Dear Friends,

Big or small, trains make the holidays magical. It can be as exciting as traveling by train to see family and friends, or just spending a quiet day at home getting the trains up and running once more beneath your tree. Of course nothing beats the fun of helping Santa deliver that perfect first train set for someone on your gift list, unless of course it's finding he brought something very special for your own layout or collection.

Once again, it's our pleasure to help with our Holiday Gift Guide in this issue. With everything you need to bring the magic of trains to your home, you'll find Christmas-themed starter sets, festive decorations, layout accessories, toys and much more.

We'd also like to extend a warm welcome to those of you just discovering model trains this season. To help you get started and grow in your new hobby, we invite you to visit us online at walthers.com. Click on the Resources tab and choose Getting Started in the Hobby. This special Web page is packed with helpful hints just for you, including tips on picking the perfect starter set and building your first railroad.

We are truly honored to have played a part in your family's hobby fun throughout the years, and look forward to serving you now and in the future as well. On behalf of everyone at Walthers, warmest wishes for a Merry Christmas and a healthy, happy 2015!

Phil Walther

A Note on Availability

At Walthers, we strive to provide you with the widest variety of product possible. In order to achieve this goal, we maintain significant inventory on site. Despite our best efforts to have every item you could possibly need in house at all times, it is not realistically possible to do so. For your convenience, we do our best to promote items that are in stock and to clearly label other items—those that are new and available for Advance Reservations or items that are low in stock and have Limited Quantities Available when the Flyer goes to press. At times, we experience a quick sell out on a particular item or unexpected demand for an item that we believed to have sufficient stock in house. In many cases, items can be back ordered for future delivery. In other cases, we are unable to secure more of a particular item. For the most up to date availability information, we encourage you to check walthers.com, email us at custserv@walthers.com or call our Customer Service Team at 1-800-4-TRAINS. The 'Find It' feature on our website will help you find a Dealer in your area that may still have stock available for the item you desire.

Please know that we appreciate your support of both Walthers and your Local Hobby Shop. We are committed to making this Flyer a valuable part of your model railroading.

We're Sorry!

In our haste to get the 2015 Reference Books out to you we made a small mistake – well, 31 of them to be exact. The month of December 2015 in our calendar insert is wrong – we mistakenly started the month of December 2015 on a Thursday, when it actually starts on Tuesday.

We'd like to correct our mistake by sending you a new month of December 2015 page to add to your calendar insert. Call Walthers Customer Service at 1-800-4-TRAINS (1-800-487-2467), or email us at custserv@walthers.com and we'll send you the corrected page. We're sorry for the inconvenience, but glad we can correct the situation before you make too many December 2015 plans!

Thanks for your understanding,
 –Your Friends at **WALTHERS**

MAKING RAILROAD HISTORY
WALTHERSPROTO

RUSSELL SNOW PLOW

HO SCALE

COMING THIS MONTH!
HO Scale | \$69.98 Each

WALTHERSPROTO FASTFACTS™

Built: 1920s to 1951 many still in service with several restored examples in museums.

Taking on winter's worst or dozing through the summer alongside the roundhouse, the Russell plow has been a fixture of railroad maintenance for well over a century. Combining a flanger, bucking plow and spreader into one efficient design, the Russell Company built its first wooden plows in Ridgeway, Pennsylvania in 1899, shifting to all-steel construction in the 1920s. Incredibly tough and efficient, many have lived long lives and are still in seasonal service with major railroads, as well as several museums.
