ON THE COVER

That first real day of spring... the gray weeks of winter are forgotten in a matter of minutes once your coat comes off and the car windows go down! There's no better way to celebrate than sitting outside with a dish of fresh frozen custard, or a sundae... no, a Concrete Mixer.... It might be hard to choose a favorite among all those tasty treats, but our new Culver's® restaurant will sure be a favorite stop for hungry HO folks! Wisconsin's fast-growing restaurant chain now has stores in 24 states, and this licensed replica will look great in contemporary commercial areas. Get the scoop on the all-new Culver's on page 13 or online at walthers.com.

Mail by Rail

A postcard from the neighbors, a birthday card from far-away Minneapolis, colorful catalogs from the big mail order houses and even those ever-annoying bills... no matter what you find in your mailbox each day, the mail must go through! Behind the scenes on every day of the year, the nation's railroads and the Railway Mail Service keep it all moving.

For almost a century, "terminal railway post offices" as they were officially known were a key to speeding the movement of mail to and from the trains. These purpose-built structures were usually found a block or two from the main passenger station in major cities, and were a beehive of activity handling inbound and outbound mail of all kinds. A must-have for your period passenger service, the Cornerstone® Traskside Post Office kit makes it easy to build vital traffic for your HO lines too, and operations come to life in minutes with WalthersProto® cars and a WalthersMainline switcher on the job!

A Note on Availability

At Walthers, we strive to provide you with the widest variety of product possible. In order to achieve this goal, we maintain significant inventory on site. Despite our best efforts to have every item you could possibly need in house at all times, it is not realistically possible to do so. For your convenience, we do our best to promote items that are in stock and to clearly label other items—those that are new and available for Advance Reservations or items that are low in stock and have Limited Quantities Available when the Flyer goes to press. At times, we experience a quick sell out on a particular item or unexpected demand for an item that we believed to have sufficient stock in house. In many cases, items can be back ordered for future delivery. In other cases, we are unable to secure more of a particular item. For the most up to date availability information, we encourage you to check walters.com, email us at custserv@walters.com or call our Customer Service Team at 1-800-4-TRAINS.

Please know that we appreciate your support of both Walthers and your Local Hobby Shop. We are committed to making this Flyer a valuable part of your model railroading.
