

FOUR NEW WALTHERS MAINLINE HO FLATCAR STYLES ARRIVING NOW!

SALE ENDS 12-15-18

WELCOME

Greetings!

It's my great honor and privilege to write my first Flyer letter to you, our loyal customers. As you may have heard, I recently took the throttle here at Walthers from my father, Phil. I'm extremely grateful for his service to our company and our industry, his steady hand, his guidance and counsel. I am also very grateful for the opportunity to serve the model railroad community and to steward our family business into the next generation.

Our family and our team are honored to have been a part of this great hobby for the past 86 years, and we look forward to the future with great expectations for what we can do together. We are all deeply committed to finding ways to help you have more fun and satisfaction with your hobby. We're also deeply committed to working with you to find ways to share our hobby with newcomers, to grow and expand our impact, and to share the benefits our hobby has to offer. In a world that seems increasingly disconnected, I believe we create meaningful connections through the work we do and the fun we have.

I wish you much success on your model railroading journey – and I'm happy we're on this route together.

Happy Modeling!

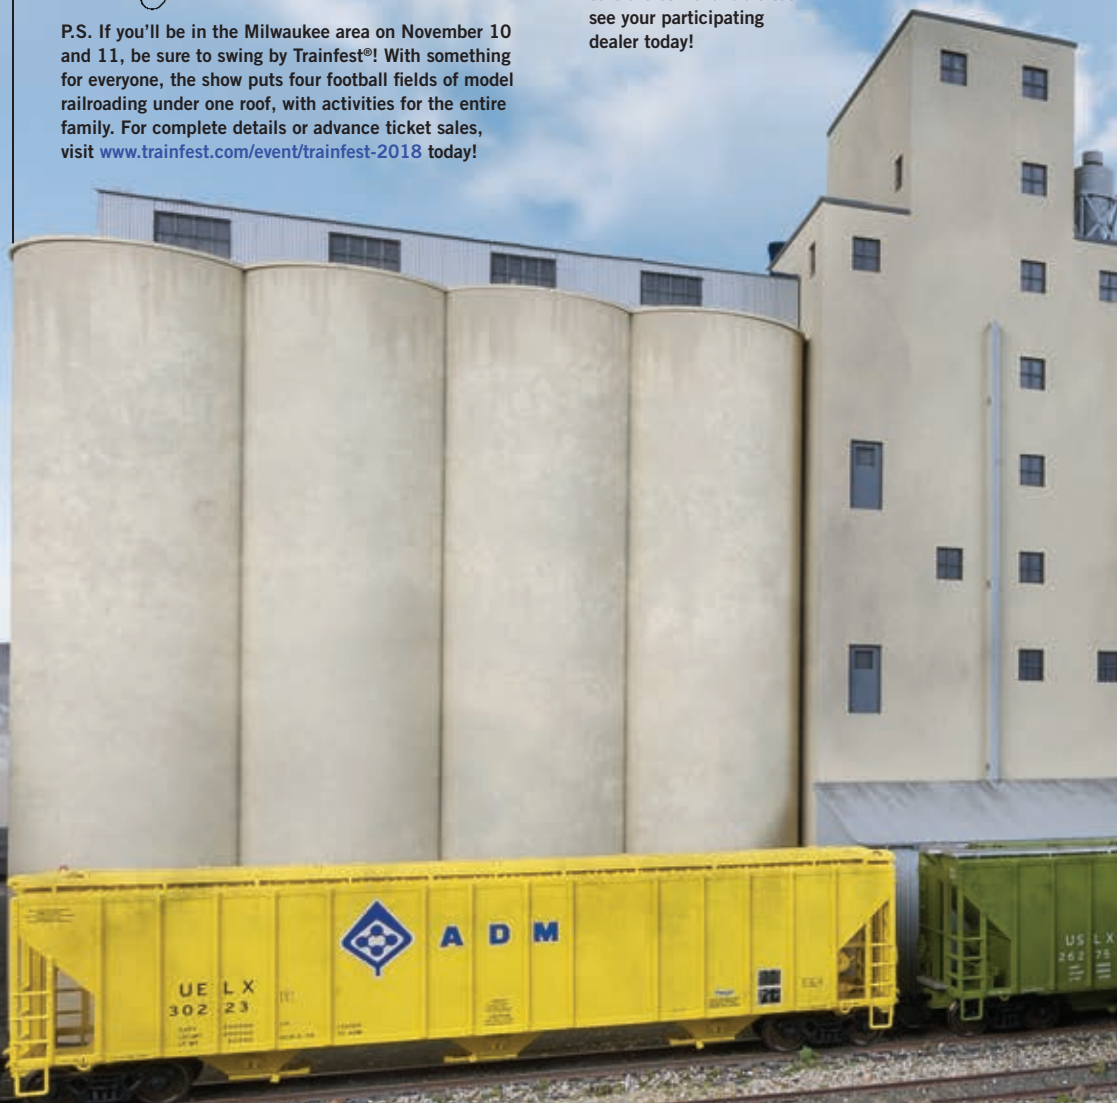

P.S. If you'll be in the Milwaukee area on November 10 and 11, be sure to swing by Trainfest®! With something for everyone, the show puts four football fields of model railroading under one roof, with activities for the entire family. ON THE COVER

Everything old is new again - especially on railroads where flatcars have been hard at work from the very beginning! As shipper's needs changed, flatcars changed right along with them, but the basic idea is still at the heart of every flatcar. Modeling that variety is easy with the new HO 60' Pullman-Standard Flatcars from WalthersMainline. Based on prototypes introduced in the mid-1960s and still going strong today, choose five different car types for general service, trailer loading, heavy equipment and container loading – plus new OTTX cars for farm machinery announced on page 7! Some first series cars are still available too - see your participating dealer today!

HARVEST HUSTLE

Deep in the milling district grain dust mingles with the late morning mist. With the car unloading process in high gear the crew shuttles the cars across the adjacent street where a very patient driver waits at the flashing signals to cross. Just a few years ago 40' boxcars were still delivering grain to these customers, but by the 1980s big cars like these 55' Evans 4780 Cubic Foot 3-Bay Covered Hoppers handle twice the payload in a single car and they're easier to unload! Highly detailed WalthersProto® HO Scale cars like these in a realistic setting among Cornerstone® structures and SceneMaster™ Crossing Flashers go a long way toward making your scene look just like the prototype. The new WalthersProto cars and WalthersMainline® switcher are in stock now, check them out inside! And don't forget, the SceneMaster Crossing Flashers are part of the Lights and Signals Sale on pages 24 and 25!

A Note on Availability

At Walther's, we strive to provide you with the widest variety of product possible. In order to achieve this goal, we maintain significant inventory on site. Despite our best efforts to have every item in house at all times, it is not realistically possible to do so. For your convenience, we do our best to promote items that are in stock and to clearly label other items—those that are new and available for Advance Reservations or items that are low in stock and have Limited Quantities Available when the Flyer goes to press. At times, we experience a quick sell out on a particular item or unexpected demand for an item that we believed to have sufficient stock in house. In many cases, items can be back ordered for future delivery. In other cases, we are unable to secure more of a particular item. For the most up to date availability information, we encourage you to check walthers.com, email us at custserv@walthers.com or call our Customer Service Team at 1-800-4-TRAINS.

Please know that we appreciate your support of both Walther's and your Local Hobby Shop. We are committed to making this Flyer a valuable part of your model railroading.

Build Business for your Railroad with the Cornerstone Brickworks Series HO SCALE

BRICKWORKS
933-4102 Kit \$44.98

AVAILABLE NOW!

Bring a compact, busy industry to your railroad with the Brickworks series, new in HO from Cornerstone! Typical of facilities operating from the 1880s to the 1990s and found in many locations, clay, sand and coal arrived in hoppers and gondolas, while finished brick and other products shipped to customers near and far in boxcars. With four authentic, highly detailed kits available, here's everything you need to model a complete operation from start to finish.

- New series makes it easy to model this classic trackside industry
- Typical of brickworks in operation from the 1880s to 1990s
- Four authentic structure & accessory kits sized to fit most layouts
- Mix & match kits to build a complete operation
