ON THE COVER

From passengers to priority freight, those new GE Dash-8 diesels are proving ideal for assignments that require speed and power! New from WalthersMainline, these handsome HO diesels are nicely detailed, affordably priced, and available in SoundTraxx® sound for DCC or DC layouts, as well as standard DC versions. Get the details on page 11.

WELCOME

Take a break from summer heat and humidity, with cool new products, great deals and more in this issue of Walthers Flyer.

Make summer "yard work" more fun with a new WalthersMainline® SW1 handling switching chores on your HO railroad. Check out the five newest schemes - each with two unit numbers on page 4.

Built tough, the WalthersTrainline™ GP9M Diesel is a great choice to power everything from HO train sets to display layouts. See five new schemes on page 5.

WalthersProto® offers six new Molten Sulfur Tank Car schemes and five new replicas of Russell Snowplows. Turn to page 5 for a first look.

Expand your HO fleet with WalthersMainline brand-new 40' AAR 1948 Boxcars and 53' NSC Stand-Alone Well Cars plus GSC Flatcars and new Walthers SceneMaster™ 32' and 40' Trailers. These new models start on page 7.

Modeling a subdivision in N Scale will be a fun project with two new postwar homes. Turn to page 9 now for a first look.

Detail an HO scene in seconds with cast-resin junked cars and scrap piles, available for the first time from Walthers SceneMaster. Turn to page 10 for pictures.

Find out more about these new models at walthers.com, by calling us at 1-800-487-2467 or visit your participating hobby shop to reserve any product in this issue.

Also, don't forget to stop by Walthers booth at the National Model Railroad Association National Convention in Portland, Oregon, August 23-29, 2015.

Happy modeling!

Phil Walther

A Bridge Across Time

My grandfather first brought me here years ago, sharing his "secret" photo spot, and the excitement of feeling the ground shake under the passing parade of 4-8-2s and 4-8-4s speeding merchandise and passengers. Now it's my turn to pass along those stories to my granddaughter. Sure, the equipment's changed, and the road updated the bridge a little, but the excitement of railroading... well, that will never change!

With parts to build a traditional steam-era bridge or a modernized version with the extra room to clear today's taller equipment (up to 3-1/16" 7.7cm tall), the new Cornerstone® Modernized Double-Track Railroad Truss Bridge, is an easy upgrade for an existing scene, or the perfect starting point for a new one. Read more about this great new model on page 14 inside.

A Note on Availability

At Walthers, we strive to provide you with the widest variety of product possible. In order to achieve this goal, we maintain significant inventory on site. Despite our best efforts to have every item you could possibly need in house at all times, it is not realistically possible to do so. For your convenience, we do our best to promote items that are in stock and to clearly label other items—those that are new and available for Advance Reservations or items that are low in stock and have Limited Quantities Available when the Flyer goes to press. At times, we experience a quick sell out on a particular item or unexpected demand for an item that we believed to have sufficient stock in house. In many cases, items can be back ordered for future delivery. In other cases, we are unable to secure more of a particular item. For the most up to date availability information, we encourage you to check walthers.com, email us at custserv@walthers.com or call our Customer Service Team at 1-800-4-TRAINS. The 'Find It' feature on our website will help you find a Dealer in your area that may still have stock available for the item you desire.

Please know that we appreciate your support of both Walthers and your Local Hobby Shop. We are committed to making this Flyer a valuable part of your model railroading.

Model favorite regional streamliners with our new Fallen Flags series

They were the tough competitors – railroads that met every challenge from start to finish. No matter where their tracks ran, their “can-do” attitude was as much a part of every train as the locos and cars. While their names gradually disappeared as the years passed, their spirit lives on in Walthers new Fallen Flags series in HO Scale.

Whether you're modeling daytime coach trains or overnight limiteds, here are complete trains typical of the smaller streamliners these lines operated from the 1950s to the 1970s. Featuring WalthersProto® cars, with sleek WalthersMainline® Alco PAs on the point, our five newest streamliners are perfectly sized for operation or display.
