ON THE COVER

From appliances to baby shoes, you'll find all kinds of high-dollar freight moving safely aboard the nation's newest boxcars. With increased carrying capacity and plenty of room for bigger, bolder lettering and logos, railroads are finding a lot to like in the American Association of Railroads 1944 standard design cars. Built by the thousands, these cars rolled everywhere carrying almost anything from the 1940s to the 1980s. Fully assembled, nicely detailed and affordably priced, you can upgrade your HO fleet just as easily with these new WalthersMainline models. Read more on page 15.

THE TOAST OF ANY LAYOUT

Skoal! Prost! Salut! No matter how you say it, the folks at Milwaukee Beer and Ale know how to celebrate their annual Oktoberfest Open House in style. For crews on the Milwaukee Road's famed "beer line" however, it's just another busy day switching cars in and out of the city's many breweries, bottling plants, grain elevators, warehouses and other support operations that line the tracks. Another Wisconsin product takes center stage for a few moments as a Beloit-built H10-44 shuffles past with a cut of heavily loaded boxcars in tow.

Fall is a perfect time to expand or add a new heavy industry to your railroad like the classic Milwaukee Beer and Ale in HO. Highly detailed and sized to fit most layouts, it's the perfect centerpiece of an action-packed switching operation, and easily served with a fleet of Walther's Mainline® 40' AAR 1944 Boxcars, hauling everything from grain to glass bottles. Turn to page 15 to read more about these great new models.

A Note on Availability

At Walthers, we strive to provide you with the widest variety of product possible. In order to achieve this goal, we maintain significant inventory on site. Despite our best efforts to have every item you could possibly need in house at all times, it is not realistically possible to do so. For your convenience, we do our best to promote items that are in stock and to clearly label other items—those that are new and available for Advance Reservations or items that are low in stock and have Limited Quantities Available when the Flyer goes to press. At times, we experience a quick sell out on a particular item or unexpected demand for an item that we believed to have sufficient stock in house. In many cases, items can be back ordered for future delivery. In other cases, we are unable to secure more of a particular item. For the most up to date availability information, we encourage you to check walthers.com, email us at custserv@walthers.com or call our Customer Service Team at 1-800-4-TRAINS. The 'Find It' feature on our website will help you find a Dealer in your area that may still have stock available for the item you desire.

Please know that we appreciate your support of both Walthers and your Local Hobby Shop. We are committed to making this Flyer a valuable part of your model railroading.
