WELCOME

Start your modeling on the right track this fall with the latest Walthers new products announced at the National Train Show, super prices and much more in this issue.

HO modelers are buzzing about our new UPS® series that includes two new Cornerstone® structure kits, 20 SceneMaster™ vehicles and a brand new set of figures. See the ad on page 4 inside and visit walthers.com/ups for more details.

We've made a great model even better. Check out the newest HO WalthersMainline® ML-8 Switchers, and the DCC versions now featuring an ESU control-only decoder on page 6.

Tackle N Scale switching chores of any size with the newest WalthersN™ SW1200 diesels. Turn to page 7 for a complete list of features and roadnames.

You've asked and WalthersProto® delivers an all-new HO model of the Jordan Spreader. See our first preproduction sample and check out the many features on page 8.

Bring your favorite modeling era to life in HO with the latest WalthersMainline freight cars, including newly-tooled 50' Exterior-Post Mechanical Reefers, Thrall Rebuilt 40' Well Cars and 39' Trinity 3281 2-Bay Hoppers. Listings start on page 9.

Build realism into your layout with the all-new Modern Shopping Center in HO and Central Beverage Distributors in N. Check out these Cornerstone kit listings on page 13.

Find out more about these new models at walthers.com, by calling 1-800-487-2467 or visit your participating hobby shop to reserve any product in this issue.

Happy modeling!

ON THE COVER

Industrial diesels have long been known for their bright corporate colors, used as both a safety measure and to promote the company. Along with the engine shown on this month's cover, we're rolling out five new Plymouth ML-8 paint schemes that make it easy to write a colorful chapter in the history of your railroad or heavy industry in minutes. Featuring amazing pulling power, great details and an affordable price, DCC models in this next run will be available for the first time with an ESU control decoder. See them for the first time on page 6 in this issue.

The need for speed

That's the last of 'em. Connectors locked, blue flags down, air test complete and with a highball to the head end crew, another intermodal train is outbound from this bustling terminal. From ship to shore to road to rail, speed and efficiency are the hallmarks of the folks who keep intermodal moving worldwide. From the first experiments in the 1950s, to the modern mile-long hotshots of today, intermodal traffic has always demanded the newest and best equipment available. No matter your modeling era, bringing the color and action to life is easy with Walthers products. Check out our growing selection of models in HO and N Scales at walthers.com, including the brand new WalthersMainline Thrall Rebuilt 40' Well Cars on page 10 inside!

A Note on Availability

At Walthers, we strive to provide you with the widest variety of product possible. In order to achieve this goal, we maintain significant inventory on site. Despite our best efforts to have every item you could possibly need in house at all times, it is not realistically possible to do so. For your convenience, we do our best to promote items that are in stock and to clearly label other items—those that are new and available for Advance Reservations or items that are low in stock and have Limited Quantities Available when the Flyer goes to press. At times, we experience a quick sell out on a particular item or unexpected demand for an item that we believed to have sufficient stock in house. In many cases, items can be back ordered for future delivery. In other cases, we are unable to secure more of a particular item. For the most up to date availability information, we encourage you to check walthers.com, email us at custserv@walthers.com or call our Customer Service Team at 1-800-4-TRAINS.

Please know that we appreciate your support of both Walthers and your Local Hobby Shop. We are committed to making this Flyer a valuable part of your model railroading.
