JOURNEY THROUGH TIME ABOARD SANTA FE'S MOST POPULAR STREAMLINER

Busy car inspectors keep one eye on the clock as a fresh set of Santa Fe units ease down the platforms at Dearborn Station. A few minutes from now, they'll back down and take their place on the point of the westbound *San Francisco Chief*. Steel wheels protest against the concrete as baggage carts piled with luggage, express and mail are wheeled into place, waiting for the head-end cars to be spotted. Inside, the station concourse becomes busier and louder, as passengers and friends say their goodbyes ahead of the fast-approaching 4:00 PM departure time.

From its introduction in the summer of 1954, Santa Fe's newest streamliner was also one of its most popular and profitable. Passengers could find affordable seats in long-distance coaches, enjoy the luxury of a variety of Pullman sleepers, relax over a light snack or favorite beverage in the spacious "Big Dome" lounge, or enjoy a tasty meal served with elegance in the diner.

With 12 authentic cars and beautiful 37-Class F units in classic Warbonnet colors, plan a trip aboard your own *San Francisco Chief* with these authentic HO Scale replicas from Walther'sProto®. See the entire *San Francisco Chief* train on page 25.

Model favorite regional streamliners with our new Fallen Flags series

They were the tough competitors – railroads that met every challenge from start to finish. No matter where their tracks ran, their “can-do” attitude was as much a part of every train as the locos and cars. While their names gradually disappeared as the years passed, their spirit lives on in Walthers new Fallen Flags series in HO Scale.

Whether you’re modeling daytime coach trains or overnight limiteds, here are complete trains typical of the smaller streamliners these lines operated from the 1950s to the 1970s. Featuring WalthersProto® cars, with sleek WalthersMainline® Alco PAs on the point, our five newest streamliners are perfectly sized for operation or display.

A Note on Availability

At Walthers, we strive to provide you with the widest variety of product possible. In order to achieve this goal, we maintain significant inventory on site. Despite our best efforts to have every item you could possibly need in house at all times, it is not realistically possible to do so. For your convenience, we do our best to promote items that are in stock and to clearly label other items—those that are new and available for Advance Reservations or items that are low in stock and have Limited Quantities Available when the Flyer goes to press. At times, we experience a quick sell out on a particular item or unexpected demand for an item that we believed to have sufficient stock in house. In many cases, items can be back ordered for future delivery. In other cases, we are unable to secure more of a particular item. For the most up to date availability information, we encourage you to check walthers.com, email us at custserv@walthers.com or call our Customer Service Team at 1-800-4-TRAINS. The 'Find It' feature on our website will help you find a Dealer in your area that may still have stock available for the item you desire.

Please know that we appreciate your support of both Walthers and your Local Hobby Shop. We are committed to making this Flyer a valuable part of your model railroading.
