ON THE COVER

Day and night, combines work the fields. Lines of trucks idle at local elevators. The rails hum with a steady parade of grain extras, dropping off empties and dragging out loaded hoppers. Harvest time is one of the busiest along the railroads and since 1977 many roads and private owners have been meeting the challenge with 55' Evans 4780 Covered Hoppers. Built to exacting WalthersProto standards and ready for service, our HO replicas feature see-through, etched-metal walkways, separately applied trough style hatches, applied grab irons, correct side braces, vibrator brackets and much more. Now available in five new schemes, read more about these must-have cars on page 4 in this issue.

A Note on Availability

At Walthers, we strive to provide you with the widest variety of product possible. In order to achieve this goal, we maintain significant inventory on site. Despite our best efforts to have every item you could possibly need in house at all times, it is not realistically possible to do so. For your convenience, we do our best to promote items that are in stock and to clearly label other items—those that are new and available for Advance Reservations or items that are low in stock and have Limited Quantities Available when the Flyer goes to press. At times, we experience a quick sell out on a particular item or unexpected demand for an item that we believed to have sufficient stock in house. In many cases, items can be back ordered for future delivery. In other cases, we are unable to secure more of a particular item. For the most up to date availability information, we encourage you to check walthers.com, email us at custserv@walthers.com or call our Customer Service Team at 1-800-4-TRAINS.

Please know that we appreciate your support of both Walthers and your Local Hobby Shop. We are committed to making this Flyer a valuable part of your model railroading.
