ON THE COVER

The sharp smell of fresh paint carries a long way in the crisp morning air. The familiar sound of a prime mover being coaxed to life, and a sudden whiff of diesel exhaust mean another loco has cleared the paint shop and will soon be back on the road. From the newest run of WaltherProto SD45s (including 920-41074 shown here) to the latest Cornerstone Motorized Turntables in three prototype sizes, you'll find plenty of ideas to start your fall modeling on the right track with Walthers. Find out more about the newest turntables on page 41.

BUILDING FOR TOMORROW

From forest to farmland to city suburb, this stretch along the railroad has seen a lot of changes over the years. Today, the area echoes with the sound of different kinds of diesels, as a once vacant lot is slowly being transformed into a new shipper for the railroad. A few months from now, a new siding will be cut in and the local will be busy making set outs and pickups every day. Fall is a busy time along any railroad, model or prototype, and we have plenty of great kits, ideas and accessories like those shown here to inspire your next project.

A Note on Availability

At Walthers, we strive to provide you with the widest variety of product possible. In order to achieve this goal, we maintain significant inventory on site. Despite our best efforts to have every item you could possibly need in house at all times, it is not realistically possible to do so. For your convenience, we do our best to promote items that are in stock and to clearly label other items—those that are new and available for Advance Reservations or items that are low in stock and have Limited Quantities Available when the Flyer goes to press. At times, we experience a quick sell out on a particular item or unexpected demand for an item that we believed to have sufficient stock in house. In many cases, items can be back ordered for future delivery. In other cases, we are unable to secure more of a particular item. For the most up to date availability information, we encourage you to check walthers.com, email us at custserv@walthers.com or call our Customer Service Team at 1-800-4-TRAINS.

Please know that we appreciate your support of both Walthers and your Local Hobby Shop. We are committed to making this Flyer a valuable part of your model railroading.

Bring back cruisin' on your streets

"Cruisin' and playin' the radio with no particular place to go" describes America's car culture from the 1950s through the 70s. An automobile equaled freedom, gas was cheap and driving up and down the strip was the ultimate teen pastime. Families loaded up their vehicles to explore the country via an ever-expanding highway system. Adding to the fun along the way, were plenty of drive-ins, gas stations, motels and other conveniences, many that are still in business today.

Whether it's your version of Route 66 or a local cruisin' route, it's easy to bring this era to life on your HO scale layout. Start with a variety of Cornerstone® kits, then add SceneMaster™ and Preiser figures.
