ON THE COVER

Grandpa remembers seeing the first automobile in town growl down Main Street, but to younger Americans, oil has long been the life-blood of the nation. What most folks aren't aware of however is just how quickly and efficiently it moves from refinery to local oil dealers in three-dome tank cars just like these. Designed to provide a quick and economical way to move a variety of products per trip, cars like these were a common sight from the 1920s to the 1960s. Perfect for delivering petroleum products, they were also popular for moving chemicals, ink and similar bulk liquids. Expand your steam-or early diesel-era HO freight traffic in minutes with the latest WaltherMainline® 36' 3-Dome Tank Cars, now in stock for immediate delivery.

The *HEROES* of MODERN RAILROADING

Folks in the maintenance crews may be the unsung heroes of railroading. Whether the phone rings at two on a brutal winter morning with news of a broken rail, or a car rolls in at high noon on the Fourth of July with flat wheels, they grab their tools and head out to the job. Getting there is a lot easier these days and safer too, with a dedicated fleet of trucks big and small finished in white for added visibility on and off the right-of-way.

Expanding your contemporary HO fleet is easy with these new models, which come fully assembled and factory-finished in white. Decals for quick conversion to railroad maintenance service are included, but you'll also find trucks like this serving power, water and gas utilities, as well as many city, state and county highway departments.

Check out the complete selection for the first time on page 7 in this issue!

A Note on Availability

At Walthers, we strive to provide you with the widest variety of product possible. In order to achieve this goal, we maintain significant inventory on site. Despite our best efforts to have every item you could possibly need in house at all times, it is not realistically possible to do so. For your convenience, we do our best to promote items that are in stock and to clearly label other items—those that are new and available for Advance Reservations or items that are low in stock and have Limited Quantities Available when the Flyer goes to press. At times, we experience a quick sell out on a particular item or unexpected demand for an item that we believed to have sufficient stock in house. In many cases, items can be back ordered for future delivery. In other cases, we are unable to secure more of a particular item. For the most up to date availability information, we encourage you to check walthers.com, email us at custserv@walthers.com or call our Customer Service Team at 1-800-4-TRAINS.

Please know that we appreciate your support of both Walthers and your Local Hobby Shop. We are committed to making this Flyer a valuable part of your model railroading.

Introducing the **WALTHERSPROTO**

SANTA FE 1954 EL CAPITAN

An all-new version of a legendary name train

Santa Fe's *El Capitan* was the first choice for travelers between Chicago and Los Angeles, reaching new levels of luxury as a conventional streamliner in 1954 when the first "Big Domes" arrived. Capturing the spirit of the 1954 *El Capitan*, our newest HO name train includes four new cars – six authentic models in all – that later served on other Santa Fe streamliners. New 300-Class F7s in full Warbonnet® colors will also be available for an authentic model from start to finish.

Santa Fe 300-Class F7 Diesels – Based on post-1953 engines #300-305

- April 2017 Delivery for all models
- Limited edition – one-time run of these configurations
- Detailed to match post-1953 cosmetic upgrades featuring:
 - Vertical "Farr" type etched stainless grilles

- Door-mounted headlight & Mars light
- 36" dynamic brake fan
- 2 single-chime air horns
- Plated metal & painted finish
- Complete scale fuel tank with skirting, hangers, battery box & underframe detail
