ON THE COVER

This may be one of the few times you'll ever see EMD SD60s standing still! These durable diesels have been serving railroads of every size from their introduction in 1984 to the present day, and adding them to your roster is easy with the new Walther'sMainline models in HO. Choose the power you like best, with SoundTraxx® Sound for DCC and DC layouts, or Standard DC versions each featuring a proven Walther'sProto drive, plus newly tooled HT-C power trucks and sideframes. Read more about the affordable new SD60 and SD60M with Two-Piece Windshield on pages 10 & 17.

Growing More Business!

It's the kind of day when you can hear the corn and wheat growing and tonight won't be any cooler! Heat waves dance above the rails where sharp eyes keep a close watch for any sign of sun kinks and train speeds are reduced, just in case. For railfans, the slower pace allows time to set up for shots and admire these colorful cylindrical hoppers. Moving grain and other bulk products all across North America year 'round, WaltherMainline® 59' Cylindrical Hoppers are a must for HO layouts. Our next run features a variety of new roadnames, but don't wait to reserve yours at participating dealers because like summer, they'll be gone before you know it!

A Note on Availability

At Walters, we strive to provide you with the widest variety of product possible. In order to achieve this goal, we maintain significant inventory on site. Despite our best efforts to have every item you could possibly need in house at all times, it is not realistically possible to do so. For your convenience, we do our best to promote items that are in stock and to clearly label other items—those that are new and available for Advance Reservations or items that are low in stock and have Limited Quantities Available when the Flyer goes to press. At times, we experience a quick sell out on a particular item or unexpected demand for an item that we believed to have sufficient stock in house. In many cases, items can be back ordered for future delivery. In other cases, we are unable to secure more of a particular item. For the most up to date availability information, we encourage you to check walters.com, email us at custserv@walters.com or call our Customer Service Team at 1-800-4-TRAINS.

Please know that we appreciate your support of both Walters and your Local Hobby Shop. We are committed to making this Flyer a valuable part of your model railroading.
