ON THE COVER

Your fireman confirms the signal ahead is clear. You nudge the throttle and the trio of E9s roar their approval as 7200 horses are set free once more. Despite the long train packed with winter travelers behind us, it only takes a moment or two to bring the *City of Los Angeles* back to speed and on time! Generations of folks along the Union Pacific mainline thrilled to the daily passage of the great train, hailed as the flagship of the famed Domeliner fleet. From powerful E9s, to signature dome cars, sleepers and wintertime coaches, our newest WaltherProto name train brings all the color and excitement of the prototype to your HO layout or collection! Turn to page 4 for your first look at the *1960s City of Los Angeles* in this issue!

Nothing *Finer!* Could be

The lead-gray skies and snow showers that plagued downtown Chicago yesterday are just a distant memory now. Warm sunshine floods through the glass, glinting off the polished silver on each neatly set table in the Dome-Diner's upper level. Your waiter brings you a breakfast menu and promises to return in just a moment with a steaming cup of fresh-brewed coffee. You admire the spectacular western scenery, but it's hard to concentrate with those wonderful aromas drifting up from the kitchen below! Business or pleasure, wintertime travelers in the 1960s made every trip an adventure aboard Union Pacific's famed *City of Los Angeles*. With a full selection of accommodations, passengers could relax in luxury sleepers or comfortable coaches no matter the weather. Now the great Domeliner can be part of your HO fleet, as we roll out the newest WaltherProto® Name Train, featuring 10 limited-edition cars and matching E9s, detailed as they appeared throughout the 1960s. Your journey begins on page 4 inside!

A Note on Availability

At Walthers, we strive to provide you with the widest variety of product possible. In order to achieve this goal, we maintain significant inventory on site. Despite our best efforts to have every item in house at all times, it is not realistically possible to do so. For your convenience, we do our best to promote items that are in stock and to clearly label other items—those that are new and available for Advance Reservations or items that are low in stock and have Limited Quantities Available when the Flyer goes to press. At times, we experience a quick sell out on a particular item or unexpected demand for an item that we believed to have sufficient stock in house. In many cases, items can be back ordered for future delivery. In other cases, we are unable to secure more of a particular item. For the most up to date availability information, we encourage you to check walthers.com, email us at custserv@walthers.com or call our Customer Service Team at 1-800-4-TRAINS.

WALTHERS® Layout Control System

Make the switch to Walthers for easy and affordable switch machine control!

Plug-and-play wiring eliminates splicing and soldering between the servo-based, slow-motion switch machine, power supply, LED pushbutton controllers and other accessories, each built tough for years of dependable operation.

User-friendly instructions and drilling templates are provided for easy installation on HO, N, Z, S or O Scale layouts using DC or DCC power.
