gift guide on page 18 inside. Be sure to check out Walthers Reference Books and [walthers.com](http://walthers.com) for additional ideas.

### ON THIS PAGE

The air might be crisp and cold, but there's a big warm hug waiting down the road in grandma's kitchen! Pretty soon we'll all be outside playing with our cousins and if we're really lucky, maybe a train will come by. Our newly updated Cornerstone snap-together structures make it easier than ever to model memories just like this on your own HO layout.

See the complete snap-together series starting on page 12 inside this issue. Grandma's house is a new WalthersTrainline kit (#931-901), coming soon.

## WELCOME

From our house to yours, warm wishes for a safe and Happy Thanksgiving. After that last piece of pie is gone, you'll need to make room on your layout for the great new products, must-have supplies and more, all in this issue of Walthers Flyer.

See you in Milwaukee November 8 & 9 for Trainfest®! America's largest operating model railroad show is bigger and better than ever. Lots of family-friendly kid's activities include Choo Choo Bob and the Holy Smokestacks review, special make & takes and more, plus you can meet with dozens of manufacturers – including Walthers at booth #1600. For details and directions, visit [www.trainfest.com](http://www.trainfest.com) today.

Family and friends will wish all their holiday shopping was this easy when you create a custom gift wishlist at [walthers.com](http://walthers.com)! Just sign in at [www.walthers.com/wishlist](http://www.walthers.com/wishlist).

Bring new motive power to your HO operations with the latest WalthersProto and WalthersMainline® HO locos. Complete details begin on page 4.

Tackle heavy snow in style with a new WalthersProto Russell Snowplow on your roster, one of many new HO cars you'll find inside starting on page 6.

Get more details on these new models at [walthers.com](http://walthers.com), by calling us at 1-800-487-2467, or visit your participating hobby shop to reserve any new product in this issue.

Happy Modeling!

### A Note on Availability

At Walthers, we strive to provide you with the widest variety of product possible. In order to achieve this goal, we maintain significant inventory on site. Despite our best efforts to have every item you could possibly need in house at all times, it is not realistically possible to do so. For your convenience, we do our best to promote items that are in stock and to clearly label other items—those that are new and available for Advance Reservations or items that are low in stock and have Limited Quantities Available when the Flyer goes to press. At times, we experience a quick sell out on a particular item or unexpected demand for an item that we believed to have sufficient stock in house. In many cases, items can be back ordered for future delivery. In other cases, we are unable to secure more of a particular item. For the most up to date availability information, we encourage you to check [walthers.com](http://walthers.com), email us at [custserv@walthers.com](mailto:custserv@walthers.com) or call our Customer Service Team at 1-800-4-TRAINS. The 'Find It' feature on our website will help you find a Dealer in your area that may still have stock available for the item you desire.

Please know that we appreciate your support of both Walthers and your Local Hobby Shop. We are committed to making this Flyer a valuable part of your model railroading.

MAKING RAILROAD HISTORY  
**WALTHERSPROTO.**

# **BUDD METROLINER ELECTRIC MULTIPLE UNIT**

**HO SCALE**

The Metroliner introduced America to high-speed rail service. The first units arrived for testing in the Pennsylvania's stainless, red and gray scheme with keystone logos. The Penn Central merger took place before the Metroliners were ready, and units were placed in revenue service sporting PC logos "patched" over the keystones. Various styles were used into 1971 when Amtrak assumed operations, replacing the PC markings with small cab logo patches of its own.
