ON THE COVER

With a wave of his hand the brakeman signals a back up move to the yard switcher, and another caboose is safely tucked in for some much-needed rest. Carrying the markers on freights big and small for over 40 years, the 90700-series cars led long and colorful lives on the C&O. Available in four authentic schemes, modeling these hard-working cabooses is easy in HO Scale, using the newest WalthersProto models you'll find at walthers.com. Shown: 920-103157 and 920-103156.

WELCOME

In like a lion or out like a lamb, you'll find plenty of spring project ideas, exciting new products and special prices for the savin' o' the green in this month's Walthers Flyer!

Keep HO freight traffic moving with our all-new, WalthersMainline® 50' ACF Exterior Post Boxcars. Check out the list of first-run roadnames and features on page 4 in this issue.

From train set accessory to layout detail, you'll find lots of ways to add our newest assembled WalthersTrainline™ buildings to your HO railroad. Read more about them on page 5.

Day or night, you'll find lots of unique ways to detail layout scenes, structures and more during our annual Lighting Sale beginning on page 12.

Get more details on these new models at walthers.com, by calling us at 1-800-487-2467, or visit your participating hobby shop to reserve any new product in this issue.

Happy Modeling!

Phil Walther

MORE POWER TO YOU!

From the moment you hit the snooze button to the second you close the garage door, it would be hard to imagine starting your day without electricity! Behind the scenes, generating stations like Metro Power & Light work hand-in-hand with railroads to make sure there's power available at the flick of a switch. Modeling these busy operations is easy in HO Scale using Walther's Proto motive power like our new CSX GP30, Walther's Mainline 3-Bay Hoppers and the Cornerstone Metro Power & Light kit.

A Note on Availability

At Walthers, we strive to provide you with the widest variety of product possible. In order to achieve this goal, we maintain significant inventory on site. Despite our best efforts to have every item you could possibly need in house at all times, it is not realistically possible to do so. For your convenience, we do our best to promote items that are in stock and to clearly label other items—those that are new and available for Advance Reservations or items that are low in stock and have Limited Quantities Available when the Flyer goes to press. At times, we experience a quick sell out on a particular item or unexpected demand for an item that we believed to have sufficient stock in house. In many cases, items can be back ordered for future delivery. In other cases, we are unable to secure more of a particular item. For the most up to date availability information, we encourage you to check walthers.com, email us at custserv@walthers.com or call our Customer Service Team at 1-800-4-TRAINS. The 'Find It' feature on our website will help you find a Dealer in your area that may still have stock available for the item you desire.

Please know that we appreciate your support of both Walthers and your Local Hobby Shop. We are committed to making this Flyer a valuable part of your model railroading.

Light Up Your Layout

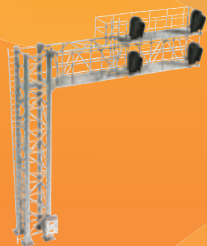

Create a realistic atmosphere on your layout with lights. From the bright interior of a busy retail shop to illuminated passenger cars running in the rain to crossing signals blinking their warning – lights are on day and night. So, light up your layout with the great selection of items available here and at walthers.com.

MAKING RAILROAD HISTORY
WALTHERSPROTO.

BUDD METROLINER ELECTRIC MULTIPLE UNIT

HO SCALE

The Metroliner introduced America to high-speed rail service. The first units arrived for testing in the Pennsylvania's stainless, red and gray scheme with keystone logos. The Penn Central merger took place before the Metroliners were ready, and units were placed in revenue service sporting PC logos "patched" over the keystones. Various styles were used into 1971 when Amtrak assumed operations, replacing the PC markings with small cab logos of its own.

Add More Realism and Improve Performance with New HO Trucks

From speedy Superliner to hard-working caboose, WaltherProto trucks add extra realism and improved performance to your car fleet in minutes. A quick and easy upgrade for older equipment, over 20 different styles are available to fit your favorite modeling eras. Passenger trucks feature metal sideframes with electrical pickups to simplify adding lighting, plus turned metal wheelsets. Freight car and caboose trucks have ultra-smooth rolling metal axles. Fully assembled and ready to install, they're easy adaptable to many different kinds of equipment too.
