ON THE COVER

Some 60 years have passed since the final section of rail was spiked down and the new viaduct opened to traffic. Then as now, you'll find generations of railfans and photographers on hand to catch the daily parade of trains. From F units to the newest SD70ACe, change is as much a part of railroading as ties and rails. Modeling a blend of past and present on your HO layout is easy, with models like the Walther's Cornerstone Steel Railroad Bridge Tower, Steel Railroad Bridge Tower Bents, and Railroad Deck Girder Bridge kits plus Walther's Code 83 Bridge Track, along with the latest Walther's Mainline® SD70ACe locos. You'll find even more great ways to add life to any layout new or old in this issue!

The Mail Must Go Through

A slight haze of diesel exhaust hangs in the air as the switcher burbles back to the yards. From the platform, you can see busy clerks inside the Railway Post Office starting to sort mail and packages for towns along the line. A dark green truck from the Post Office eases up to the platform, doors slide open, and pouches of mail are transferred to the waiting baggage car. Passengers are also getting ready to go, heading out from the waiting room as the agent announces the next train will arrive – and depart – on time. Bringing an extra level of realistic detail and operation to your HO layout is easy with Walthers Cornerstone® and WalthersProto® rolling stock, including these models:

A Note on Availability

At Walther's, we strive to provide you with the widest variety of product possible. In order to achieve this goal, we maintain significant inventory on site. Despite our best efforts to have every item you could possibly need in house at all times, it is not realistically possible to do so. For your convenience, we do our best to promote items that are in stock and to clearly label other items—those that are new and available for Advance Reservations or items that are low in stock and have Limited Quantities Available when the Flyer goes to press. At times, we experience a quick sell out on a particular item or unexpected demand for an item that we believed to have sufficient stock in house. In many cases, items can be back ordered for future delivery. In other cases, we are unable to secure more of a particular item. For the most up to date availability information, we encourage you to check walther's.com, email us at custserv@walther's.com or call our Customer Service Team at 1-800-4-TRAINS.

Please know that we appreciate your support of both Walther's and your Local Hobby Shop. We are committed to making this Flyer a valuable part of your model railroading.

Introducing the **WALTHERSPROTO**

SANTA FE 1954 EL CAPITAN

An all-new version of a legendary name train

Santa Fe's *El Capitan* was the first choice for travelers between Chicago and Los Angeles, reaching new levels of luxury as a conventional streamliner in 1954 when the first "Big Domes" arrived. Capturing the spirit of the 1954 *El Capitan*, our newest HO name train includes four new cars – six authentic models in all – that later served on other Santa Fe streamliners. New 300-Class F7s in full Warbonnet® colors will also be available for an authentic model from start to finish.

Santa Fe 300-Class F7 Diesels – Based on post-1953 engines #300-305

- April 2017 Delivery for all models
- Limited edition – one-time run of these configurations
- Detailed to match post-1953 cosmetic upgrades featuring:
 - Vertical "Farr" type etched stainless grilles

- Door-mounted headlight & Mars light

Bring back cruisin' on your streets

"Cruisin' and playin' the radio with no particular place to go" describes America's car culture from the 1950s through the 70s. An automobile equaled freedom, gas was cheap and driving up and down the strip was the ultimate teen pastime. Families loaded up their vehicles to explore the country via an ever-expanding highway system. Adding to the fun along the way, were plenty of drive-ins, gas stations, motels and other conveniences, many that are still in business today.

Whether it's your version of Route 66 or a local cruisin' route, it's easy to bring this era to life on your HO scale layout. Start with a variety of Cornerstone® kits, then add SceneMaster™ and Preiser figures.
