# Welcome to the Distinctive World of Woodland Scenics Quality Brands

A rewarding and creative experience awaits you. Simple, fail-safe products for any age and skill level ensure your success. Our commitment to your satisfaction inspires our innovation and fuels our determination to offer the best in quality-tested products.

Thanks to our creative customers who live in the dark-blue areas on the map, we continue to offer the most comprehensive collection of versatile, realistic and easy-to-use products on the worldwide market.

Visit our Web site to locate a retailer near you.

	<b>4-104</b>	<b>Figures &amp; Accents</b>	<b>42-57</b>
<b>Learning Aids</b>	<b>4-5</b>	Bring your layout to life with colorful scenes and tell its story with people, animals and detailed accessories.	
Learn to build a layout from start to finish! Manuals, videos and kits teach you all the easy techniques you need to make terrain and scenery.			
<b>Layout System</b>	<b>6-11</b>	<b>Vehicles</b>	<b>58-62</b>
Use the revolutionary lightweight foam layout system to easily design and create any layout.		Set a realistic stage with a wide selection of vehicle scenes..	
<b>Roadbed</b>	<b>12-13</b>	<b>Buildings</b>	<b>63-90</b>
Create the quietest, smoothest train operation for your layout.		Select from a wide range of structure options to satisfy your modeling preference.	
<b>Terrain &amp; Landscape</b>	<b>14-29</b>	<b>Scene Kits</b>	<b>91-93</b>
Easily create the most realistic scenery available! Everything mixes, blends and works together with natural colors, textures and dimensions.		Model a complete, detailed scene full of life, humor and interest.	
<b>Trees</b>	<b>30-40</b>	<b>Layout Kits</b>	<b>94-99</b>
Add color, texture, geographic perspective and realism to your project. Trees and tree-making products provide limitless possibilities.		Build an amazing layout. These complete kits apply easy techniques for professional results.	
<b>Ready-To-Go Products</b>	<b>41</b>	<b>Decals &amp; Graphics</b>	<b>100-103</b>
Take them home...out of the box...and set them directly on your layout! You will love these ready-to-go landforms, trees, buildings, figures, vehicles and more.		Choose from a variety of easy-to-apply dry transfer decals that include artwork, logos, railroad regalia, numbers and letters.	
		<b>Fasteners &amp; Lubricants</b>	<b>104</b>
		Build, maintain and fine-tune your model railroads, R/C cars and planes, and small household items with quality lubricants and machine fasteners.	

**SCENEARAMA®** **105-116**  
 Spark imagination and make learning fun with this line of products designed to help students create dioramas, displays and other A+ projects.

**PINECAR®** **117-134**  
 Build the fastest racer on the track with this line of easy-to-build car kits, weights, decals, tools and accessories.

2010

## See The Videos...Read The Books

Create your dream layout, diorama or display. There is no need for artistic talent. Our modeling systems are easy and fail-safe. From lightweight layout bases to sculpting any type of terrain and modeling realistic scenery, learning aids teach you everything you need to know about the modeling process and easily walk you through each and every step.

### **SubTerrain: Build a Layout Fast and Easy**

VHS ST1401 - DVD ST1400

**\$24.99**

See how to easily build a model railroad layout in five easy steps with the revolutionary SubTerrain Lightweight Layout System.  
*58 minutes*

### **The Clinic**

VHS R990 - DVD R970

**\$24.99**

Some of the best professionals in the model railroading business demonstrate terrain and landscape techniques to a standing-room-only crowd at a National Model Railroad Association convention.  
*75 minutes*

### **Model Scenery Made Easy**

VHS R993 - DVD R973

**\$24.99**

Watch and learn! This comprehensive video was produced to teach all modelers, from beginner to expert, the simple secrets of creating realistic model scenery.  
*60 minutes*

### **Build a Display for Collectible Houses**

VHS CH1056 - DVD CH1055

**\$19.99**

Learn step-by-step landscape and terrain modeling techniques to build collectible house showpieces to fit in any display area. One-hour video includes complete instructions.  
*60 minutes*

### **SubTerrain Manual** ST1402

**\$8.99**

This illustrated, how-to manual teaches you how to create the ideal lightweight layout for model trains using five easy steps. Over 200 illustrations and photos.  
*80 pages*

### **The Scenery Manual** C1207

**\$11.99**

The most popular model scenery resource in the industry! From the layout base to scenery to the final details, learn the secrets to using more than 600 products to model realistic layouts.  
*142 pages*

This warning applies to all products on this page.

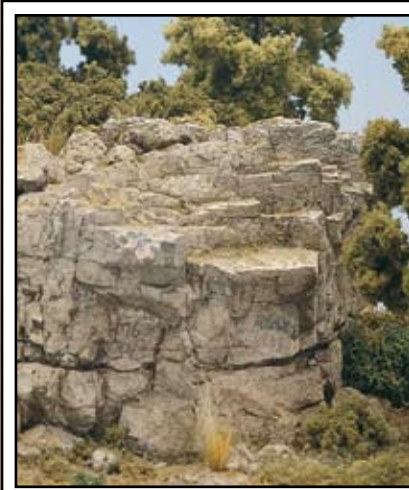

**WARNING:** Choking Hazard! Small parts. Not intended for children under 3 yrs.

## Learning Kits

These value packed tools are specifically developed to teach beginning modelers and other hobbyists how to use Terrain and Landscape Systems. Learn to sculpt terrain, cast, color and install rocks, landscape various scenes, create paved areas, make trees, model water areas and add those crucial finishing touches. These kits are packaged in see-through plastic for easy product visibility and can be resealed to use as storage.

Learning Aids

### Rock Faces

**LK951 \$14.99**

Modelers learn to cast, install and color realistic rock formations. The kit contains illustrated instructions, a heavy-duty rubber rock mold and enough of the following products to cast, paint and install four to five rocks: Lightweight Hydrocal\*, Plaster Cloth and Earth Colors Liquid Pigments.

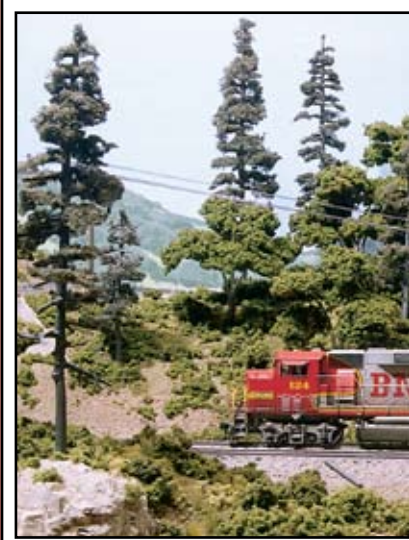

*\*Hydrocal is a product of US Gypsum*

### Road System

**LK952 \$14.99**

Modelers learn to easily add roads and other paved areas to any layout. The kit contains illustrated instructions and enough of the following products to build a roadway approximately 3 in. x 4 ft. long: Smooth-It, Paving Tape & Spreader, Asphalt Top Coat and Top Coat with Applicator.

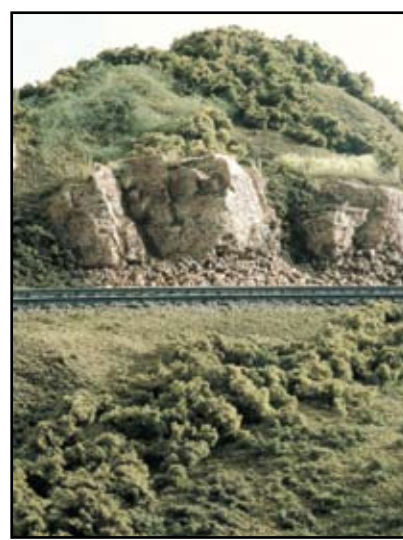

### Trees

**LK953 \$14.99**

Modelers learn to easily add trees to any layout. The kit contains illustrated instructions and enough of the following products to make 18 trees ranging in height from 3/4" to 8": Tree Armatures, Hob-e-Tac Adhesive and Clump-Foliage.

*Kit includes Patented Products*

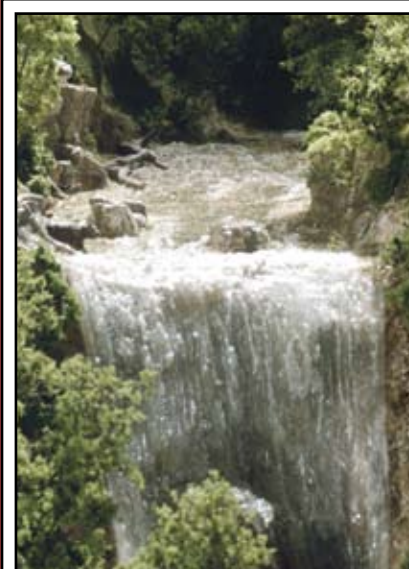

### Landscape

**LK954 \$14.99**

Modelers learn to create beautiful scenery by blending and texturing various types and colors of scenery products. The kit includes illustrated instructions and enough of the following materials to landscape a 2 x 2-foot surface: Earth Undercoat, Scenic Cement, Fine Turf, Clump-Foliage and Coarse Turf.

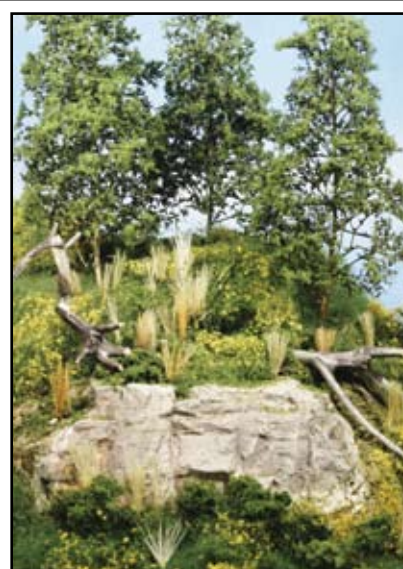

*Kit includes Patented Products*

### River/Waterfall

**LK955 \$14.99**

Modelers learn to create the illusion of water depth, make a river and a waterfall. The kit contains illustrated instructions and enough of the following products to model 2 1/2" x 9" river and a 2 1/2" x 4" waterfall: Earth Color Liquid Pigments, Realistic Water, Water Effects, Talus, Plaster Cloth, Green Blend Blended Turf, Scenic Glue and an applicator.

### Scenery Details

**LK956 \$14.99**

Modelers learn simple techniques to create detail on any layout. The kit contains illustrated instructions and enough of the following products to cover a 2 x 2-foot area: Dead Fall, Fine Turf, Bushes, Underbrush, Fine-Leaf Foliage, Field Grass, Flowering Foliage, Poly Fiber and Scenic Glue.

*Kit includes Patented Products*

# SubTerrain Lightweight Layout System

The layout building process has been revolutionized! Easily construct your model train layout using the most advanced foam system available. The innovative, high-density SubTerrain foam components are extremely lightweight and simple to use. Modeling with the SubTerrain system leaves no dusty mess and requires no previous experience, complicated calculations or expensive power tools.

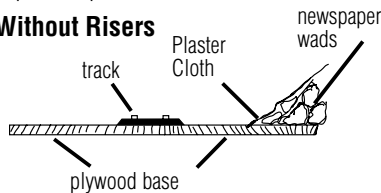

- **No Experience Necessary**
- **No Complicated Calculations**
- **No Expensive Power Tools**
- **No Dusty Mess**

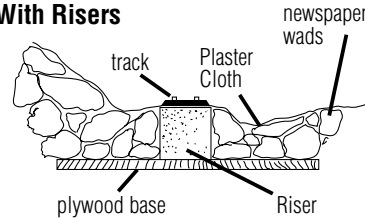

## Risers

High-density foam Risers are used to elevate track. With the surrounding areas now lower, modelers can quickly and easily create creek beds, ravines and other low-lying areas without the mess and inconvenience of expensive power tools.

### Without Risers

### With Risers

### What Size Do I Need?

Risers are available in 1/2", 3/4", 1", 2" and 4" heights. We recommend using at least a 2" Riser to elevate your track. This will provide moderate elevation for gradual relief, hills and creek beds. For a more dramatic landscape, use a 4" Riser to give you maximum elevation for steep relief, rivers and valleys.

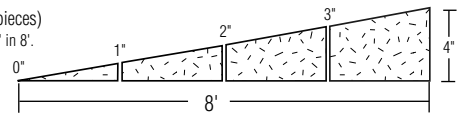

Generally, 1/2", 3/4" and 1" Risers are used in conjunction with Incline Starters.

## Incline Sets

change elevation

### 4% Incline Sets (4 pieces)

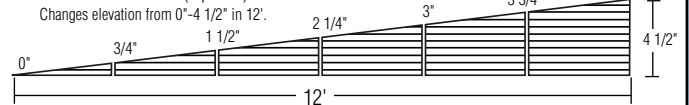

Changes elevation from 0"-4" in 8'.

Sets allow a smooth transition from one height to another.

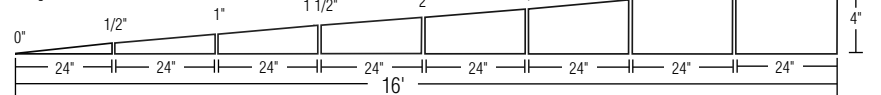

### 3% Incline Sets (6 pieces)

Changes elevation from 0"-4 1/2" in 12'.

### 2% Incline Sets (8 pieces)

Changes elevation from 0"-4" in 16'.

## Incline Starters

add versatility

### 2% Starter

(Package includes 8 identical 2' sections)

### 3% Starter

(Package includes 6 identical 2' sections)

### 4% Starter

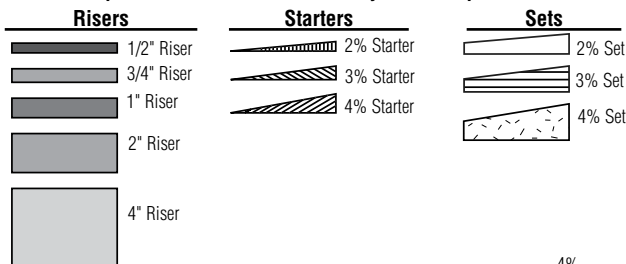

(Package includes 4 identical 2' sections)

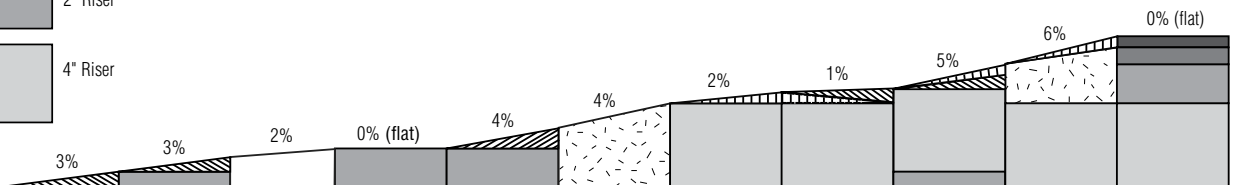

Starters can be used with Risers to build smooth inclines.

## Use Risers and Inclines for Unlimited Possibilities

Optional combinations make any situation possible.

The following illustration shows how using Sets, Starters and Risers in combination give you the flexibility to make the most complex layouts simple.

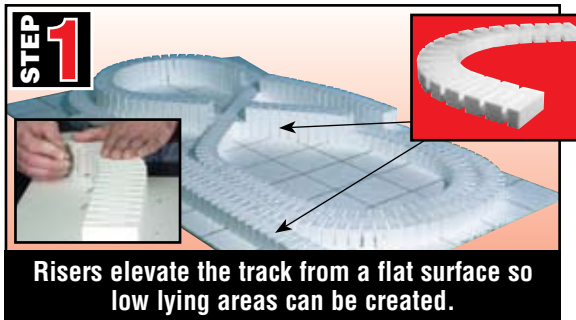

### Risers

Patented Product

Risers are easily flexed to form curves and can be used on a plywood or foam base. Use at least 2" Risers to elevate your track. To install, butt sections tightly, pin in place with Foam Nails and attach with Low Temp Foam Glue or Foam Tack Glue. Each piece is 2 1/2" wide x 24" long.

1/2" (4 per pkg.)	ST1406	\$6.49
3/4" (4 per pkg.)	ST1414	\$7.49
1" (4 per pkg.)	ST1407	\$7.99
2" (4 per pkg.)	ST1408	\$9.99
4" (2 per pkg.)	ST1409	\$9.99

Risers elevate the track from a flat surface so low lying areas can be created.

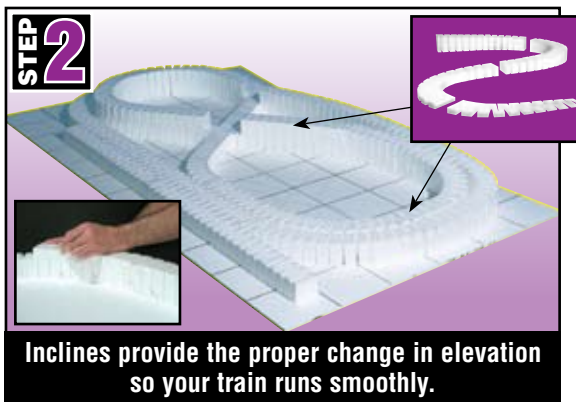

### Incline Sets and Starters

Patented Product

Inclines are flexible and allow a smooth transition from one height to another. To install, center the Incline on the Riser, butt sections tightly, pin in place and attach with Low Temp Foam Glue or Foam Tack Glue. Starters are identical pieces that can be used alone, or with Sets to start your track on an incline. Each piece is 2 1/2" wide x 24" long.

2% SET (8 per set) Elevates track 4" in 16'	ST1410	\$19.99
3% SET (6 per set) Elevates track 4 1/2" in 12'	ST1416	\$19.99
4% SET (4 per set) Elevates track 4" in 8'	ST1411	\$13.99
2% STARTER (8 per pkg.) Raises the elevation 1/2"	ST1412	\$6.49
3% STARTER (6 per pkg.) Raises the elevation 3/4"	ST1415	\$6.49
4% STARTER (4 per pkg.) Raises the elevation 1"	ST1413	\$6.49

Inclines provide the proper change in elevation so your train runs smoothly.

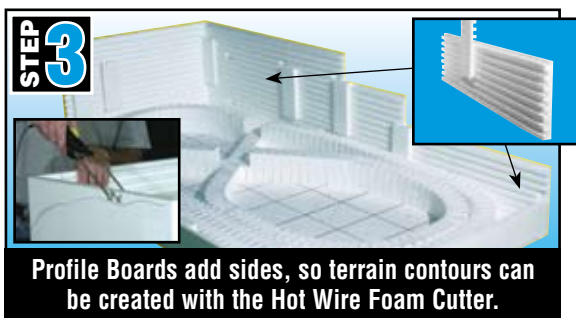

### Profile Boards™

Profile Boards create the perimeter of your layout to define the contours. Their special interlocking design makes them easy to join together with the use of matching Connectors. They can be placed end-to-end, or stacked and locked together, then trimmed with a Hot Wire Foam Cutter to create mountain profiles.

Each Profile Board is 8" tall x 24" long.

2 Boards and 2 Connectors	ST1419	\$9.99
---------------------------	--------	--------

Profile Boards add sides, so terrain contours can be created with the Hot Wire Foam Cutter.

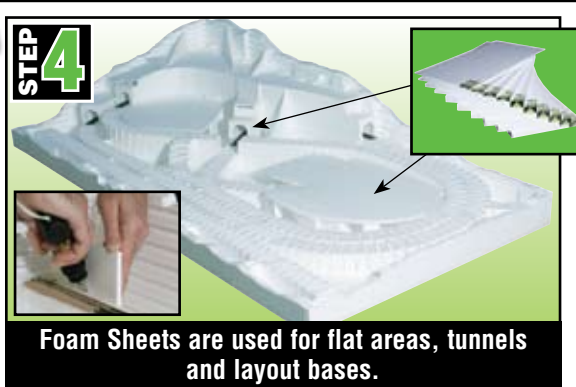

### Foam Sheets

Use Foam Sheets to create flat areas for towns. Also use for tunnels, contour supports, plus layout and diorama bases.

Build supports with scrap foam to elevate the Foam Sheets and attach with Low Temp Foam Glue or Foam Tack Glue. The 1/4" sheet can be bent into a radius. Each piece is 12" wide x 24" long.

1/4" (1 pc.)	ST1422	\$3.99
1/2" (1 pc.)	ST1423	\$4.49
1" (1 pc.)	ST1424	\$5.99
2" (1 pc.)	ST1425	\$12.99
3" (1 pc.)	ST1426	\$15.99
4" (1 pc.)	ST1427	\$18.99

Foam Sheets are used for flat areas, tunnels and layout bases.

### Plaster Cloth C1203

\$8.99

A simple, convenient and lightweight way to create a durable terrain shell. Just wad newspaper and stack to form desired terrain areas. Hold the wads in place with masking tape. Dip Plaster Cloth in water and smooth over terrain areas. The Plaster Cloth will dry to a hard shell.

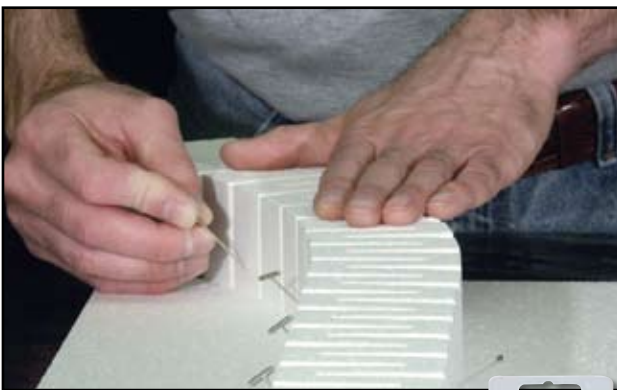

8" wide x 15' long roll, 10 sq. ft.

Plaster Cloth covers newspaper wads to create a hard shell for landscaping.

**Foam Pencils ST1431 \$4.99**

Foam Pencils have a special lead designed to draw on foam without causing damage. The colors will not bleed through paint or other coverings.  
2 red, 2 black

**Foam Nails ST1432 \$5.99**

Use Foam Nails to temporarily pin Track-Bed, track, foam or other products to your layout. 2"- 75/pkg.

**Foam Knife ST1433 \$7.99**

The Foam Knife comes with a 2-inch replaceable blade that is ideal for cutting thick pieces of foam.  
1 knife/pkg.

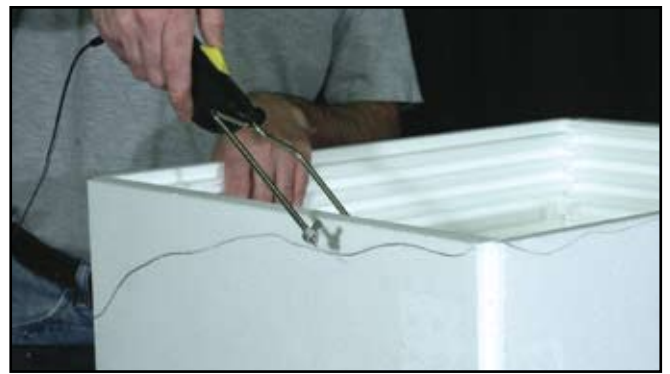

**Foam Knife Blades ST1434 \$6.49**

Replacement blades for Foam Knife.  
4 blades/pkg.

**Foam Tack Glue™ ST1444 \$11.99**

This specially formulated glue is high tack and effective on most materials, especially foam. Use as a contact cement whenever bonding two large surfaces.  
12 fl. oz.

**Hot Wire Foam Cutter ST1435 \$39.99**

The Hot Wire Foam Cutter has adjustable collars, for clean, accurate cuts. The cutting path is 4 1/2" w x 6" d. Woodland Scenics recommends using this cutter only on SubTerrain white foam. Only use the special Nichrome replacement wire.

Add versatility to your Foam Cutter with the Bow & Guide.  
Input: 120 VAC  
Output: 9 VAC  
1300mA

**International Hot Wire Foam Cutter \$39.99**

**230V Hot Wire Foam Cutter**..... ST14401  
(Transformer/Plug Europe)

**230V Hot Wire Foam Cutter**..... ST14402  
(Transformer/Plug UK)

**240V Hot Wire Foam Cutter**..... ST14403  
(Transformer/Plug Australia/New Zealand)

**Hot Wire Foam Cutter Replacement Wire ST1436 \$2.49**

Special Nichrome wire retains an even temperature needed to cut our foam products.  
4 feet

**Foam Cutter Bow & Guide ST1437 \$7.99**

The Bow attachment adds versatility to the Hot Wire Foam Cutter. Attach the Guide for precise angled cuts (handle not included).

**Low Temp Foam Glue Gun** ST1445 **\$16.99**  
**Low Temp Foam Glue Sticks** ST1446 **\$6.49**

This low temp glue will not damage foam and bonds instantly. Load the glue sticks in the barrel, then use the trigger to dispense.

110V  
 10 sticks/pkg. (10" long)

**Foam Putty™** ST1447 **\$8.99**

Foam putty is non-shrinking, lightweight filling material that has the same characteristics as foam, and is used to fill cracks and gaps.  
 16 oz. vol./28 cu. in.

**Flex Paste™** C1205 **\$19.99**

This flexible, non-cracking modeling paste can be used to create a hard surface or as a filler or primer on foam. It can also be used as a road base or sealer under model water. Excellent for modeling heavy snow drifts. Apply Flex Paste and sprinkle Soft Flake Snow on top.  
 16 fl. oz.

## Road System

Use to make any asphalt or concrete surface, such as roads, streets, sidewalks or parking lots. Accomplish in three easy steps. Refer to page 5 for the Road System Learning Kit (LK952).

**1** Apply Paving Tape.

**Paving Tape™** ST1455 **\$7.99**

This adhesive-backed foam tape is used to create a form for making streets, roads, sidewalks and parking lots. A 5 1/4" wide smoothing spreader is included. Thirty feet of tape makes a road approximately 15 feet long.  
 1/4" x 30'

**2** Spread Smooth-It.

**Smooth-It™** ST1452 **\$5.99**

This plaster material is used to fill the forms created from the Paving Tape. It can also be used to fill rough areas on streets and roads.  
 1 qt./55 cu. in.

**3** Paint with Top Coat.

**Top Coat™ Asphalt** ST1453 **\$4.99**  
**Top Coat™ Concrete** ST1454 **\$4.99**

Use full-strength or dilute with water. For blacktop surfaces use Asphalt Top Coat. Color highways, streets and sidewalks with Concrete Top Coat.  
 4 fl. oz.

This warning applies to all products on this page.  **WARNING:** Choking Hazard! Small parts. Not intended for children under 3 yrs.

## Mod-U-Rail System

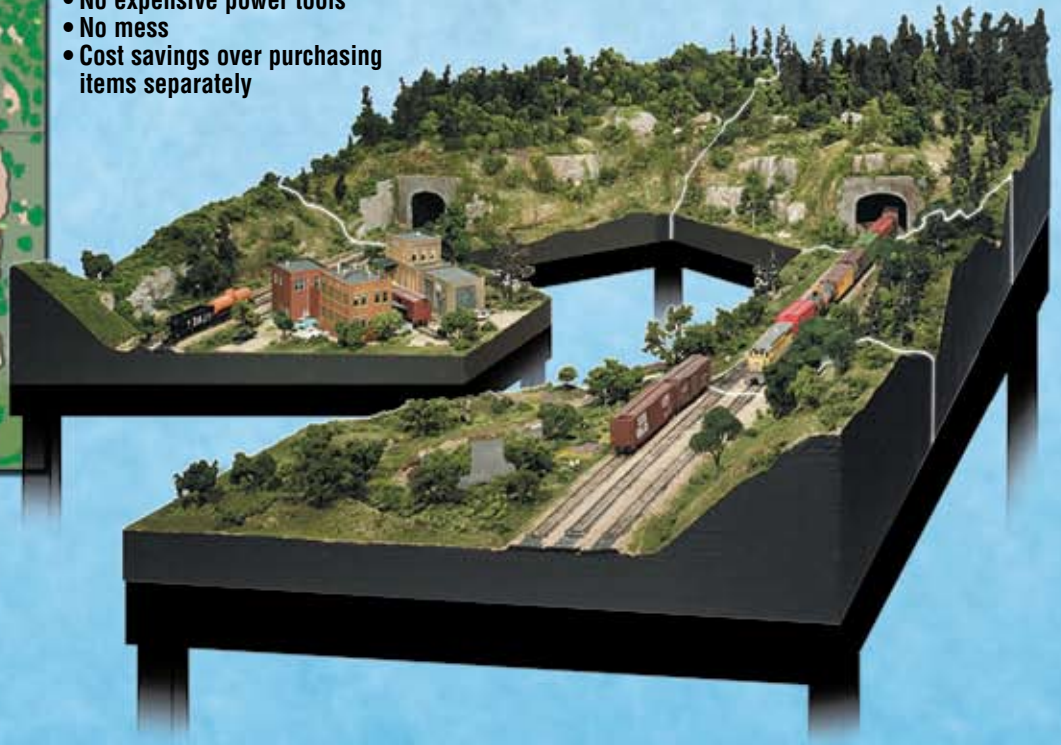

**MOD-U-RAIL**  
**SYSTEM**

Use the Modu-U-Rail System to design, build and landscape a layout customized to your specific space requirements. It is the easy, lightweight and durable alternative to traditional bench work and includes the landscape materials for the finishing touch. Mod-U-Rail is for scales from O through Z.

- No complicated calculations
- No expensive power tools
- No mess
- Cost savings over purchasing items separately

**HOW-TO VIDEOS**  
woodlandscenics.com

**Design**—Designing your layout is easy. Visit our Web site to use the free, interactive design program. The program leads you through a simple, visual process to design a customized layout to fit your personal space requirements. Design your layout with an endless number of configuration possibilities, track-planning patterns and techniques.

**Build**—Simply construct modules for the layout base with the patented SubTerrain Lightweight Layout System components. Bolt modules together in the customized prearranged plan you designed.

**Landscape**—Each module kit includes Woodland Scenics realistic and high quality scenery materials. Bring your layout to life with a variety of pigments, turfs, foliages, talus, ballast, rocks and more!

**FREE Module Kit**—Purchase any five Straight and (or) Corner Kits to receive a Free Straight Module Kit (ST4801).

### Straight Module Kit\* ST4801

\$135.99

- 18 x 36-inch module

\*Track not included.

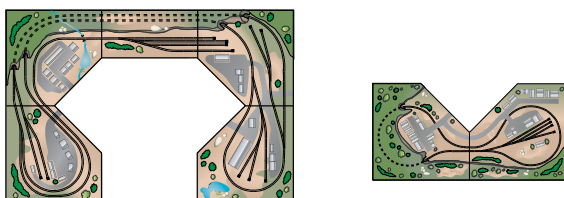

### Corner Module Kit\* ST4802

\$155.99

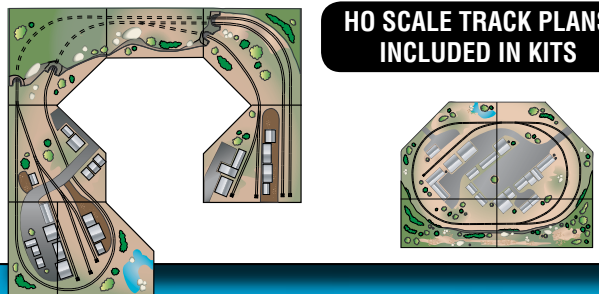

- 36 x 36-inch module
- Can also be built as a square

### N SCALE TRACK PLANS INCLUDED IN KITS

### HO SCALE TRACK PLANS INCLUDED IN KITS

This warning applies to all products on this page.

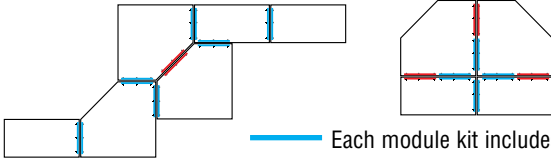

**WARNING:** Choking Hazard! Small parts. Not intended for children under 3 yrs.

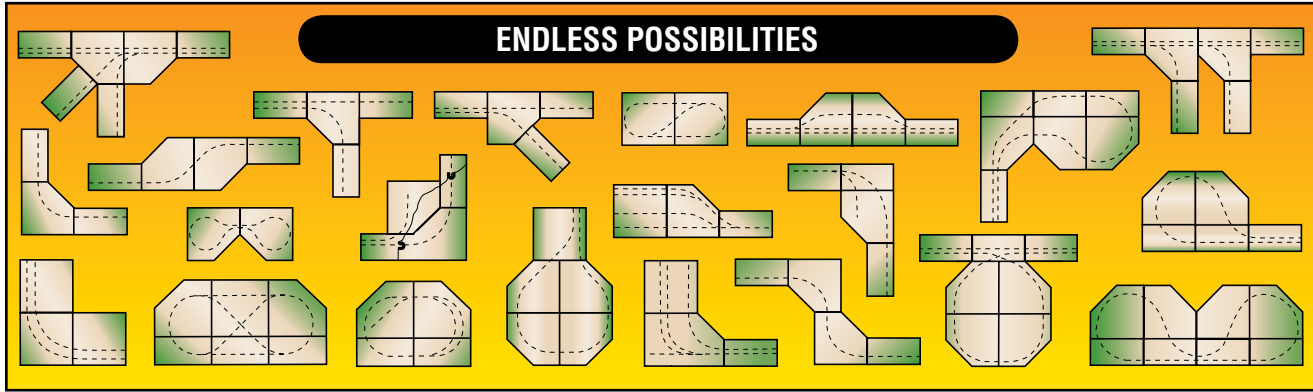

### Connector Plate Set ST4780

**\$12.99**

The Connector Plate Set was developed to expand Mod-U-Rail layout possibilities. In addition to bolting the individual modules end-to-end, you can bolt them side-by-side.

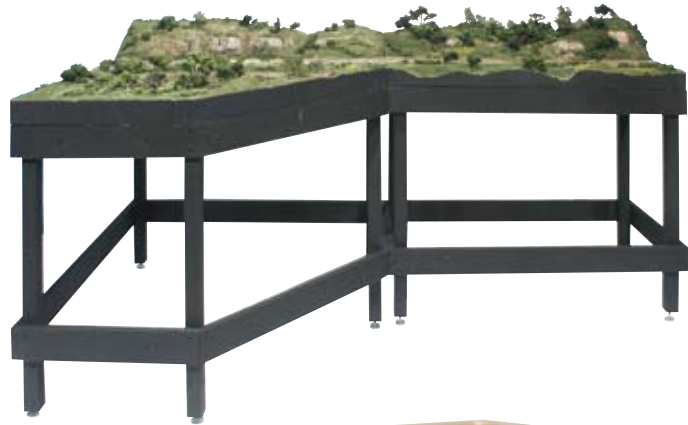

— Each module kit includes two connector plates with hardware for bolting end-to-end.  
— The Connector Plate Set gives you additional connectors for unlimited possibilities in your layout design.

### Mod-U-Rail Kit Stands

Pre-measured, pre-cut and pre-drilled, these wood stands form fit your layout modules. They are lightweight, durable, sturdy and easy to assemble. All the necessary hardware is included. Each stand is 35 1/2" tall with adjustable feet to simplify leveling. Bolt stands in any configuration to match your custom layout design, and paint if desired.

#### Straight Module Kit Stand

ST4790 **\$29.99**

18" x 36" x 35 1/2" - 22 lbs.

#### Corner Module Kit Stand

ST4791 **\$34.99**

36" x 36" x 35 1/2" - 27 lbs.

#### Square Module Kit Stand

ST4792 **\$34.99**

36" x 36" x 35 1/2" - 26 lbs.

# Track-Bed

This roadbed product is a high-quality, economical alternative to other roadbeds, provides a quiet, smooth train operation and absorbs irregularities on your layout. It aligns well with cork on any layout, but unlike cork, requires no pre-soaking, remains flexible and won't dry out or become brittle. Track-Bed is available in Rolls, Strips, Sheets and Super Sheets. Available in N, HO and O Scales.

Patented Product

## Rolls

Track-Bed Rolls offer a smooth, almost seamless application.

- N Scale** (3mm x 1 1/4" x 24' - Seamless Roll) .....ST1475 **\$7.29**
- HO Scale** (5mm x 1 3/4" x 24' - Seamless Roll) .....ST1474 **\$9.99**
- O Scale** (5mm x 2 3/4" x 24' - Seamless Roll) .....ST1476 **\$14.49**

## Strips

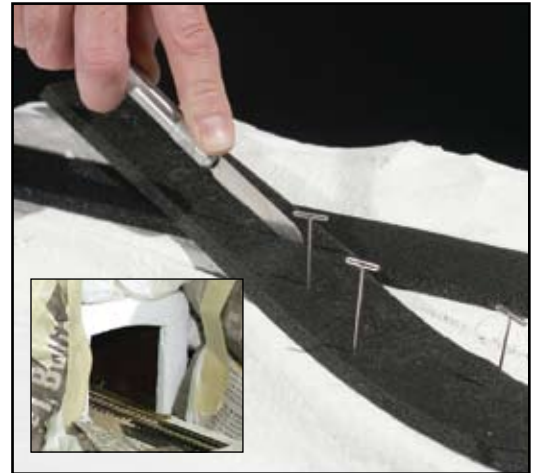

Use Track-Bed Strips for easy application. They are especially good for tight areas.

### Standard Pack

- N Scale** (3mm x 1 1/4" x 24" - 12 pieces per pkg.) .....ST1472 **\$7.29**
- HO Scale** (5mm x 1 3/4" x 24" - 12 pieces per pkg.) .....ST1471 **\$9.99**
- O Scale** (5mm x 2 3/4" x 24" - 12 pieces per pkg.) .....ST1473 **\$14.49**

### Bulk Pack

- N Scale** (3mm x 1 1/4" x 24" - 36 pieces per pkg.) .....ST1462 **\$19.59**
- HO Scale** (5mm x 1 3/4" x 24" - 36 pieces per pkg.) .....ST1461 **\$29.59**
- O Scale** (5mm x 2 3/4" x 24" - 36 pieces per pkg.) .....ST1463 **\$42.69**

## Sheets

Use Track-Bed Sheets for rail yards or sidings.

- N Scale** (3mm x 3 1/4" x 24" - 6 pieces per pkg.) .....ST1460 **\$7.99**
- HO/O Scale** (5mm x 5" x 24" - 6 pieces per pkg.) .....ST1470 **\$13.99**

## Super Sheets

Track-Bed Super Sheets are great for rail yards or sidings.

- N Scale** (3mm x 12" x 24" - 1 each) .....ST1478 **\$3.69**
- HO/O Scale** (5mm x 12" x 24" - 1 each) .....ST1477 **\$4.59**

This warning applies to all products on this page.

**WARNING: Choking Hazard! Small parts. Not intended for children under 3 yrs.**

Roadbed

**Ballast**

Bag - \$3.99, Bag (45 cu. in.) - \$8.99, Shaker - \$10.99

In the real railroad world, ballast forms the rail's track-bed and holds the track in place. Our Ballast realistically models this effect and is available in a variety of grades and colors. Mix and match for authentic reproductions. Ballast is lightweight and easy to use. Attach with Scenic Cement. *Bags 18 cu. in. (Gray Blend 45 cu. in.)/Shaker 50 cu. in.*

## Terrain System

Model any type of landscape and produce spectacular results with the complete Terrain System. Each product includes easy-to-follow instructions and our Web site is loaded with how-to videos, tips and modeling techniques.

### Plaster Cloth C1203 \$8.99

Sculpting with Plaster Cloth is the easiest, most convenient method of modeling lightweight landforms and terrain base. This versatile plaster-coated cloth creates a hard durable shell. Plaster Cloth is designed to accept paints and pigments, plaster castings and landscape materials with realistic effects. Also, use to fill in terrain gaps and sculpt around terrain features.

8" wide x 15' long roll, 10 sq. ft.

### Flex Paste™ C1205 \$19.99

This flexible, non-cracking modeling paste can be used to create a hard surface or as a filler or primer on foam. It can also be used as a road base or sealer under modeled water. Excellent for modeling heavy snow drifts. Apply Flex Paste and sprinkle Soft Flake Snow on top. 16 fl. oz.

### Mold-A-Scene Plaster™ C1202 \$9.99

A versatile amazing material that can be shaped like modeling clay, sets like plaster and also works as a texturing compound! It allows modelers to add terrain contours to new, as well as existing scenery.

1/2 gal./104 cu. in.

### Culverts

HO Scale - \$8.49, N Scale - \$6.99

Where there are embankments, there is water run-off to control. Our Culverts are extremely realistic plaster castings that are easy to color. No serious railroad scene would be complete without a detailed Culvert or two to add realism.

## Retaining Walls\*

HO Scale - \$9.49, N Scale - \$10.99

Retaining Walls are plaster castings that are easy to color. They can be used alone, installed adjacent to each other to create straight or curved walls or used with Tunnel Portals. They can be cut to varying heights to create stepped winged walls.

\*Scale lengths may vary depending on installation.

### Concrete

C1258 - HO Scale (3 each)  
2 11/16" x 4 15/16" (58 1/2' scale length)

## Tunnel Liner Form C1250 \$4.99

Cast realistic rock walls and ceilings for scale tunnels. This innovative mold is designed to form half of either a single or double liner section.  
*HO scale*

1. Use a spatula to fill the Tunnel Liner Form with Lightweight Hydrocal. When dry, remove from mold.

2. Join two half sections on top with a strip of wet Plaster Cloth to form a hinge.

3. Join completed units on one side for a longer tunnel. The unattached side can be raised for track maintenance.

## Latex Rubber C1204 \$14.99

Create long-lasting molds for rocks and other castings. Ready-to-use Latex Rubber is specifically formulated to be thin enough to seek detail and thick enough for durability. Easy and fast!  
*16 fl. oz.*

1. Brush three to six layers of Latex Rubber on rocks, hopper loads or other items.

2. Put gauze between each layer of Latex Rubber.

3. Allow each layer to dry between applications.

4. When completely dry, carefully pull off the mold.

5. Make castings with Lightweight Hydrocal.

6. Allow Hydrocal to dry thoroughly before removing from mold.

## Talus (Rock Debris) ⚠️

\$3.79

Where there is rock, there is rock debris. Debris piles up under rock faces, outcroppings and along side road cuts. Talus is a lightweight material made to model rock debris. Sprinkle some Talus on a layout and secure with a 50/50 mixture of Scenic Glue and water. For maximum realism, mix and blend grades and colors.

## Landscape System

Landscape adds depth, color, texture and realism to your layout. From ground cover and foliage to bushes and trees, the complete Landscape System offers versatile and compatible products. Developed to work together, landscape products mix and blend with each other to recreate nature's color variances, contrasts and highlights. Designed for ultimate realism, these easy-to-use products give beginner to advanced modelers the results they want and expect.

### ADHESIVES AND ACCESSORIES

#### Scenic Glue™ S190

**\$6.99**

Apply landscape materials with this specially-formulated, high-tack, non-odorous adhesive. Dries clear with a matte finish. Does not crack or turn yellow.

*8 fl. oz.*

#### Hob-e-Tac® Adhesive S195

**\$5.79**

This multi-purpose, water-soluble adhesive stays tacky. Use for making trees and attaching Field Grass to your layout. Apply Hob-e-Tac Adhesive, wait until clear and tacky, then attach foliage products.

*2 fl. oz.*

#### Scenic Cement™ S191

**\$6.99**

Scenic Cement now has a smooth, flowing application that reduces spray head clogging, foaming and bubbles. There is no need to use "wet water," and the new formula penetrates easier and faster. It actually wraps around the product and permeates instantly for maximum coverage. It is especially great for sealing Forest Canopy material and attaching Fine, Blended and Coarse Turfs, Static Grass Flock, Poly Fiber, Ballast, Flowering Foliage and other foliage. Use with Scenic Sprayer.

*16 fl. oz.*

#### Scenic Sprayer™ S192

**\$4.29**

The Scenic Sprayer comes with a siphon tube and spray head that fits the Scenic Cement bottle. The nozzle adjusts from a fine mist to a steady stream. Measurement markings in ounces and milliliters are on the side. Use with Scenic Cement, Earth Colors Liquid Pigment and other liquids.

*Holds 8 oz.*

#### Canister Shaker S194

**\$4.29**

This Canister Shaker is perfect for storing all landscape products. It comes with a dual-purpose cap: one side is a shaker and the other pours large amounts. Includes a blank identification label.

*Holds 32 oz.*

#### Canister Shaker Set S199

**\$21.99**

Organize and store your landscape products with a set of Canister Shakers and sturdy cardboard container, which can be hung on pegboard or set on your workbench. They come with six blank labels to identify the stored products.

*Each Shaker holds 32 oz.*

## Landscape Steps

Refer to page 5 for the Landscaping Learning Kit (LK954).

1. Paint layout (or model) with Earth Colors and spray with Scenic Cement.

2. Sprinkle on a base layer of Blended Turf.

3. Lightly spray with Scenic Cement to fix in place.

4. Add more color and texture with Fine and Coarse Turf in various colors and sizes.

5. Use Scenic Glue to attach Underbrush, Bushes, Forest Canopy, Clump-Foliage and Foliage Clusters.

6. Allow to dry thoroughly and spray again with Scenic Cement to fix in place.

Color swatches may vary from actual product.

This warning applies to all products on this page. **WARNING:** Choking Hazard! Small parts. Not intended for children under 3 yrs.

**Lichen** 1.5 qt. - \$8.99, 3 qt. - \$14.99

A longtime favorite of hobbyists, this uniquely textured natural product blends easily with other foliage to create realistic scenery. Lichen models bushes and ground cover, or use as tree foliage. It is available in five solid colors and three mixes, designed to blend with our other landscape products. Use Lichen for quick and economical tree masses on your layout. Attach to Tree Armatures with Hob-e-Tac Adhesive. Use Scenic Glue to attach to layout. *Small Bag 82 cu. in. (1.5 qt.)/Large Bag 165 cu. in. (3 qt.)*

**Spring Green**  
L161 (Small Bag)

**Light Green**  
L162 (Small Bag)

**Medium Green**  
L163 (Small Bag)

**Dark Green**  
L164 (Small Bag)

**Autumn Mix**  
L165 (Small Bag)

**Natural**  
L166 (Small Bag)

**Light Green Mix**  
L167 (Large Bag)

**Dark Green Mix**  
L168 (Large Bag)

1. Select a piece of Lichen in the desired shape and size.

2. Spray with Scenic Cement.

3. Lightly sprinkle on Fine or Coarse Turf to add realistic color and texture.

**Field Grass** \$3.79

Field Grass is an extremely fine, natural hair product that models tall grass, field grass and weeds. Four realistic colors. Attach with Hob-e-Tac Adhesive or Scenic Glue. *8 gr. (Coverage area depends on usage)*

**Natural Straw**  
FG171

**Harvest Gold**  
FG172

**Light Green**  
FG173

**Medium Green**  
FG174

1. Cut Field Grass.

2. Dip into Hob-e-Tac Adhesive or Scenic Glue.

3. Place on layout.

4. Dry thoroughly.

Color swatches may vary from actual product.

This warning applies to all products on this page.  **WARNING:** Choking Hazard! Small parts. Not intended for children under 3 yrs.

**Foliage**

**\$4.79**

Foliage is excellent for making trees, vines, weeds, bushes or any low growth. Simply stretch the sheet of Foliage for a thin, lacy application. Attach Foliage with Scenic Cement. Create quick and economical tree masses on your layout. Stretch Foliage to desired density, then roll into a loose ball. Stretch the ball into a conical shape for variation. Attach to hillsides with Scenic Glue. Foliage is available in four colors and two fall blends. 60 sq. in.

**Light Green** F51

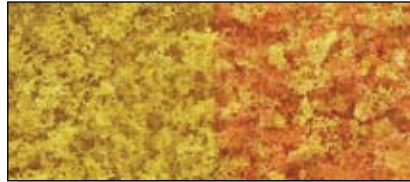

**Medium Green** F52

**Dark Green** F53

**Conifer Green** F54

**Early Fall** F55

**Late Fall** F56

1. Stretch and tear Foliage until thin and lacy.

2. Attach to Tree Armatures.

3. Attach to Tunnel Portals, buildings and bridges.

**Poly Fiber** FP178

**\$3.29**

Poly Fiber is synthetic fiber used to create vines, undergrowth and other rambling vegetation. Apply it on the sides of buildings, Tunnel Portals, Retaining Walls, light poles, billboards and along fence rows, or other places you see vines grow. Use Poly Fiber after you add ground covers and set buildings on your layout. Great for quick and economical tree masses on your layout. Attach to layout with Scenic Cement. 16 gr./.56 oz. (Coverage area depends on usage)

**Green**

This warning applies to all products on this page.  **WARNING: Choking Hazard! Small parts. Not intended for children under 3 yrs.**

**Flowering Foliage™** **\$3.59**

Use Flowering Foliage to add color and model flowers along railroad tracks, in fields, on hills or around buildings. Place on layout and attach with Scenic Cement.

*Covers approximately 100 sq. in.*

**Yellow** F176

**Purple** F177

**Fruit and Flowers** **\$3.99**

To model apple and orange trees, sprinkle Fruit on small trees. Model flowering plants by sprinkling Flowers on small bushes, shrubs, vines and fields. Attach with Scenic Cement.

*1 1/2 cu. in. per pkg.*

**Fruit** T47 (Apples and Oranges)  
**Flowers** T48 (4 colors: red, yellow, white and orange)

**Dead Fall** S30 **\$4.49**

Dead Fall is a natural, realistic product, which has the look of aged wood and is used to model fallen or standing dead trees and stumps. Use this assortment of wood pieces on any scale layout. Pieces feature gnarled branches, knots and some are smooth, with signs of weathering. Attach with Scenic Glue.

*.5 oz.*

**Stumps** **\$5.99**

Add realistic detail to wooded or deforested areas on your layout with Cut or Broken Stumps. Clean parts, paint and adhere to layout with Scenic Glue.

*14 pcs. per package*

**Cut Stumps** S31  
**Broken Stumps** S32

**Soft Flake Snow™** SN140 **\$10.99**

For the ultimate realism in winter scenes, use Soft Flake Snow for any layout or project. For a dusting of snow, sprinkle and attach with Scenic Cement. For heavy drifts, apply Flex Paste (page 9) to your layout and sprinkle Snow on top.

*50 cu. in.*

Color swatches may vary from actual product.

## Realistic Water™ C1211 \$19.99

This no-mix formula models beautiful, realistic water areas, such as lakes, ponds, rivers and more! The surface dries hard and clear, with minimal shrinkage, and the formula is water-soluble and non-toxic. Realistic Water will not crack and is self-healing. Pour no more than 1/8" deep at a time and allow to dry thoroughly between layers (about 24 hours). The contents cover approximately 17" diameter area when poured to the recommended depth of 1/8". 16 fl. oz./434 ml.

Refer to page 5 for the River/Waterfall Learning Kit (LK955).

## Water Effects™ C1212 \$14.99

Water Effects is a heavy-bodied product, which is moldable and will hold its shape. Create pond ripples, waterfalls or rapidly moving water. It dries clear in about 24 hours. 8 fl. oz. (Coverage area depends on usage). Refer to page 5 for the River/Waterfall Learning Kit (LK955).

1. Apply Water Effects onto a non-stick surface.

2. Shape and texture with a toothpick to create desired effect.

3. When dry, peel off and place on layout.

4. Attach with Water Effects.

## E-Z Water™ C1206 \$10.99

E-Z Water is a heat-activated product used for modeling various bodies of water. It dries quickly. Re-heat with a heat gun to remove scratches or to mold various accents, such as ripples, waves and rapids. 28 cu. in.

1. Melt E-Z Water pellets over medium heat.

2. Pour into prepared areas.

## Ready Landforms

These Ready Landforms are pre-formed and durable. Because they are already landscaped, they easily blend with any layout. Just set and go! Their portability makes them ideal for gaming. Ready Landforms also stack for space-saving storage. Tunnels and Rocky Ridges are the perfect complements to ReadyGrass Vinyl Mats.

**Tunnels** are available in both N and HO scales, straight or curved designs and have molded-in portals at each end.

**Rocky Ridges** are available in two sizes and are perfect to place as road cut or a rocky embankment.

**HO Straight Tunnel C1310** **\$21.99**  
 (26" w x 16 1/2" d x 8" h, portal opening 2 3/4" w x 3 5/8" h, 18" radius)

**N Straight Tunnel C1315** **\$14.99**  
 (14 1/2" w x 9 1/2" d x 5" h, portal opening 1 3/8" w x 1 3/4" h, 11" radius)

**HO Curved Tunnel C1311** **\$21.99**  
 (25 3/4" w x 15 1/2" d x 8" h, portal opening 2 3/4" w x 3 5/8" h, 18" radius)

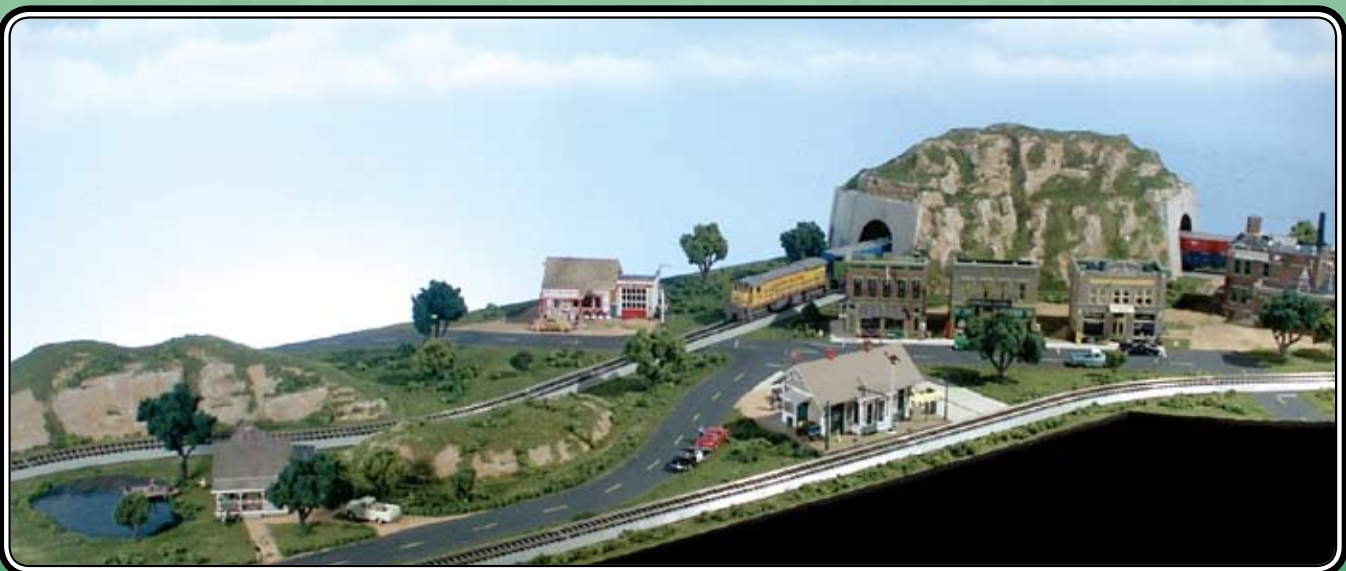

**N Curved Tunnel C1316** **\$14.99**  
 (16 1/2" w x 10" d x 5" h, portal opening 1 3/8" w x 1 3/4" h, 11" radius)

**Rocky Ridge Large C1320** **\$14.99**  
 (25" L x 9" w x 3 1/2" h)

**Rocky Ridge Small C1321** **\$12.99**  
 (14 1/2" L x 6" w x 1 3/4" h)

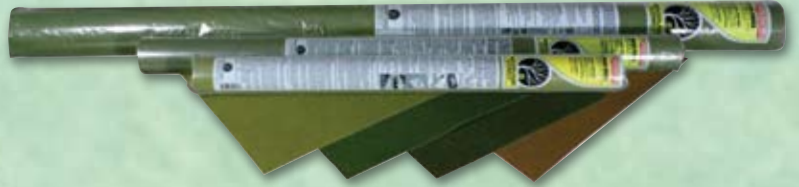

# ReadyGrass Vinyl Mat

Its unique characteristics make this non-shedding, vinyl grass mat the best on the market! They are ideal for train layouts, battle mats, architectural models, school projects, arts and crafts, slot cars, collectible houses, military models and more! Use a heat tool to form a hill, mound or valley, or simply scrape to create space for roads and water areas. Permanently mount the ReadyGrass Vinyl Mat to your layout or roll it up and use it again and again! Four resistant colors available in three roll sizes - 50 x 100-inch, 33 x 50-inch and 33 x 25-inch). Also available in Project Sheet size (12 1/2 x 14 1/8-inch).

- **Moldable and retains its shape...**for making hills
- **Removable Turf...**for making roads and water areas
- **Durable/tear resistant...**use again and again
- **Non-shedding/non-staining...**no mess
- **Colorfast...**no fading

50" x 100" - \$28.99, 33" x 50" - \$11.99, 33" x 25" - \$9.99, Project Sheet 12 1/2" x 14 1/8" - \$3.29

Patent Pending

# ReadyGrass® Vinyl Mat Accessories

**Road Kit** RG5151  **\$11.99**

This kit includes everything needed to create and detail roads, sidewalks and parking areas.

1. Wet area for road/parking areas. Remove turf with Road Scraper, then paint.

2. Detail road/parking areas with Striping Pin.

**HOW-TO VIDEOS**  
woodlandscenics.com

**Landscape Kit** RG5152  **\$15.99**

This kit includes everything needed (various foliage, bushes, shrubs and adhesive) to enhance a 4 x 8-foot area. Add paths, different colors of turf and highlights. Refer to page 22 for Landscape Steps.

1. Spray adhesive on area to be landscaped.

2. Add bushes and shrubs. Blend and add low ground cover.

**HOW-TO VIDEOS**  
woodlandscenics.com

**Water Kit** RG5153  **\$11.99**

This kit includes everything needed to create streams, rivers, ponds and lakes. Covers a 32 sq. in. area.

1. Wet water area. Remove turf with Scraper, then paint.

2. Pour or brush on Realistic Water.

**HOW-TO VIDEOS**  
woodlandscenics.com

**Tree Kit** RG5154  **\$21.99**

This kit includes everything needed to make 27 deciduous and pine trees for a 4 x 8-foot area. Sizes range from 2 1/2 to 6-inches.

1. Twist armature into tree shape.

2. Apply adhesive and dip in foliage.

3. Plant trees on layout.

**HOW-TO VIDEOS**  
woodlandscenics.com

**Mat Adhesive** RG5161 **\$7.49**

Use Mat Adhesive for permanently bonding mats to any clean, smooth surface. Great for mounting puzzles and posters to art board.  
7 fl. oz.

Apply Mat Adhesive. Press onto surface.

**Heat Tool** RG5162 **\$29.99**

Use with ReadyGrass Vinyl Mats to form hills and mounds.

**HOW-TO VIDEOS**  
woodlandscenics.com

**International Heat Tools** **\$31.99**

- 230V Heat Tool**..... RG5163 (Transformer/Plug Europe)
- 240V Heat Tool**..... RG5164 (Transformer/Plug UK)
- 230V or 240V Heat Tool**.. RG5165 (Transformer/Plug Australia/New Zealand)

Form hills over newspaper wads with Heat Tool.

## Premium Trees™

These Premium Trees are hand-crafted works of art that replicate real trees. The design of the branch and leaf structure easily identifies the tree type. The tree trunks are textured to look like real bark. Each tree has a planting base pin. There are three different package sizes with trees ranging from 1 1/2" to 6". All heights are approximate.

## Woodland Classics™

Woodland Classics ready-made trees are handcrafted with classic appeal and economically priced. Their finely detailed, hand-painted tree trunks represent a multitude of realistic shapes and branching forms. Our original patented foliage is applied by hand, yielding a variety of natural foliage variances.

In every detail, Woodland Classics mirror nature's contrasts and highlights: reinforcing the trademark mixing and blending of our Landscape System. Use combinations of types and sizes throughout your layout for superior realism.

Pictures are representative: actual trees will vary in size and shape. No two trees are alike within one package.

Optional bases included.

This warning applies to all products on this page.

**WARNING:** Choking Hazard! Small parts. Not intended for children under 3 yrs.

**Early Light**

Featuring the bright, light green of an early dawn

**Sun Kissed**

Medium green foliage shimmers in a high-noon sun

**Cool Shade**

Dark green foliage offers a cool, shady retreat

**Waters Edge**

Patterned light-colored bark wraps this thirsty beauty

**Blue Needle**

Magnificent blue-green tinge amidst graceful symmetry

**Forever Green**

Strong and handsome silhouette with dark dense foliage

**Standing Timber**

Straight and towering guardian of the forest

**Snow Dusted**

Strong graceful branches crisp with fresh-fallen flakes

**Harvest Blaze**

Scarlet and golden reminders of autumn's pending retirement

**Hedge Row**

A stately boundary stakes its claim and calms the wind

Trees

**Forest Canopy™**

**\$21.99**

This natural plant product is great for making dense forest canopies, individual trees, shrubs, bushes, dead trees and hedges. It is perfect for winter scenes, or for adding individual dead trees to your forest. Every piece of the product is useable and adds another dimension and texture to your layout or diorama. Customize pieces by breaking them into any size to fit your needs!

151 cu. in./2474 cu. cm.

- Economical forest coverage
- Great for multiple scales
- Natural plant material
- Varies in height up to six inches

**Available in Four Colors**

**Light Green** F1660

**Medium Green** F1661

**Dark Green** F1662

**Autumn Mix** F1663

Create dense forests.

Strip foliage for dead trees.

Model shrubbery.

Strip foliage to create winter scenes.

This warning applies to all products on this page.

**WARNING:** Choking Hazard! Small parts. Not intended for children under 3 yrs.

## Tree Armatures

\$12.99

Tree Armatures are bendable plastic and retain their shape once twisted. They have the texture and color of real trunks, a base pin for planting and an optional base for temporary placement. Sizes vary from 3/4" to 7". Use Hob-e-Tac Adhesive to attach foliage.

Trees

## Ready-To-Go Products

Great layouts don't have to take all of your free time. These products are ready to set right on your layout. They're great for kids, and perfect for adults with busy lives. Best of all, your layout will look like you spent hours...only you will know how easy it was!

### Built-&-Ready Landmark Structures

These preassembled, hand-painted and fully detailed N and HO scale structures are great for building cities, towns and villages. Each is individually molded with intricate architectural and scene-setting details.

### Scenic Accents

This economically priced collection of N, HO, O and G scale figures, animals and accessories are sculpted and hand-painted in fine detail, and add color, interest and life to any layout. These works of art exude personality, their natural charm and realistic appearance steal the show!

### Ready Landforms

Pre-formed, durable and fully landscaped, Ready Landforms easily blend with any layout. Tunnels and Rocky Ridges are the perfect complements to ReadyGrass Vinyl Mats.

### Ready Made Realistic Trees, Premium Trees, Ready Made Trees Value Pack and Woodland Classics

No assembly required! These trees lend authenticity to any layout or diorama. Their natural colors and realistic textures blend with other Woodland Scenics landscape products. Plant trees in clusters and intermix foliage colors.

### ReadyGrass Vinyl Mat

Its unique characteristics make this non-shedding, vinyl grass mat the best on the market...ideal for layouts, battle mats, arts and crafts and other projects. They can be formed with a heat tool, permanently mounted, or laid flat for a display, then rolled up and used again and again! Four colors available in four sizes.

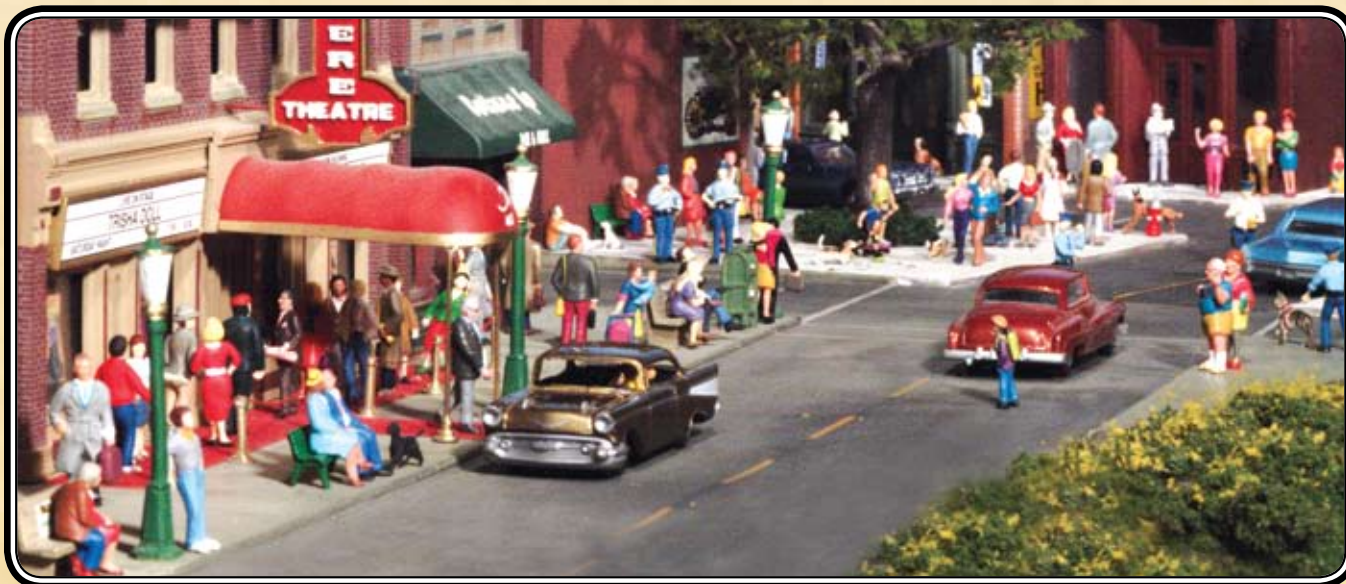

### AutoScenes

AutoScenes figures capture the classic designs and simple lifestyles of the 1940's and '50s. Each finely crafted, custom painted automobile, figure and accessory adds humor, color, interest and authenticity to any layout, diorama or project. AutoScenes are true 1:16 N scale and 1:87 HO scale models.

This warning applies to all products on this page.  **WARNING:** Choking Hazard! Small parts. Not intended for children under 3 yrs.

## N, HO, O and G Scale Scenic Accents

This economically priced collection of N, HO, O and G scale figures, animals and accessories are sculpted and hand-painted in fine detail, and add color, interest and life to any layout. These works of art exude personality—their natural charm and realistic appearance steal the show!

**Assorted Worker Set**  
HO - A2052 N - A2062

**Assorted Figure Set**  
HO - A2053 N - A2063

**Scenic Accents Glue** A198

**\$4.49**

This adhesive is specially formulated for attaching Scenic Accents or other types of figures to a layout. Scenic Accents Glue stays tacky and allows for repositioning, without having to reapply glue. Sand glue points and apply glue. Let dry until clear and tacky, then place on layout. A brush applicator is included.

1.25 fl. oz.

**Gentle Grips®** A200

**\$6.99**

This unique tweezer is used for positioning Scenic Accents or other scale figures. The protective tips will not damage figures. Gentle Grips come in a handy storage tube and feature non-slip grips.

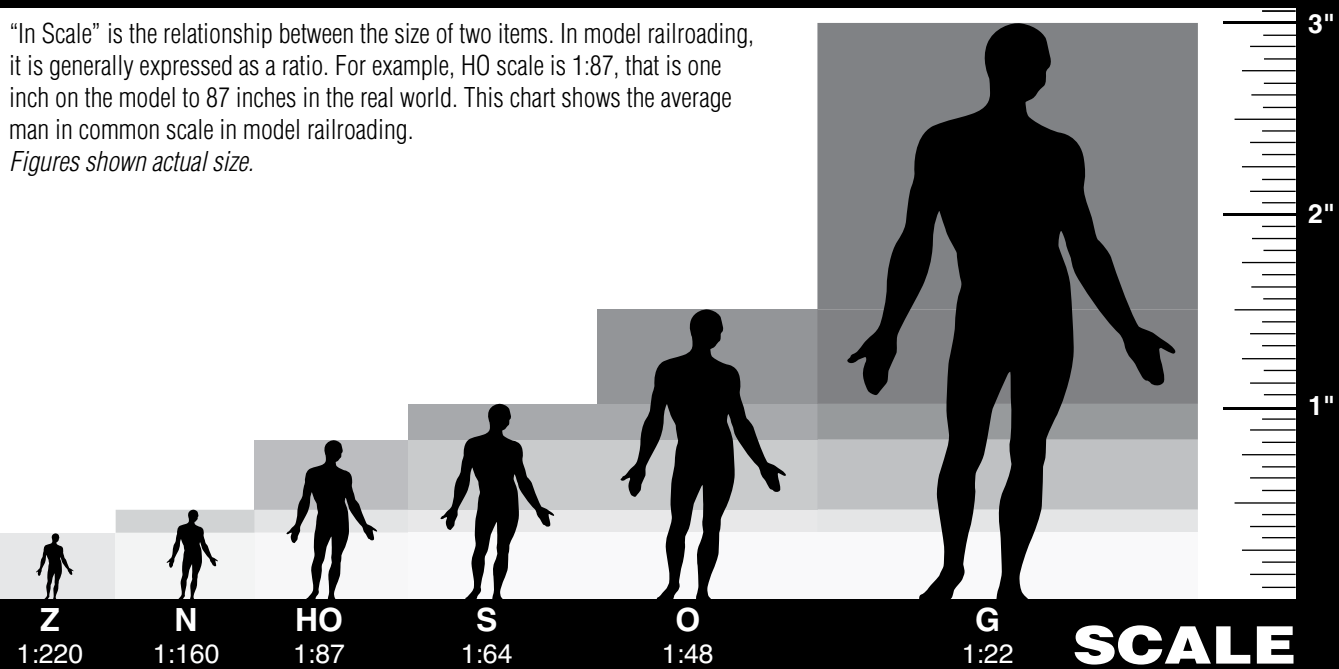

6 inch tines

**SCALE CHART**

"In Scale" is the relationship between the size of two items. In model railroading, it is generally expressed as a ratio. For example, HO scale is 1:87, that is one inch on the model to 87 inches in the real world. This chart shows the average man in common scale in model railroading.

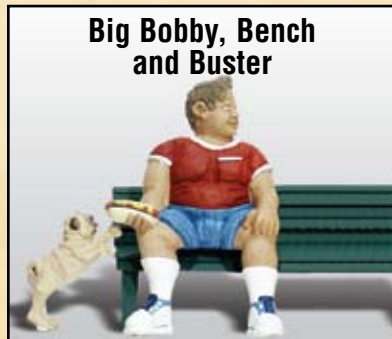

Figures shown actual size.

## Scenic Details®

Scenic Details kits are finely crafted HO scale reproductions. They are economical, easy to assemble and fun to paint! The highly detailed, lead-free metal castings like junk, crates, skids, street lights, mailboxes and farm implements can be used everywhere on your layout. When layout landscape is complete, add color and interest to tracks and rail yards, along city streets and rural lanes, beside warehouse docks and farm buildings. Attach to layout with Scenic Accents Glue, Hob-e-Tac Adhesive or Scenic Glue. Some kits include Dry Transfer Decals. We recommend using super glue or a two-part epoxy to assemble Scenic Details. Scene measurements are approximate. Painting with Mini-Scene Paint Set (page 91) is recommended.

## Scenic Details®

These are finely crafted HO scale reproductions—highly detailed and lead-free metal castings of junk, crates, skids, street lights, mailboxes, farm implements and more! Scenic Details are economical, easy to assemble, fun to paint and they add color, interest and authenticity to any layout. When layout is complete, add to tracks and rail yards, along city streets and rural lanes and beside warehouse docks and farm buildings. Colorful Dry Transfer Decals are included in some kits. Attach to layout with Scenic Accents Glue, Hob-e-Tac Adhesive or Scenic Glue. We recommend using super glue or a two-part epoxy to assemble Scenic Details. Painting with Mini-Scene Paint Set (page 91) is recommended.

## Design Preservation Models Landmark Structures

Design Preservation Models (DPM) is a line of N, HO and O scale building kits and modular pieces for modelers who want to assemble realistic structures. These high-quality, architecturally accurate models have been specifically researched and developed for the model railroading industry. These kits represent the 19th and 20th Century. The entire line of DPM kits and modular pieces are very easy to assemble and allow modelers total creative freedom to paint, weather and detail as they wish. DPM structures are available in...

- *Select Building Kits* - feature the new positive-interlocking pre-finished edges along with details, decals and window treatments
- *Gold Kits* - themed building packages that include complete buildings, decals, signs and an abundance of details
- *Building Kits* - complete buildings that come with walls, plus roof and window materials
- *Modular System* - unlimited building options with interchangeable wall sections that make it fun and easy to build a structure of any size, shape and height: whatever you want or need for your layout
- *Modular System Designer Bulk Packs* - each features a different architectural style with plans included for three specific buildings

## N Scale Gold Kits

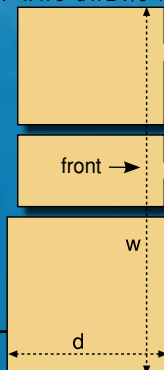

The DPM gold seal signifies our Detailed Editions. These four N scale Gold Kits include highly detailed lead-free metal castings, Dry Transfer Decals and illustrated instructions. They create entire scenes. Look for the full-color packaging with the gold seal.

# N Scale Modular System™

## UNLIMITED BUILDING OPTIONS

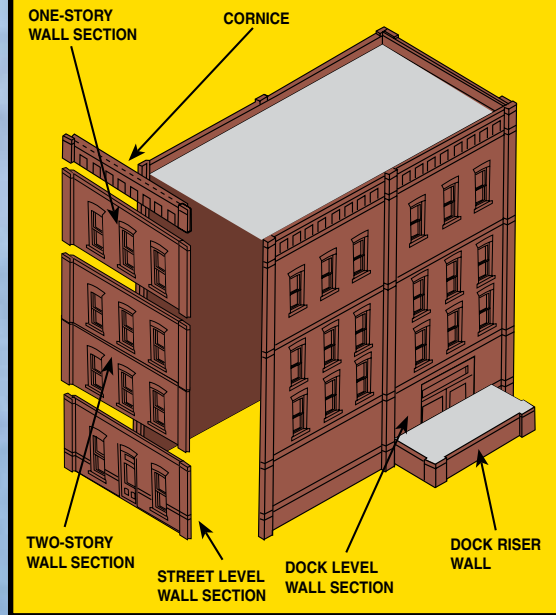

Interchangeable plastic wall sections make it fun and easy to create buildings of any size, shape or height.

### BUILD AS MANY STORIES AS YOU NEED:

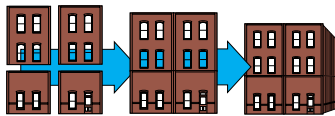

- One-story building - use street or dock level wall sections and cornice
- Two-story building - use street or dock level wall sections, top with one-story wall sections and cornice
- Three-story building - use street or dock level wall sections, top with two-story wall sections and cornice
- More stories - add additional wall sections to create as many stories as desired

Packages include three identical double bay wall sections with pilasters, door, windows and clear window material where needed. All sections are the same color and width (3 1/2"). Cornice packages include nine pieces of cornice with cornice pilasters. Dock riser wall packages include six dock riser wall sections with dock pilasters.

## EASY TO ASSEMBLE

## N Scale

### N Scale Planning Packet #60191

**\$0.99**

Pre-plan buildings with three-dimensional paper mock-ups. The N scale Planning Packet contains full-sized drawings of wall sections. To use, make photocopies of drawings, cut out wall section copies and arrange into paper walls. Tape walls on cardboard. Cut out cardboard and tape together. Modify mock-up until it is satisfactory, then purchase the required wall sections to construct your building.

The N scale Planning Packet is available as a **Free Download** at [www.woodlandscenics.com](http://www.woodlandscenics.com).

## HO Scale Building Kits

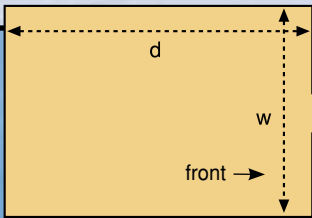

With their highly detailed, realistic and authentic design, HO Scale Building Kits are a great way to add structures to your layout. They are easy to assemble and include roofs, clear window materials and fully illustrated instructions with painting suggestions and tips. Once you see how great these DPM buildings look on your layout, you will want to build an entire city.

# HO Scale Modular System

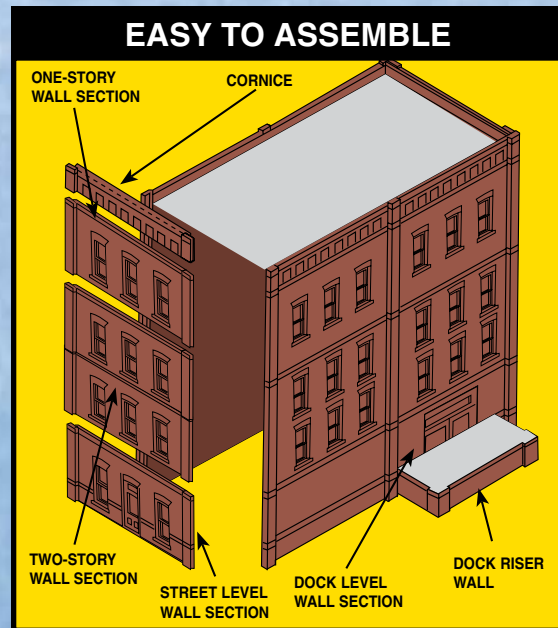

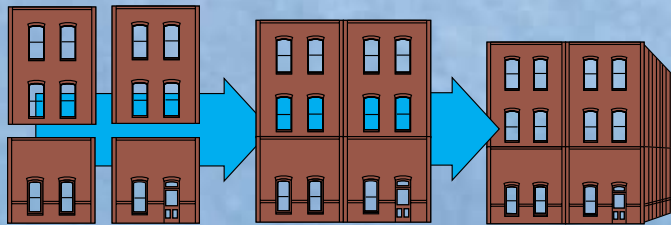

## UNLIMITED BUILDING OPTIONS

Interchangeable plastic wall sections make it fun and easy to create buildings of any size, shape or height. Use plastic model cement or solvent.

## BUILD AS MANY STORIES AS YOU NEED:

- One-story building - use street or dock level wall sections and cornice
- Two-story building - use street or dock level wall sections, top with one-story wall sections and cornice
- Three-story building - use street or dock level wall sections, top with two-story wall sections and cornice
- More stories - add additional wall sections to create as many stories as desired

Packages include four identical double bay wall sections with pilasters, door, windows and clear window material where needed. All sections are the same color and width (2 3/4"). Cornice packages include eight pieces of cornice with cornice pilasters. Dock riser wall packages include eight dock riser wall sections with dock pilasters.

**WALL SECTIONS MAKE WALLS.  
WALLS MAKE BUILDINGS.**

### HO Scale Planning Packet #30191

\$1.99

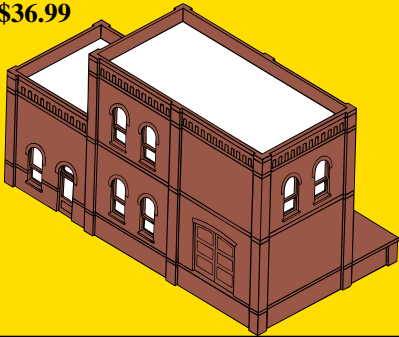

Pre-plan buildings with three-dimensional paper mock-ups. The HO scale Planning Packet contains full-sized drawings of wall sections. To use, make photocopies of drawings, cut out the wall section copies you want and arrange into paper walls. Tape walls on cardboard. Cut out cardboard and tape together. Modify mock-up until it is satisfactory, then purchase the required wall sections to construct your building.

The HO scale Planning Packet is available as a **Free Download** at [www.woodlandscenics.com](http://www.woodlandscenics.com).

## HO Scale Modular Option Packs

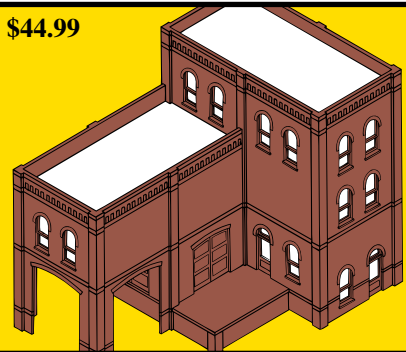

Each pack contains a variety of wall section quantities, styles and suggested building options. You can add to these kits from your dealer's stock of Modular System parts to create an even larger structure!

\$36.99

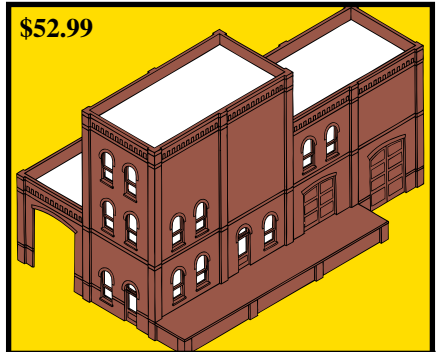

**3-in-1 Modular Kit #35100**  
120 pieces (approx. 8 1/2" w x 6" d x 5" h)

\$44.99

**4-in-1 Modular Kit #35200**  
175 pieces (approx. 7 1/2" w x 8 1/2" d x 7" h)

\$52.99

**4-in-1 Modular Kit #35300**  
213 pieces (approx. 8 1/2" w x 11 1/2" d x 7" h)

### Roof and Trim Kit #30190

\$6.29

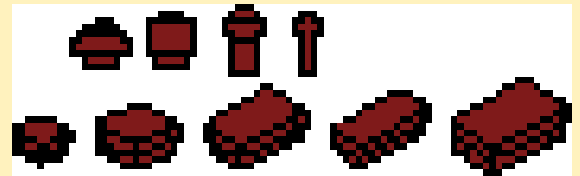

This kit provides styrene plastic roof material, brick parapet wall trim strips and styrene plastic inside corner strips for modular buildings of your own design. Assorted roof vents and hatches for all buildings are included. Parts are plastic and add fine detail and realism to buildings.

**Assorted Roof Vents**  
(8 total)

**Assorted Hatches**  
(5 total)

**Parapet Wall Trim**  
(9 pieces = 49 1/2")

Also includes: two sheets styrene plastic roof material (6" x 8 1/2" each), two strips styrene plastic inside corner strips.

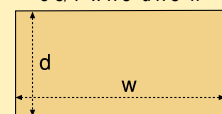

### HO Scale Modular Learning Kit #36000

\$12.99

Learn the skills needed to build any of DPM's modular buildings. This fun and easy Learning Kit includes the planning packet, complete instructions and everything necessary to construct a finely detailed building to use in a variety of ways on your HO layout. Dry Transfer Decals, roof and clear window materials included.

5 3/4" w x 3" d x 3" h

Figures and vehicles not included.

This warning applies to all products on this page.

**WARNING:** Choking Hazard! Small parts. Not intended for children under 3 yrs.

## HO Scale Modular Building Kits

Construct these three highly detailed industrial buildings as illustrated, or customize by expanding their design with additional DPM modular parts. Easy to build, these kits include injection molded styrene plastic modular parts, roof, clear window materials and complete instructions.

## HO Scale Modular System Designer Bulk Packs

Each Designer Bulk Pack features a different architectural style with plans to build three specific structures. Everything is included: all the plastic styrene modular parts, roof and clear window materials, complete instructions, building plans, plus painting and weathering tips. You can expand any of the three building designs by adding additional wall sections (HO Scale Modular Parts on page 83), or use the Packs as an economical way to purchase modular parts for your own designs. You'll save about 40% by purchasing the packs than if you purchased the same wall sections separately.

Build paper mock-ups with the Planning Packet included in the Designer Bulk Packs, and simply design exactly the structure you want. By combining different modular elements of the Designer Bulk Packs and the more than 40 available interchangeable wall sections, you can fabricate a building of any size or shape. The possibilities are virtually limitless.

**Aunt Eleanore's House**  
5 3/4" w x 6" d x 5 1/4" h

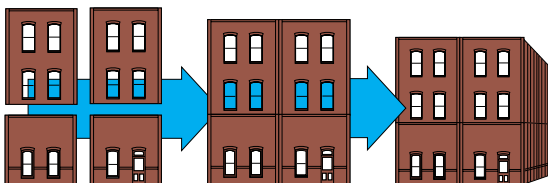

## 0 Scale Modular System

### UNLIMITED BUILDING OPTIONS

Interchangeable plastic wall sections make it easy to create buildings of any size, shape or height, according to your layout needs. Build large or small 0 scale buildings with architectural details molded in place. All wall sections are uniform in height and width (3 1/16" w x 4 1/8" h). Build two, three or more stories by stacking the desired number of wall sections. When you reach the desired height, finish the building with cornices.

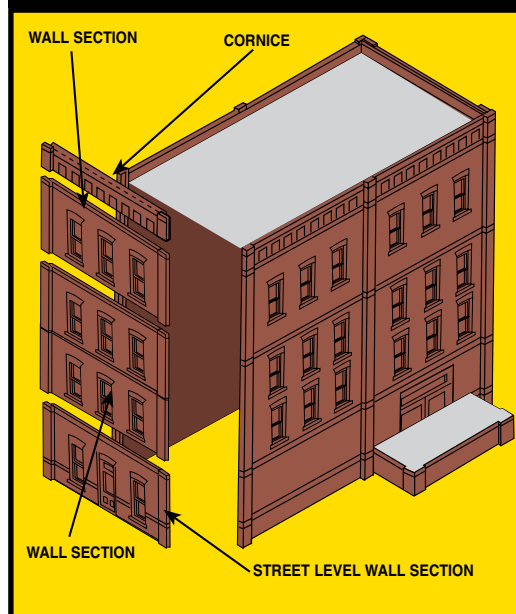

### BUILD AS MANY STORIES AS YOU NEED:

- Two identical walls with pilasters, plus clear window material
- Dock riser wall packages include four dock riser walls with pilaster
- Cornice packages include eight pieces of cornice with cornice pilaster
- Complete instructions

## Woodland Scenics Building Sets

Each of these building sets contain a collection of individual, architecturally accurate building kits that are a perfect complement to any layout! They include loads of detailed, lead-free, metal accessories and Dry Transfer Decals. Each building set is a complete city in a box at a super value!

### City & Industry Building Set S1486

\$229.99

- Complements Grand Valley Layout Kit or any HO scale layout
- A complete city in a box
- Fifteen HO scale building kits
- Buildings feature molded-in, architectural details
- More than 160 detailed accessories and 130 Dry Transfer Decals
- Super value - saves money over items purchased separately

### River Pass

### Building Kits S1487 \$229.99

This building set is a collection of 15 structures, created with authenticity and fine detail. All the necessary detailed accessories and Dry Transfer Decals are included to detail the buildings on your layout. Use the included River Pass street plan or use an existing layout and create your own HO scale plan. The set includes:

- More than 200 detailed accessories
- 110 Dry Transfer Decals
- 20 signs and posters

### Town and Factory Building Set S1485

\$134.99

- Complements Scenic Ridge Layout Kit or any N scale layout
- Thirteen N scale building kits
- Buildings feature molded-in, architectural detail
- More than 70 detailed accessories and 60 Dry Transfer Decals
- Super value - saves money over items purchased separately

## Scenic Details®

These kits are finely crafted HO scale reproductions made with highly detailed lead-free metal castings. Scenic Details are economical, easy to assemble, fun to paint and they add color, interest and authenticity to any layout. To ensure proper placement, add Scenic Details once landscaping is complete. Colorful Dry Transfer Decals are included in some of the kits. Attach to layout with Scenic Accents Glue, Hob-e-Tac Adhesive or Scenic Glue. We recommend using super glue or a two-part epoxy to assemble Scenic Details. Painting with Mini-Scene Paint Set (page 91) is recommended.

### Trackside Scenes™

Each HO scale Trackside Scene includes more than 70 highly detailed, lead-free metal castings. Kits contain all the details and landscape materials necessary to tell an authentic story in fine quality intricate detail, covering up to 200 square inches. Paint with Mini-Scene Paint Set (page 91). We recommend using super glue or a two-part epoxy to assemble Trackside Scenes.

**Possum Hollow** TS151 **\$39.99**

An abandoned caboose has been converted to a home for a backwoods family. The piles of accumulated junk add to the whimsy of the scene. *9" x 8" scene*

**Caboose & Sand Facility** TS152 **\$39.99**

This is a common sight found around railroad yards. The sand tower supplies the locomotives' needs while the storage shed keeps the caboose well-stocked. *9" x 8" scene*

**Otis Coal Company** TS153 **\$49.99**

Private coal companies were found along spur lines throughout the United States. Such facilities served as the link between the long coal trains and the consumer. *18" x 8" scene*

**Tie & Plank Mill** TS154 **\$49.99**

This small, steam-powered sawmill and dipping shed converted raw timber into ties and planks to supply the needs of local rail lines. *18" x 8" scene*

This warning applies to all products on this page.

**WARNING:** Choking Hazard! Small parts. Not intended for children under 3 yrs.

## Complete Scenes™

\$39.99

Create common scenes existing in railroad communities across America. Each HO scale kit contains all the highly detailed, lead-free metal castings, details and landscape materials necessary to assemble the scene in a variety of ways to best fit your layout space. Paint with Mini-Scene Paint Set (page 91). We recommend using super glue or a two-part epoxy to assemble Complete Scenes.

### Smiley's Tow Service S130

This scene includes over 60 white metal castings. Seven trees, Foliage and Turf are provided to make Smiley's a thriving enterprise.  
*7" x 9" scene*

### Maple Leaf Cemetery S131

It is mere chance if you find your name on one of the 28 tombstones included in this kit with more than 40 detailed accessories. Eight trees and all the Foliage and Turf are provided to make this scene.  
*8" x 11" scene*

### Memorial Park S132

A small community would not be complete without a place to get together on those warm summer evenings. Over 40 detailed accessories - trees, Foliage, Turf and the materials for fence and shed - are packed into this scene.  
*8" x 14" scene*

Scene Kits

This warning applies to all products on this page.

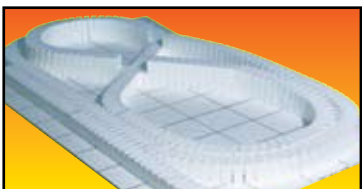

**WARNING:** Choking Hazard! Small parts. Not intended for children under 3 yrs.

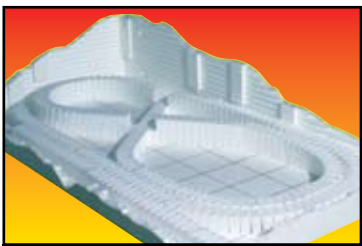

## Grand Valley and Scenic Ridge Layout Kits

Enjoy creating a layout without using complicated calculations or expensive power tools! These kits are designed to work as stand-alone layouts or to customize as part of a larger layout. Both kits include all the necessary SubTerrain, terrain and landscape products, track plans and illustrated instructions.

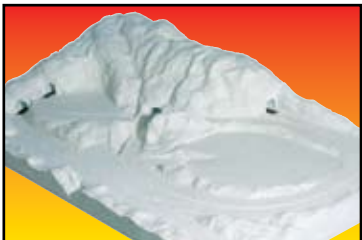

*Layout Kits*

Install Risers and Inclines on track plan that is pre-printed on the base.

Cut profile contours with the Hot Wire Foam Cutter or Foam Knife.

Use newspaper wads to form terrain contours and cover with wet Plaster Cloth to form a hard shell.

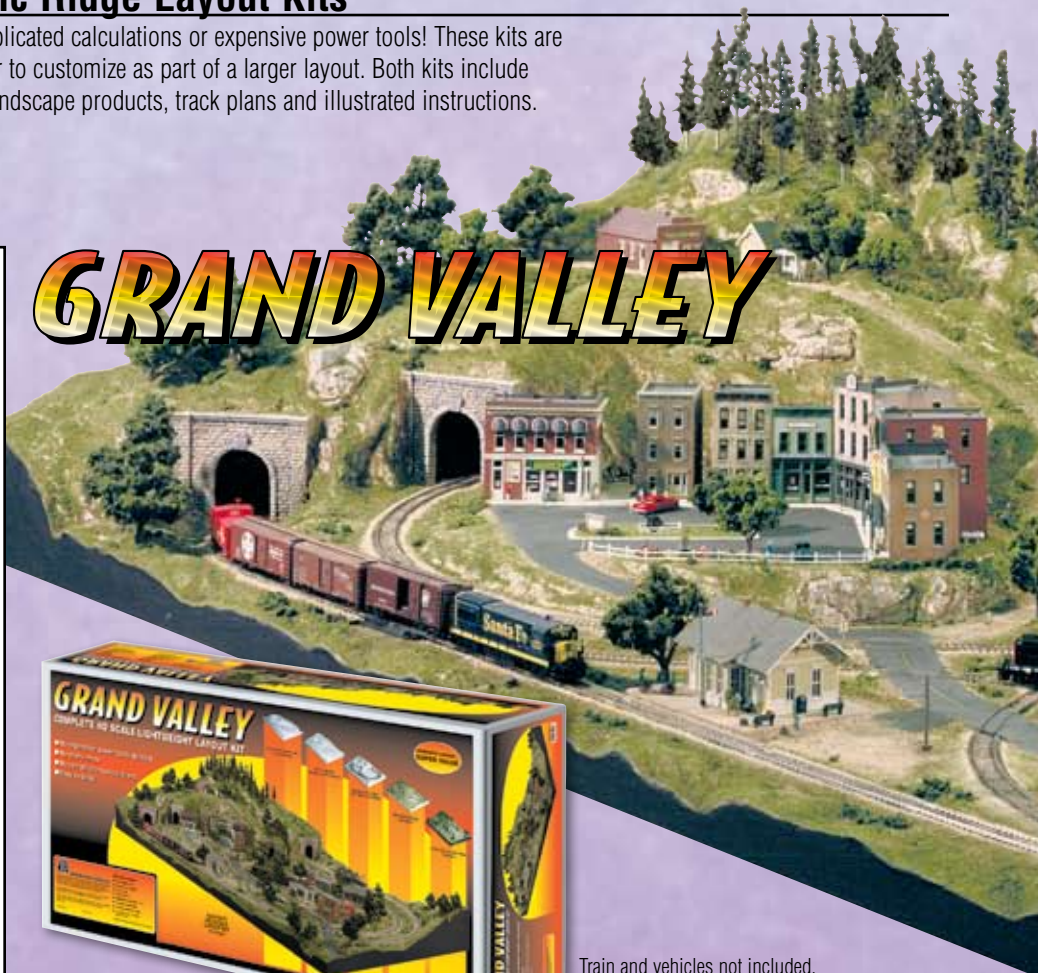

Install and color rocks and Tunnel Portals, paint terrain base and add roads using the Road System.

Landscap with ground covers and trees. Paint the layout profile, then add finishing details if desired.

# GRAND VALLEY

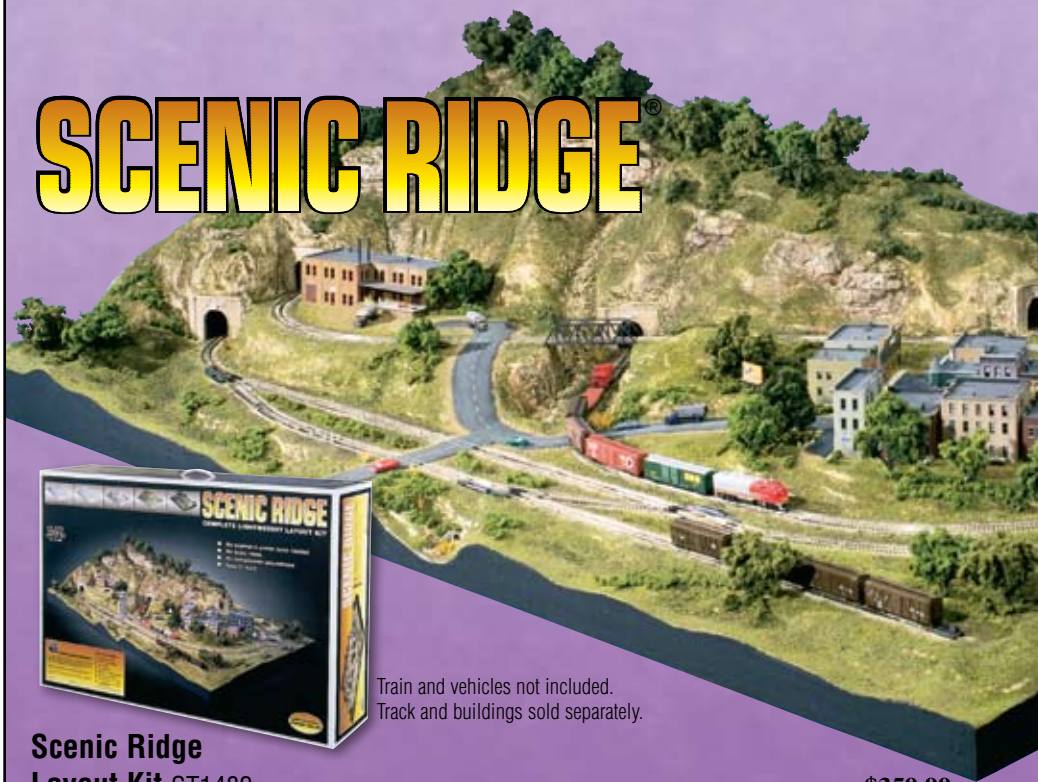

**Grand Valley**  
Layout Kit ST1483

Train and vehicles not included.  
Track and buildings sold separately.

**\$498.99**

# SCENIC RIDGE

**Scenic Ridge**  
Layout Kit ST1482

Train and vehicles not included.  
Track and buildings sold separately.

**\$359.99**

This warning applies to all products on this page.

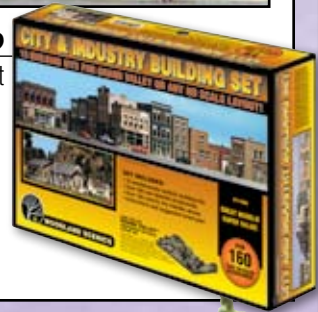

**WARNING:** Choking Hazard! Small parts. Not intended for children under 3 yrs.

Layout Kits

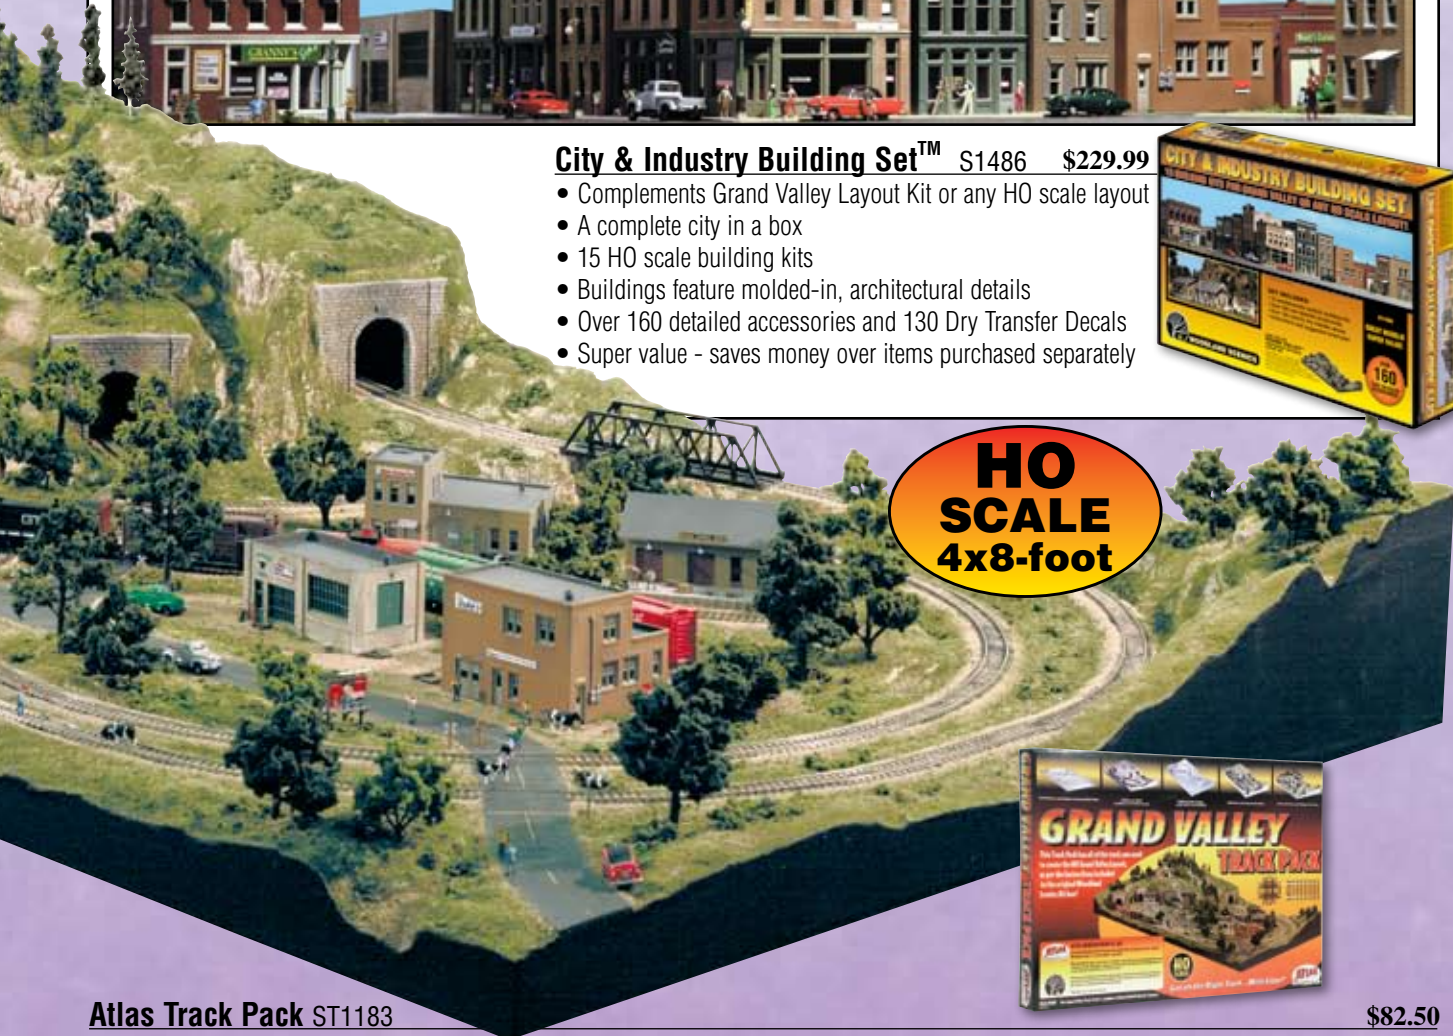

**City & Industry Building Set™** S1486 \$229.99

- Complements Grand Valley Layout Kit or any HO scale layout
- A complete city in a box
- 15 HO scale building kits
- Buildings feature molded-in, architectural details
- Over 160 detailed accessories and 130 Dry Transfer Decals
- Super value - saves money over items purchased separately

**HO SCALE**  
**4x8-foot**

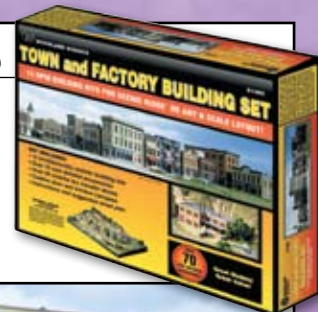

**Atlas Track Pack** ST1183

\$82.50

**N SCALE**  
**3x6-foot**

**Town and Factory Building Set™** S1485 \$134.99

- Complements Scenic Ridge Layout Kit or any N scale layout
- 13 N scale building kits
- Buildings feature molded-in, architectural detail
- Over 70 detailed accessories and 60 Dry Transfer Decals
- Super value - saves money over items purchased separately

**Atlas Track Pack** ST1182

\$65.95

This warning applies to all products on this page.

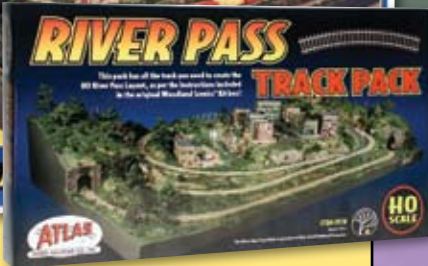

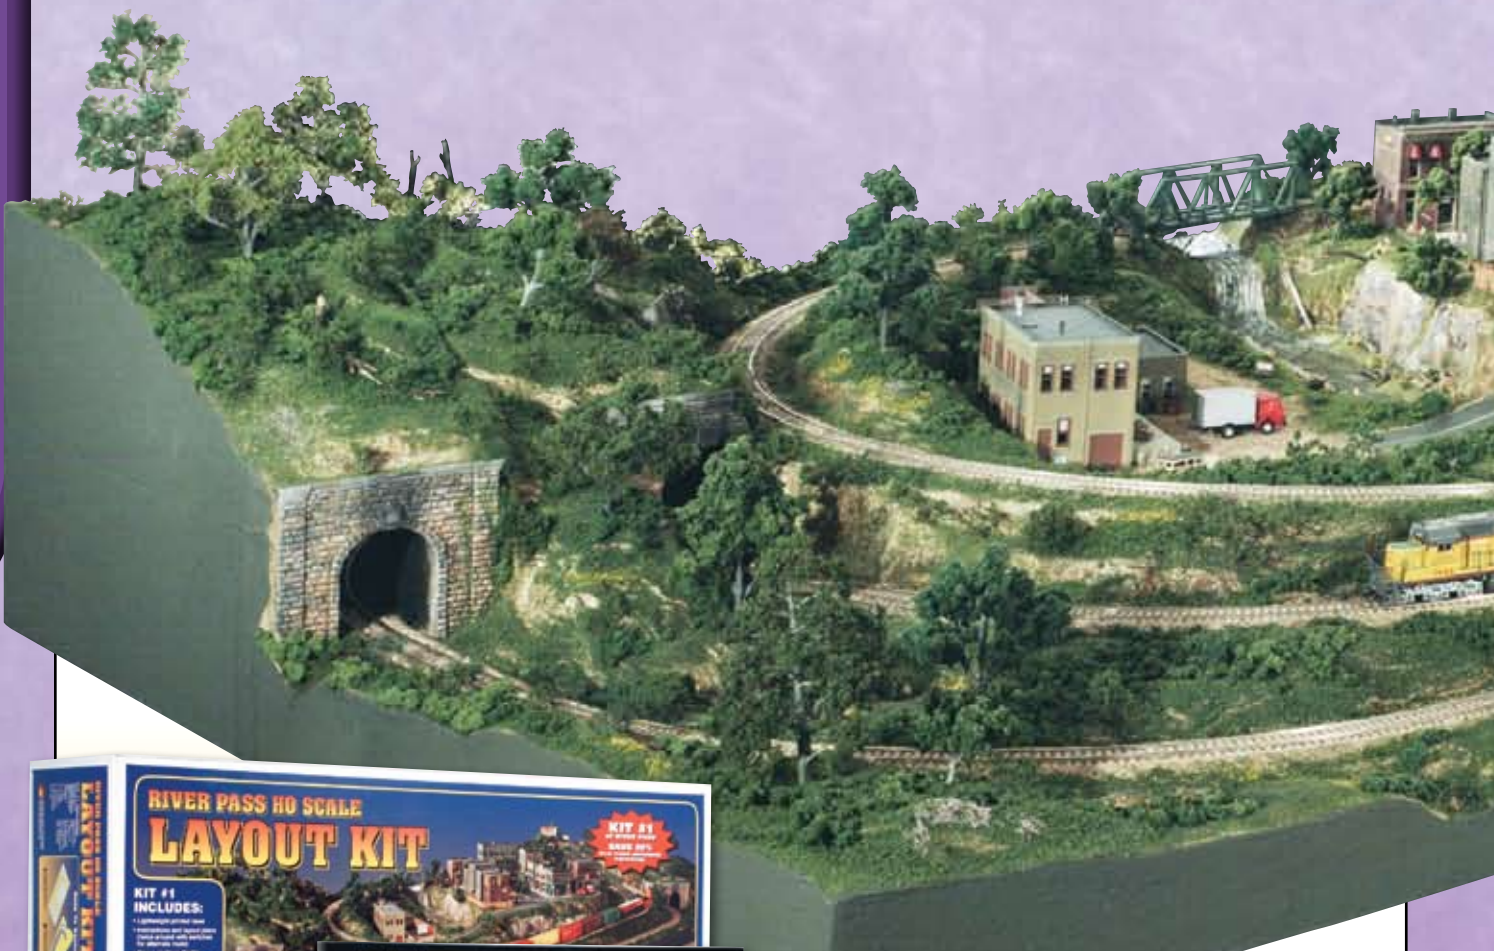

**WARNING:** Choking Hazard! Small parts. Not intended for children under 3 yrs.

# RIVER PASS™

## Build a complete 4 x 8-foot layout with three easy-to-assemble kits

Designed to work together, these kits can also be used separately. Each kit includes detailed plans and instructions. Once River Pass is complete, the modeler will have completed a layout and developed the expertise to easily keep on building! River Pass can be used as a complete layout, expanded or attached to an existing layout.

Layout Kits

### River Pass Layout Kit ST1484 \$399.99

This kit includes all the materials needed to build a lightweight SubTerrain layout base. Build up the track and roads with Inclines and Risers and establish flat areas with Foam Sheets. Use Profile Boards to build perimeters. Then build up the terrain with newspaper wads and Plaster Cloth to make mountains, plains and other hard shell terrain features.

- No dusty mess
- No power tools or complicated calculations
- Designed for expansion

### Atlas Track Pack ST1184 \$71.50

### River Pass Scenery Kit S1488 \$249.99

This kit includes enough scenery materials to cover the River Pass Layout Kit or any 4 x 8-foot layout. It features Realistic Water and Water Effects, Dead Fall, Flowering Foliage, Underbrush, Bushes, Fine-Leaf Foliage, Rock Molds, Fine Turf, Ballast, Talus, Clump-Foliage, trees, Earth Colors Liquid Pigment, adhesives, Lightweight Hydrocal\* and Complete Road System.

- Over 40 products included
- Can be adapted to any scale
- Detailed instructions for River Pass placement

\*Hydrocal is a product of US Gypsum

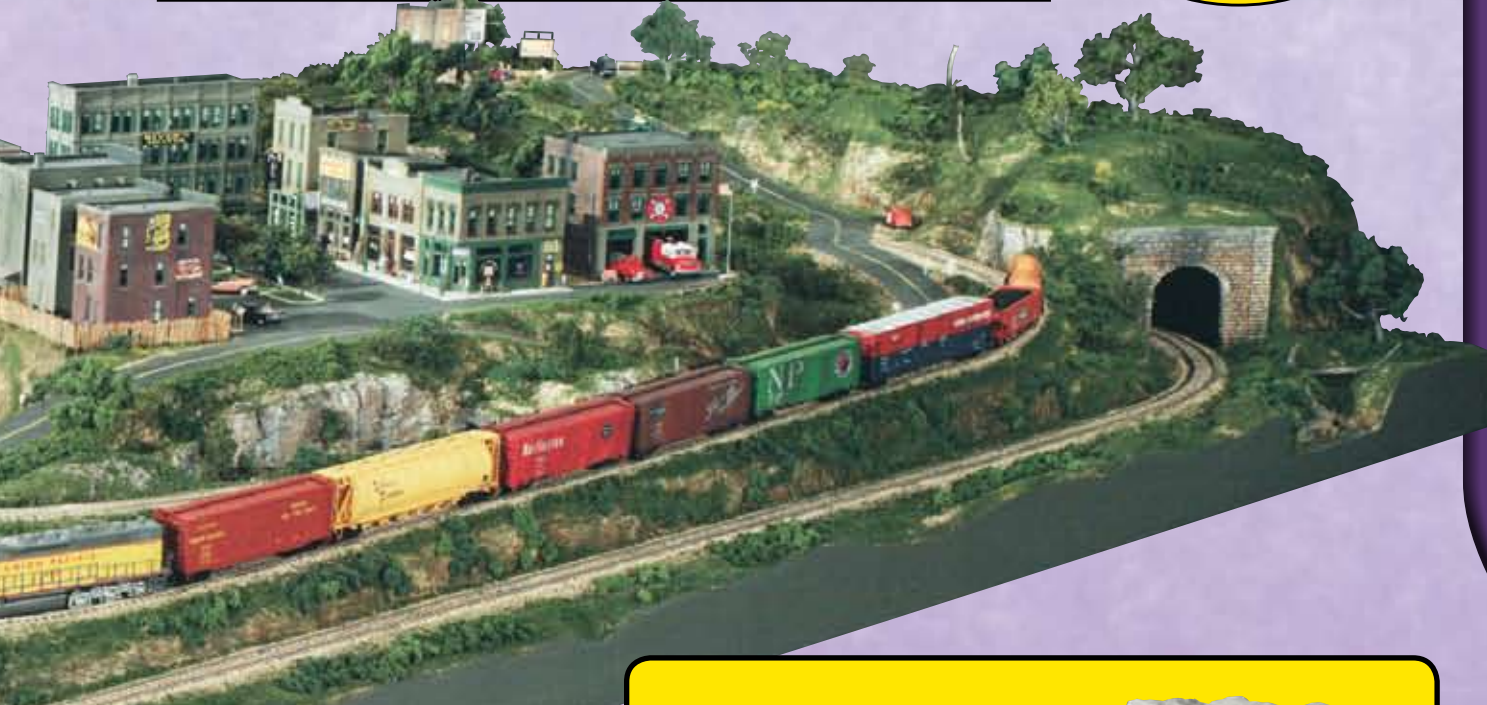

This warning applies to all products on this page.  **WARNING:** Choking Hazard! Small parts. Not intended for children under 3 yrs.

**HO  
SCALE  
4x8-foot**

*Layout Kits*

**River Pass  
Building Kits** S1487      \$229.99

This kit is a collection of 15 buildings, created with authenticity and fine detail. They include all the accessories and Dry Transfer Decals you'll need to detail the buildings on your layout. Use the included River Pass street plan, or create your own HO scale plan using an existing layout.

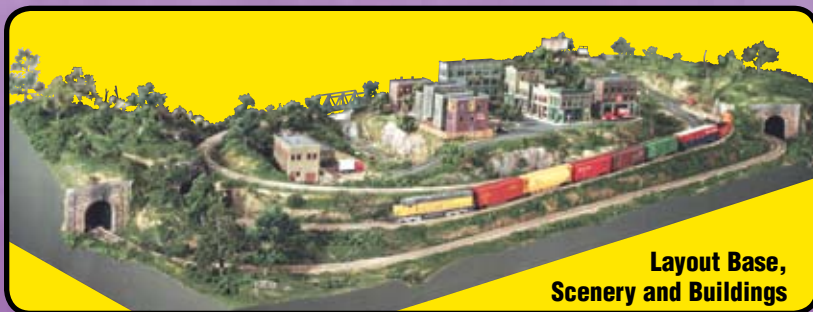

- Over 200 detailed accessories
- 110 Dry Transfer Decals
- 20 signs and posters

**Layout Base**

**Layout Base  
and Scenery**

**Layout Base,  
Scenery and Buildings**

Train and vehicles not included in these kits. Track and buildings sold separately.

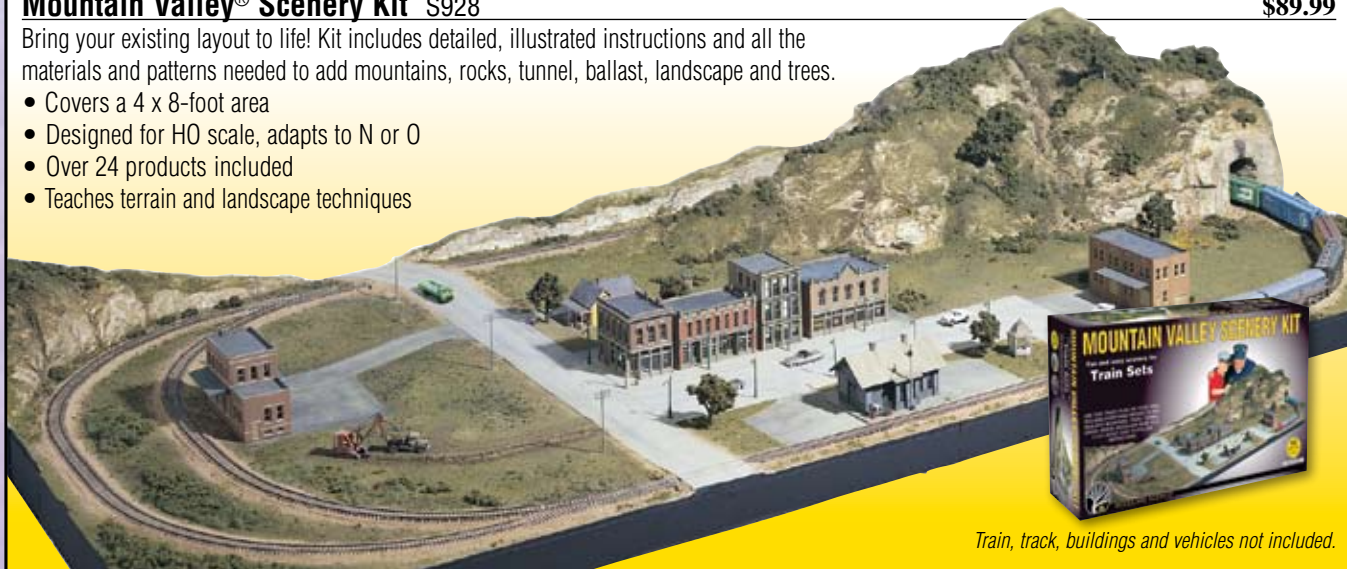

## Scenery Kits

### Mountain Valley® Scenery Kit S928

**\$89.99**

Bring your existing layout to life! Kit includes detailed, illustrated instructions and all the materials and patterns needed to add mountains, rocks, tunnel, ballast, landscape and trees.

- Covers a 4 x 8-foot area
- Designed for HO scale, adapts to N or O
- Over 24 products included
- Teaches terrain and landscape techniques

*Train, track, buildings and vehicles not included.*

### Complete Landscape Kit S926 \$39.99

Excellent landscape starter kit that includes an assortment of our products.

- 18 lead-free metal tree armatures
- 3 colors of Foliage
- 7 tree Stumps
- 2 packages of Green Blend Blended Turf
- 3 packages of Turf accent colors

### The Scenery Kit S927 \$64.99

This kit is for beginners.

- Learn terrain and landscape techniques
- Build a 10 x 18-inch HO scale diorama
- Over 20 products included
- Display an engine or piece of rolling stock

*Train not included.*

### SubTerrain Scenery Kit S929 \$64.99

This kit uses SubTerrain, Terrain and Landscape Systems.

- Build a 12 x 24-inch N scale diorama
- Learn SubTerrain's five easy steps - no mess or complicated calculations
- Create realistic terrain features with Plaster Cloth, rock castings and a Tunnel Portal
- Make trees and landscape with various ground covers, Ballast, Talus and other scenery products

*Train not included.*

This warning applies to all products on this page.

**WARNING: Choking Hazard! Small parts. Not intended for children under 3 yrs.**

### River Pass Scenery Kit S1488

**\$249.99**

This kit includes a variety of landscape products, such as Realistic Water, Water Effects, Fine-Leaf Foliage, Dead Fall and more! Designed for River Pass layout kit, but will cover any 4 x 8-foot layout.

- More than 40 products included
- Adapt to any scale

*Track sold separately.*

### Collectible House Display Kit CH1057

**\$34.99**

Learn to easily build a scenic display for your collectible house. This kit includes all the materials necessary to build this enchanting diorama. Display on a desk, dresser or any tabletop. Great for beginner to expert modelers.

- Makes an 18 x 10-inch display
- More than 11 products included
- Learn to use the Terrain and Landscape Systems

*House not included.*

### Build a Display for Collectible Houses

**VHS CH1056 - DVD CH1055**

**\$19.99**

This step-by-step video teaches you to build a 31 x 44-inch display for your collectible houses. Display enchanting scenery dioramas year-round and easily modify to fit any table, buffet, TV, dresser, fireplace or mantel. Video includes step-by-step instructions, tips, techniques and ideas for each product used.

*Houses, people and streetlights not included.*

*Layout Kits*

# Dry Transfer Decals

Give your layout, diorama or miniature scene that special touch of authenticity. Dry Transfer Decals represent a wide variety of shapes, sizes and colors and are the quick and easy way to make your hobby projects look great! Depending on the specific application, decals are suitable for O, HO and N scale. The wide range of full color designs adds detail and realism to buildings, fences, signs and boxcars. So easy, you'll never use wet process decals again! 4" x 5" sheets

1. Position the Dry Transfer Decal where you want it and rub over the top with a burnisher or dull pencil.
2. Carefully remove the carrier sheet.
3. Place the backing paper over the Dry Transfer Decal and burnish again. Smooth into rough or textured surfaces with light pressure from your thumb or an eraser.
4. Dry Transfer Decals can be "weathered" with a light sanding or other various techniques.

## Dry Transfer Burnisher DT600 \$5.99

Use a Burnisher to transfer decals from the carrier sheet to any surface. Made of a smooth-gliding plastic, the Burnisher has two points: a fine point for small Dry Transfers and a wide blade with a chisel for burnishing larger areas and working Dry Transfer Decals into textures.

**Signs & Posters**  
Transform your cities and towns with color, variety and life. Easily create a large array of business, advertising and railroad signs using D245, DT551-DT557 and DT559-DT563.

**Series One**  
D245 \$6.49

**Tavern, Gas Station & Commercial Signs**  
DT551 \$6.49

**Assorted Logos & Advertising Signs**

### Hob-E-Lube® Premium Oils

These oils are plastic and paint compatible. They come with a metal cap and 2 1/4" needle applicator (for hard to reach areas). .5 fl. oz./15 ml.

#### Ultra-Lite Oil HL661 \$7.99

Contains proven anti-wear additives. Use on HO and smaller scales of model trains, precision instruments or where a light oil is needed.

#### Lite Oil HL662 \$7.99

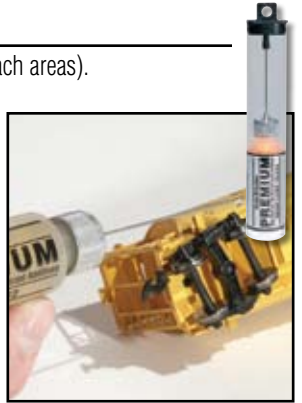

Multi-viscosity additives for trouble-free operation, even at extreme temperatures. Great for home and workshop applications.

#### Medium Oil HL663 \$7.99

Prevents metal contact and surface scuffing. Specially formulated for use on R/C cars, airplanes, boats and HO scale and larger model trains.

#### Gear Lube HL664 \$7.99

A true gear lubricant, where tough, lasting gear oil is needed.

### Hob-E-Lube® Lubricants

Use these lubricants on model trains, R/C cars, planes and boats.

#### Dry Graphite HL651 \$4.99

With Molybdenum: will not collect dust, has good adherence properties and clings to sliding surfaces. Ideal for metal, wood, plastic and rubber. .23 oz.

#### Dry White Lube HL652 \$4.99

With Teflon\*: is white and non-staining. It will not conduct electricity or collect dust. Use on metal, wood, plastic and rubber. .125 oz.

#### Ultra-Lite Oil HL653 \$4.99

A light viscosity oil for small, precision parts. Penetrates and lubricates close-tolerance areas. Includes extension tip for hard-to-reach areas. .5 fl. oz.

#### Lite Oil HL654 \$4.99

A multi-viscosity, general-purpose hobby lubricant for light load-bearing applications. An ideal rust preventative. Includes extension tip for hard-to-reach areas. .5 fl. oz.

#### Gear Lube HL655 \$4.99

A tough, long-lasting, heavy-duty, hobby lubricant with tack additive for anti-drip adherence. Use on small gears and at high friction points. Includes extension tip for hard-to-reach areas. .5 fl. oz.

#### Moly Grease HL656 \$4.99

With Molybdenum: covers the entire surface and maintains viscosity at high temperatures. A high load-bearing, waterproof grease that stays put. .34 oz.

#### White Grease HL657 \$4.99

With Teflon\*: a non-staining, clean lubricant that is waterproof and protects against corrosion. .34 oz.

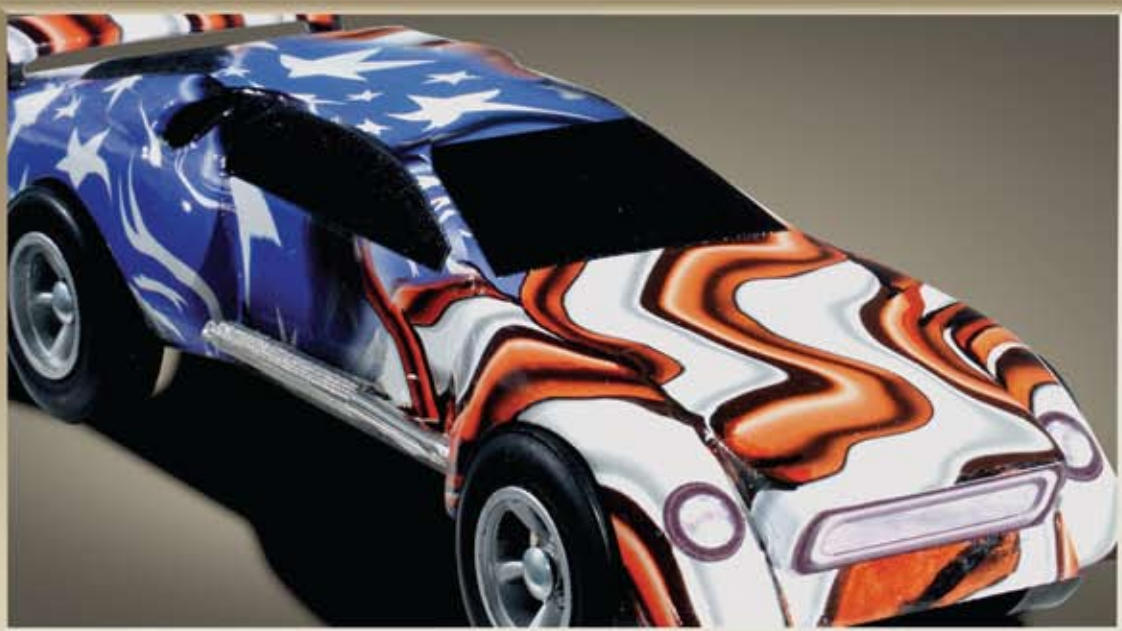

#### 7-Pak Workbench Assortment HL650 \$26.99

This super-saver value includes all seven lubricants, plus instructions that list applications and the exact lubricant to use.

\*DuPont registered trademark.

**PINECAR®**

2010

PineCar Racers are small models built to specific dimensions and raced by gravity down an inclined track. PineCar is a leading supplier of these small racers and all the accessories. Our selection of racer bodies and kits, with pre-cut axle grooves, give racers a fair chance to compete. With PineCar's variety of custom parts, canopies and decals, your racer will be the sharpest on the track.

## How-To Book P383

\$4.29

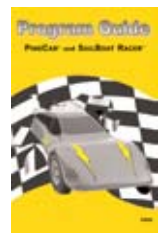

This book is a guide to help you learn the principles of design for both speed and looks. It includes tips on cutting out PineCar Racers, painting instructions to achieve a great-looking finish and techniques to help you create the fastest racer on the track.

## Program Guide P450

\$3.00

A fully-illustrated booklet with easy-to-follow, step-by-step instructions on conducting a PineCar or SailBoat race. Booklet includes planning the event, setting up the race floor plan, selecting the racer kits and organizing the race.

## Building PineCar Racers

VHS P3940 - DVD P3941

\$14.99

This comprehensive video/DVD can teach anyone how to build a winning racer. It includes step-by-step instructions beginning with a wood block and advancing through the designing, cutting, shaping and finishing stages. Approximately 45 minutes.

## PineCar Racer® Bodies and Kits

It all starts with the basic wood block or wedge. Both have been cut from the best fine-grain, soft wood. Each piece is knot-free, so carving a racer design is easy. These kits require some woodworking tools. You will be able to create a unique racer of your own design. Choose the kit you want and add accessories and speed equipment to make a winning racer. All wedges and blocks have pre-cut axle grooves.

### PineCar Racer Basic Kit P370 ⚠️ \$3.99

Includes a wood block, wheels, hubcaps, four nail-type axles and two one-piece axles\*.

*\*Official BSA wheels and axles fit all PineCar Racers*

*Racer shown was made with PineCar Racer Basic Kit (P370) and Dry Transfer Decals Dragonfire (P308).*

### PineCar Racer Wedge Kit P369 ⚠️ \$3.99

Ready to go. No tools required: just sand, paint and decorate. Includes a wedge, wheels and four nail-type axles\*.

*\*Official BSA wheels and axles fit all PineCar Racers*

*Racer shown was made with Designer Kit With Wedge Black Widow (P420).*

### Block P361

HOW-TO VIDEOS  
pinecar.com

\$2.99

Use it to make your own unique racer body, or as a replacement block if you make a mistake! Also great for cutting out fenders or other add-on parts.

### Wedge P360

\$2.99

Use it to make your own unique racer body, or as a replacement wedge if you make a mistake! Also great for cutting out fenders or other add-on parts.

**⚠️ CHOKING HAZARD** (see page 2) Not intended for children under 3 yrs.

See page 146 for merchandiser.

PineCar®

### Pre-Cut Designs

\$6.99

Rough-cut, unfinished shapes for those who want a great-looking racer, but may not have the necessary woodworking tools or skills. The designs come in eight basic shapes: each can be finished by simply sanding and painting. *Details, custom parts, axles and wheels not included.*

**Funnycar** P362

**Grand Prix** P363

**Roadster** P364

**Deuce Coupe** P365

**Ferrari** P366

**Dragster** P367

**GT Racer** P3965

**Truckster 4x4** P3966

### Aerodynamic Pre-Cut Designs

\$9.99

PineCar's new Pre-Cut Designs are low profile and aerodynamic blocks, rough-cut and ready-to-finish. Each Pre-Cut has prepared cavities for round or flat weights and extra grooves for an optional extended wheelbase. This is the perfect design for those who want a great looking, great racing car but may not have the necessary wood working tools or skills.

**NEW**

**Hammerhead** P3967

**Stealth** P3968

**White Lightning** P3969

**The Blur** P3970

### Speed Racer Kit P3935

\$11.99

For a winning edge, get the Speed Racer Kit. This gravity-driven racer sports a new innovative weight system. Its simple design was created using principles of physics, with consideration for racing properties, such as aerodynamics, weight distribution and airflow factors. Kit includes one-piece axles, wheels, racer body, hubcaps, a lead-free cavity weight and top weight with screws. *Sandpaper, lubricant and paint not included*

### Deluxe Car Kits

\$12.99

Each kit contains a different pre-cut, unfinished racer body, Dry Transfer Decals, a lead-free incremental weight with screws, wheels, one-piece axles, hubcaps and custom parts, such as headers, engines and pipes. *Lubricant, glue and paint not included*

**Turbo Funnycar** P371

**Formula Grand Prix** P372

**Wildfire Roadster** P373

**Bandit Coupe** P374

**GTS Ferrari** P375

**Slingshot Dragster** P376

 **CHOKING HAZARD** (see page 2) Not intended for children under 3 yrs.

This warning applies to all products on this page.

**WARNING:** Choking Hazard! Small parts. Not intended for children under 3 yrs.

### PineCar Racer Premium Kits

\$14.99

Complete racer kits that are great for any skill level and require few tools. Kits come in six cool racing designs and contain everything needed to build and accessorize winning racers. Includes pre-cut body, body details, detail parts, wheels, two one-piece axles, hubcaps, a lead-free incremental weight with screws, sandpaper, body paint, gloss finish, two accent paints, two paintbrushes and decals. *Glue not included*

**Furious Racer** P3945

**Baja Racer** P3946

**Can Am Racer** P3947

**Muscle Racer** P3948

**West Coast Growler** P3949

**Blue Venom** P3950

1. Sand racer body.

2. Glue on body details.

3. Paint.

4. Add decals and detail parts.

5. Paint with gloss finish.

6. Attach wheels and weights.

### Designer Kits

\$6.49

Each kit includes a different template to create a three-dimensional shape, plus pre-fabricated fenders and Dry Transfer Decals to decorate your racer. All kits include a lead-free incremental weight with screws and black accent material to add realistic windows. *Block, wheels and axles not included*

**Screamin' Eagle** P413

**Starfire** P414

**Batcar** P415

**Thunderbolt** P416

### Designer Kits With Wedge \$10.99

Use the template provided to add pre-fabricated canopies, spoilers and other three-dimensional designer body details to the pre-cut wedge. Dry Transfer Decals, black accent material, racing wheels, hubcaps, one-piece axles and lead-free incremental weights with screws add finishing touches. *Sandpaper, paint and glue not included*

**Black Widow** P420

**The Avenger** P421

PineCar®

## Body Skin® Custom Transfers \$6.49

Turn a plain racer into an awesome racing machine! Instead of paint, wrap your winning racer with Body Skin Custom Transfer designs for a customized racer finish. Use skins as a complete wrap or to create accents and details. Product application is fast, easy and requires no artistic talent: simply apply with a wet sponge. Black window material also included. Sheet size: 5 5/8" x 9 1/8".

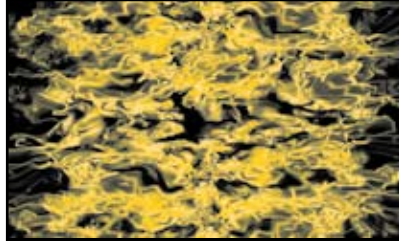

**HOW-TO

1. Use a wet sponge to adhere Body Skin.

2. Peel off backing sheet.

3. Use a wet sponge to smooth onto racer.

PineCar®

## Complete Paint Systems

\$8.99

Color does make a difference! This paint system includes everything you need, from sanding your racer to a paint job with a high gloss finish. Available in five hot racing colors, the system is ideal for finishing wood, plastic or metal parts. Included in this kit is sealer/paint, gloss finish, two accent colors, two brushes, plus sandpaper.

Sealer/Paint .8 fl. oz.

Gloss Finish .8 fl. oz.

Accent Paints .125 fl. oz.

**HOW-TO VIDEOS**  
pinecar.com

Racer shown was made with Designer Kit with Wedge The Avenger (P421) and Complete Paint System Cool Blue (P3955).

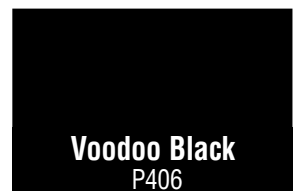

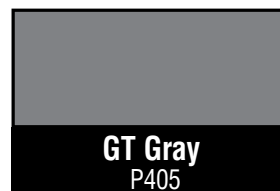

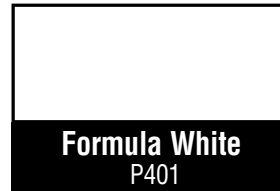

## Custom Finishing Kits

\$8.99

Use these kits to finish wood, plastic or metal parts. Each kit includes three grades of sandpaper (fine, medium and coarse), a sanding block, sealer/paint, gloss finish and an applicator. Available in twelve racing colors.

Sealer/Paint .8 fl. oz.,

Gloss Finish .8 fl. oz.

Racer shown was made with Custom Finishing Kit Competition Red (P409), Aerodynamic Pre-Cut Design The Blur (P3970) and Dry Transfer Decal Freedom Forever (P4019).

# Dry Transfer Decals

The fastest and easiest way to customize a racer. These decals are high quality graphics, numbers and letters. Transfer to any texture, and around contours, by rubbing them on with a dull pencil or burnisher. Sheet size:

4" x 5" \$5.49  
4" x 2 1/2" \$3.89

Includes: 2 Exhaust Pipes, 1 Engine and 1 Windshield

**Street Rod**  
P333

PineCar®

This warning applies to all products on this page.

**WARNING:** Choking Hazard! Small parts. Not intended for children under 3 yrs.

## Cockpits and Drivers

\$4.29

Either of these designs add humor and character to your racer. They give it unique detail and individuality. Paint parts, attach to racer and now they are ready to race.

Racers shown were made with PineCar Racer Wedge Kit (P369).

Includes: 1 Driver, 1 Cockpit, 1 Steering Wheel and 1 Shifter

**Mad Racer**  
P3920

Includes: 1 Driver/Cockpit and 1 Canopy

**Baron Von Gofast**  
P3921

## Canopy & Cockpit Sets P346

\$3.99

Give your racer a finished touch by using one of three different decals and canopies included in this package.

Racer shown was made with PineCar Racer Wedge Kit (P369).

## Windshield Kit P348

\$3.99

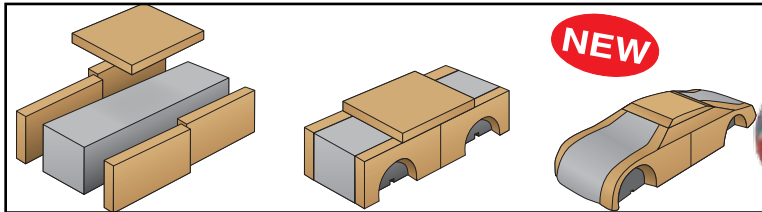

Add that finishing touch to any racer. Create one of several lead-free windshield designs. Kit includes a driver, roll bar, seat back and a sheet of black vinyl. Glue to racer with PineCar Formula Glue or Super Glue.

## Body Builder™ Kit P4036

\$9.99

Pump Up Your Racer's Physique for a Strong Showing! Easily make custom body styles by adding height, fenders, fins and other details to a block or wedge. Lightweight balsa wood is easy to cut and carve and adds minimal weight. PineCar Formula Glue included.

**NEW**

## Tools & Adhesives

From tools to glue, these products are especially formulated to help you create your winning racer!

### Racer Shaping Tools P3930

\$12.99

All the tools you need in one package! Coping saw and rasp help you transform a block of wood into a magnificent racer. Includes five different specialty blades for various cutting options: medium blade for wood, fine blade for wood or plastic, extra-fine blade for metal or wood, fine blade for metal and wood and a hacksaw blade for cutting metal. These tools can be used for other crafts. Length between blade pins is 6 1/2".

**HOW-TO VIDEOS**  
pinecar.com

### Performance & Conformity System P4035

\$24.99

**NEW**

Size up your car before race day! Portable scale and conformity gauge keep you up to speed on your racer's weight and dimensions. Quickly check car weight, overall width, width between wheels and track clearance. Use included mathematical formula or the simple chart to determine your car's center of gravity and adjust weight placement for optimum speed and stability. Batteries included. *Maximum weight: 14.1 oz./400 gr.*

PineCar®

### Micro-Polishing System

P4038  \$8.99

Micro-polish your axles for minimal friction. Beginning with the three-sided file, use this progressive polishing system to reduce friction for a smooth spin. Kit includes magnifier to monitor your polishing progress. For a racing edge, follow up with the Diamond Finishing Kit. (P4039).

**NEW**

### Diamond Finishing Kit

P4039  \$9.99

Give your axles a checker flag finish! For that winning edge and the slickest axle spin, use this specially formulated diamond compound as the final finish after the Micro-Polishing System. Even polishes watch crystal!

**NEW**

### Sanding Sealer and Wax

P3960  \$6.99

Apply Sanding Sealer prior to painting your racer. It saturates wood pores and creates a surface easily sanded to a flawless finish, ready to paint. Works exceptionally well with spraypaint. Wax the painted surface for a showroom shine.

*Truck shown was made with Pre-Cut Design Truckster 4x4 (P3966), Custom Parts Eliminator (P341) and Dry Transfer Decals Custom Designs (P318).*

**NEW**

### Body Putty P3928 \$3.59

Use to repair gaps, cuts or scratches on your racer. Works great as an all-over smoothing compound and sealer. Spatula included. .5 oz.

### Sandpaper Assortment P380 \$2.19

Includes two each of three grades of quality sandpaper: 220 grit (fine), 120 grit (medium) and 80 grit (coarse). The handy size fits around a small wooden block to smooth surfaces for painting.

**HOW-TO VIDEOS**  
pinecar.com

### Sanding Pads P3932 \$3.29

Two Sanding Pads – 220 grit (fine) and 100 grit (medium) – help you achieve a perfectly smooth finish before and during the painting process. These foam-backed pads mold to fit any object. They are reusable: clean with water. Can be used wet or dry.

**HOW-TO VIDEOS**  
pinecar.com

### Super Glue P381 \$1.99

Instantly bonds almost everything to anything. Ideal for attaching Custom Parts and designer details. .11 fl. oz./3.25 ml.

### Formula Glue® P384 \$2.99

A non-toxic, non-flammable, high-tack and fast-setting white glue that is compatible with metal, plastic and wood. .5 fl. oz./15 ml.

## Accessories

Use these accessories to improve racer performance and proudly display your hard work.

### Racing Wheels P347 \$3.79

Includes four replacement wheels, two one-piece axles, four nail-type axles and five hubcaps. Check with your group leader for local race rules (wheels and axles that do not meet specifications may be disqualified).

### Racer Display Stand \$6.99

P382

Preserves your racer in trophy-like splendor after the race. The sleek metal bracket holds any PineCar or SailBoat Racer, and mounts on a solid oak base.

### Show Wheels P349 \$7.99

Cast metal "mags" with rubber tires, designed for displaying your car before and after the race. These wheels are not intended for racing. Four nail-type axles are included.

### 5 Axles P457 \$1.49

These one-inch nail-type axles are for replacing damaged or lost axles. They meet BSA specifications.

 **CHOKING HAZARD** (see page 2) Not intended for children under 3 yrs.

**Wheel Turning Mandrel** P357  **\$3.79**

This mandrel holds wheels securely in a drill while removing parting seam for a smooth, fast-running racer. The package includes a two-piece mandrel and two grades of sandpaper: 220 grit (fine) and 120 grit (medium).

**HOW-TO VIDEOS**  
pinecar.com

**Axles & Polishing Kit** P359  **\$3.69**

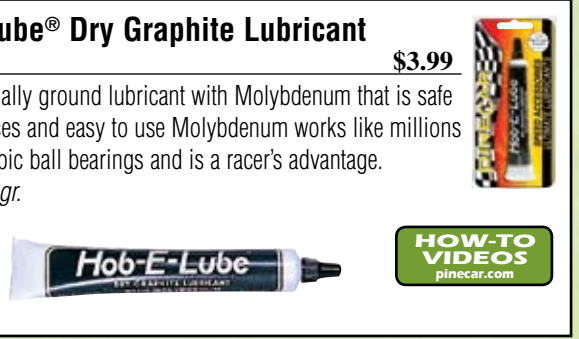

Use this kit to improve your racer performance and reduce axle friction. It includes five BSA nail-type axles, a sheet of 600 grit (wet-or-dry) sandpaper and polishing pumice.

**HOW-TO VIDEOS**  
pinecar.com

**Hob-E-Lube® Dry Graphite Lubricant**  
P358 **\$3.99**

A fine, specially ground lubricant with Molybdenum that is safe on all surfaces and easy to use Molybdenum works like millions of microscopic ball bearings and is a racer's advantage.  
.23 oz./6.5 gr.

**HOW-TO VIDEOS**  
pinecar.com

**Dry White Teflon\* With Cling**  
P355 **\$3.99**

This fine, non-staining Teflon\* lubricant has an additive that clings to smooth surfaces. Use where local rules prohibit the use of graphite.  
.125 oz./3.5 gr.

**HOW-TO VIDEOS**  
pinecar.com

\*Teflon is a DuPont Registered Trademark

**XLR8 Ultra Graphite™**  
P4037  **\$9.99**

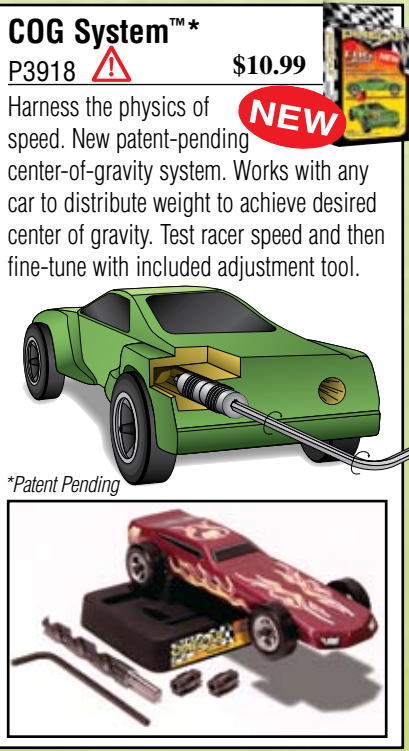

The "Got-to-have-it" graphite for the serious competitor! Tested and true, XLR8 amps your racer's speed to the max. Stainless steel-plated needle applicator for precision placement.  
.23 oz./6.5 gr.

**NEW**

**COG System™\***  
P3918  **\$10.99**

Harness the physics of speed. New patent-pending center-of-gravity system. Works with any car to distribute weight to achieve desired center of gravity. Test racer speed and then fine-tune with included adjustment tool.

**NEW**

\*Patent Pending

**Featherweight Customizing Kit**  
P3929  **\$6.99**

Have the most original car on the track! Design and create lightweight, custom car parts, decorations and figures that add minimal weight to your racer.

*One package of modeling clay will add no more than 1 ounce to car weight.*

**NEW**

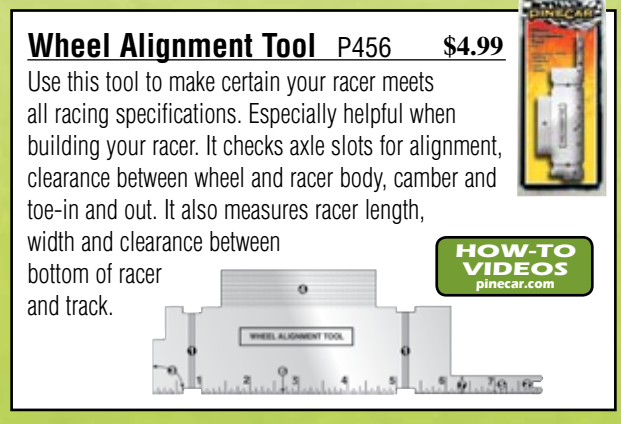

**Speed Kit** P356  **\$12.99**

Use this kit to improve the overall performance of your racer. It includes Hob-E-Lube Dry Graphite Lubricant, a Wheel Turning Mandrel, Axles & Polishing Kit and a lead-free Bar Weight with screws. Kit offer savings over purchasing components separately.

**Wheel Alignment Tool** P456 **\$4.99**

Use this tool to make certain your racer meets all racing specifications. Especially helpful when building your racer. It checks axle slots for alignment, clearance between wheel and racer body, camber and toe-in and out. It also measures racer length, width and clearance between bottom of racer and track.

**HOW-TO VIDEOS**

## Weights

Weights are a major factor in building a winning racer. The heavier your racer, the faster it goes. Our lead-free weights are incremental and scored. Sections can be broken off, even on race day.

### Round Weights and Combo Weights

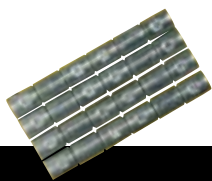

**\$3.89**

Insert lead-free Round and Combo Weights into the body of the racer, or attach Combo Weights to the sides.

Approx. 1 oz. each

**Round P350**

Approx. 1/2 oz. each

**Combo P354**

### Tapered, Strip and Bar Weights

**\$3.89**

Attach or countersink these weights under your racer. Pre-drilled holes make installation easy. Screws included.

Approx. 2 oz.

**Tapered P351**

Approx. 1 oz. each

**Strip P352**

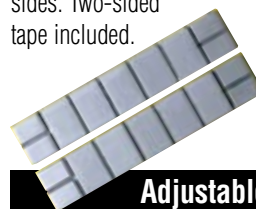

Approx. 2 oz.

**Bar P353**

### Adjustable Stick-On and Designer Stick-On Weights

**\$3.89**

Attach lead-free Stick-On Weights to the bottom of your racer. For a custom look, attach Designer Stick-On Weights to the sides. Two-sided tape included.

Approx. 1 oz. each

**Adjustable Stick-On P378**

Approx. 1 oz. each

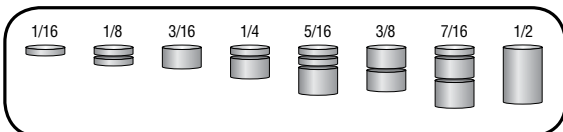

**Designer Stick-On P379**

### Tungsten Incremental Weights

Almost 3x as dense as traditional weights, tungsten provides more control over precise weight distribution. Incremental weight design allows you to weigh your racer in exact 1/16-ounce increments to the maximum weight allowed.

**NEW**

**\$9.99**

**2 oz. Cylinder Weights P3914**

**\$13.99**

**3 oz. Cylinder Weights P3915**

**\$10.99**

**2 oz. Plate Weights P3916**

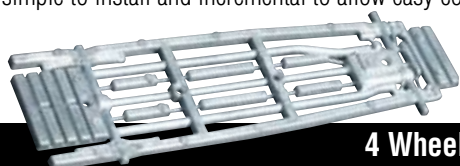

**\$14.99**

**3 oz. Plate Weights P3917**

### Chassis Weights™

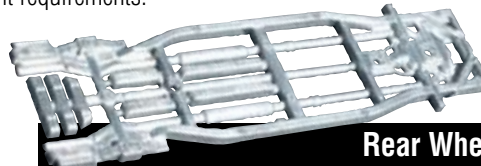

**\$4.69**

Available in four detailed styles, lead-free Chassis Weights expertly replicate the underbody of real cars. Weights are simple to install and incremental to allow easy compliance with weight requirements.

Approx. 2 oz.

**4 Wheel Drive P3910**

Approx. 2 oz.

**Rear Wheel Drive P3911**

Approx. 2 oz.

- Decorative Pennants

*Ideal for scouts, schools and youth, camp and church groups.*

**HOW-TO VIDEOS**  
pinecar.com

**PineCar Speedway®** P455 **\$100.00**

This regulation, four-lane track is 32-feet long and made of lightweight, durable cardboard. It has a starting gate, finish line and braking section. The tower sports a bright, colorful racing motif. Assembles and disassembles quickly, and can be stored neatly in the reusable carton for next year's race.

**Elimination Charts, Forms and Stickers** P453 **\$3.00**

Double Elimination Chart, Registration Forms and Stick-On Numbers are used for tracking race participants, logging and numbering up to 150 racers.

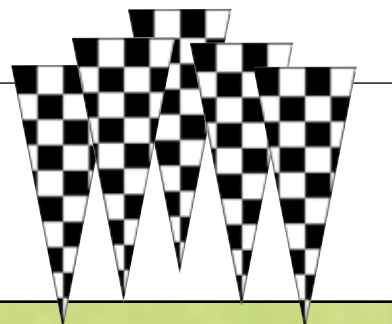

**NEW! Weigh-In Digital Scale with Conformity Gauge** P452 **\$19.99**

This pocket-sized digital scale goes wherever the derby takes you! Cars straddle the scale, so they won't roll off the scale and destroy your hard work! The scale weighs items up to 400 grams (14.110 oz.). The protective cover can be used as a self-contained weighing surface for small parts and the readout is a backlit LCD display. Scale dimensions are 4" x 3" x 0.75" and operates using two AAA batteries (included). The Conformity Gauge makes race day check-in and registration a breeze! Quickly check car length, overall width, width between the wheels and the car's ground clearance.

**Decorative Racing Pennants** P429 **\$9.00**

25-foot string of black and white 12" x 18" plastic pennants.

Bulk packs available. Call 573-346-5555 for more information.

**Displays**

**Backdrops**

**Shadowboxes**

**Profiles**

This warning applies to all products on this page.  **WARNING: Choking Hazard! Small parts. Not intended for children under 3 yrs.**

## Diorama Kits (flat surfaces)

These two kits include everything you need to create flat grassy or sandy terrain landscape for scenic dioramas. Their surfaces are great for adding buildings and structures.

### Plant Wild Grass

Wild Grass can be trimmed to make tall grasses on land or standing in water.

### Plant Trees

Trees give your diorama depth and realism.

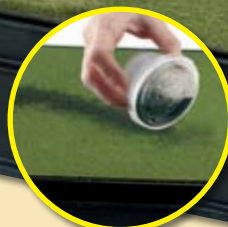

### Foliage Fiber

Make vines and ivy using Foliage Fiber.

### Add Bushes

Add realistic bushes and other foliage to make your diorama come alive.

### Add Accents

Sprinkle Accents for dirt paths, low grasses and foliage highlights.

### ReadyGrass Sheets

Make grassy or sandy surfaces. Glue with Sticky Bond!

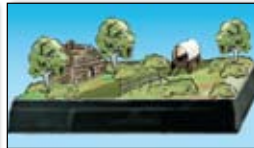

*Base sold separately.*

## Basic Diorama Kit SP4110

**\$16.99**

Use the Basic Diorama Kit to create dioramas or displays where a flat, landscaped surface is your main focus. The kit contains everything you need to make plains, prairies, grasslands, farmlands, woods and meadows.

- Native American Villages
- Settlements
- Castles

**HOW-TO VIDEOS**  
scenearama.com

## Desert Oasis Diorama Kit SP4112

**\$16.99**

Use the Desert Oasis Diorama Kit to create dioramas or displays where a flat sand surface is needed. It contains everything you need to make prehistoric habitats, shorelines, wastelands, beaches, missions or desert projects where sand is your main focus.

- Dinosaur Habitats
- Missions
- Pyramids

This warning applies to all products on this page.

**WARNING: Choking Hazard! Small parts. Not intended for children under 3 yrs.**

## Diorama Kits (mountains and water)

These two kits include everything you need to create mountains or rolling hills for scenic dioramas. The Mountain Diorama Kit features rock outcroppings while the Water Diorama Kit features water areas.

### Add Foliage

Make your diorama come alive with realistic-looking bushes and shrubs.

### Rocks

Add single rocks, outcroppings, cliffs, riverbanks and more.

### Newspaper Wads

Build land contours into hills, mountains or even volcanoes, then cover with Plaster Cloth.

### Earth Undercoat

Create an earth-colored base for all of your landscape using our easy technique.

### Plaster Cloth

Create a hard shell land surface for grasses, bushes, trees and other foliage.

### Side Panels

Side Panels create the perimeter and form your diorama contours.

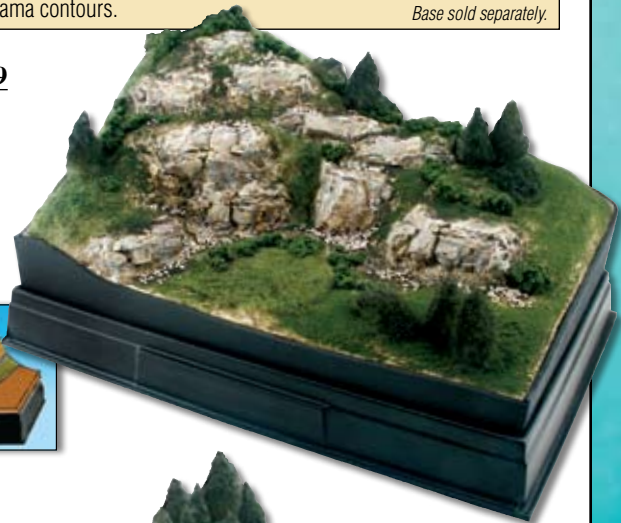

*Base sold separately.*

## Mountain Diorama Kit SP4111

**\$19.99**

Use the Mountain Diorama Kit to create dioramas or displays where mountains or hills are your focus. A volcano tube is included for building an erupting volcano.

- Wind and water erosion
- Caves
- Volcanoes

## Water Diorama Kit SP4113

**\$19.99**

Use the Water Diorama Kit to create dioramas or displays with water as the main focus. It includes everything you need to make still or moving water.

- Ponds
- Waterfalls
- Rivers

This warning applies to all products on this page.

**WARNING:** Choking Hazard! Small parts. Not intended for children under 3 yrs.

## Accents

Use these five Accents to enhance any diorama or display. Each one adds a specific feature to your project. Use Accents on an existing diorama, a ReadyGrass Sheet or with a Diorama Kit.

- Add grasses, bushes, vines and other foliage
- Make, color and add realistic rock formations
- Create spectacular waterfalls, rapids, ponds and lakes
- Add an assortment of cacti and other desert plants
- Make snowdrifts, snow dustings, icy ponds, icicles and more!

### Foliage & Grasses SP4120

**\$9.99**

Use Foliage & Grasses if you want to enhance your diorama or display with grasses, bushes, ivy, vines and other foliage. Includes products to build trees and add basic scenery.

- Short and tall grasses
- Flowers and highlights
- Roads and paths

#### Kit Contents:

- |                  |                       |                     |
|------------------|-----------------------|---------------------|
| • Foliage Fiber  | • Forest Green Accent | • Spray bottle      |
| • Bushes         | • Project Glue        | • Sifter            |
| • Green Grass    | • Wild Grass          | • Easy Instructions |
| • Yellow Flowers |                       |                     |

*Diorama shown built with kit contents and additional materials, sold separately.*

### Rock Making Kit SP4121

**\$9.99**

Use this kit if you want to enhance your diorama or display with rocky areas. It includes everything needed to add rock outcroppings, rock debris, lava or cliffs.

- Lava flows
- Rock outcroppings
- Creek banks
- Rock debris (Talus)

#### Kit Contents:

- |                   |               |                     |
|-------------------|---------------|---------------------|
| • Rock Mold       | • Talus       | • Stir Stick        |
| • Casting Plaster | • Mixing Tray | • Project Glue      |
| • Rock Colors     | • Foam Brush  | • Easy Instructions |

*Diorama shown built with kit contents and additional materials, sold separately.*

### Ripplin' Water Kit SP4122

**\$9.99**

Use this kit if you want to enhance your diorama or display with still or moving water. It includes everything needed to create water details.

- Rapids
- Waterfalls
- Frozen water

#### Kit Contents:

- |                   |                 |                     |
|-------------------|-----------------|---------------------|
| • Realistic Water | • Foam Brush    | • Easy Instructions |
| • Water Effects   | • Stir Stick    |                     |
| • Water Undercoat | • Release Paper |                     |

*Diorama shown built with kit contents and additional materials, sold separately.*

This warning applies to all products on this page.

**WARNING:** Choking Hazard! Small parts. Not intended for children under 3 yrs.

### Winter Effects SP4123

\$9.99

Use Winter Effects if you want to enhance your diorama or display with cold-weather detail. It includes everything needed to create frigid, snowy or icy details.

- Snowdrifts
- Light snow dustings
- Icicles

#### Kit Contents:

- |               |              |                     |
|---------------|--------------|---------------------|
| • Ice Effects | • Foam Brush | • Release Paper     |
| • Snow Flakes | • Sifter     | • Easy Instructions |
| • Snow Base   | • Stir Stick |                     |

*Diorama shown built with kit contents and additional materials, sold separately.*

### Desert Plants SP4124

\$9.99

Use Desert Plants if you want to enhance your diorama or display with desert cacti or vegetation. It includes everything needed to create arid climate or dry desert details.

- Make brightly flowering cactus
- Add tall Wild Grasses
- Model sage and scrub brush

#### Kit Contents:

- |                        |                  |                     |
|------------------------|------------------|---------------------|
| • 2-Organ Pipe         | • 3-Barrel Cacti | • Foliage Fiber     |
| • 8-Saguaro Cacti      | • Red Flowers    | • Project Glue      |
| • 6-Columnar Cacti     | • Yellow Flowers | • Easy Instructions |
| • 2-Prickly Pear Cacti | • Wild Grass     |                     |

*Diorama shown built with kit contents and additional materials, sold separately.*

## Accessories

Create arts and crafts projects, dioramas or add defining features to an existing project. These kits contain easy-to-use materials to create backdrops and structures, sculpt details and terrain, mold rocks or add landscape.

### Sculpting Kit SP4131

\$9.99

Sculpt, paint, detail and add texture to figures, animals, birds, planets and much more! Bring your creature to life with Fun Fur!

- Sculpt plants and animals
- Make shapes

#### Kit Contents:

- |                  |                |                     |
|------------------|----------------|---------------------|
| • Sculpting Clay | • Paintbrush   | • Project Glue      |
| • Sculpting Tool | • Fun Fur      | • Easy Instructions |

**WARNING:** Choking Hazard! Small parts. Not intended for children under 3 yrs.

### ReadyGrass® Sheets\*

\$3.99

Making flat, grassy areas or sandy surfaces on projects and dioramas is as easy as rolling out a ReadyGrass Sheet. They also work great as a display surface for your Project Base & Backdrop. *Each Sheet is 10 3/4" x 16 1/4".*

- Scrape turf off to make areas for roads, water and sidewalks
- Create desert landscape, beaches or shorelines

Summer Grass (SP4160)

Green Grass (SP4161)

Desert Sand (SP4162)

\* Patent Pending

### Trees

\$8.99

These four tree types model trees located most anywhere worldwide: Green Deciduous, Autumn Deciduous, Conifer and Palm. Install trees on your diorama or display with Project Glue or Sticky Bond, or place temporarily using the included bases.

- Each tree comes with a removable base
- Place temporarily or plant permanently

Deciduous Trees

SP4150 - 4/pkg. (2"-3")

Conifer Trees

SP4151 - 4/pkg. (4"-6")

Palm Trees

SP4152 - 6/pkg. (4"-5")

Autumn Trees

SP4153 - 4/pkg. (2"-3")

### Plaster Cloth SP4140

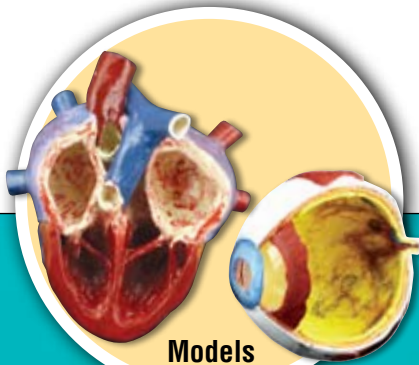

\$7.99

Plaster Cloth is versatile, fun and easy to use! Apply wet Plaster Cloth to newspaper wads, balloons and other forms to make lightweight, hard shell land terrain, masks and other shapes. *8 in. x 11 1/4 ft. roll.*

- Create holiday ornaments
- Make bright, colorful masks
- Use to form anatomy shapes

VIDEOS  
scenearama.com

### **Native American Village** SP4280

**\$29.99**

Duplicate your favorite Native American village or use your imagination and model your own. Realistic Water, landscape and trails make your tepee scene come alive with the spirit of the people who lived there!

### **Erupting Volcano** SP4281

**\$29.99**

Form a cinder cone, caldera, cutaway or active island volcano! Use your imagination, along with all the trees, bushes and an eruption mixture for an explosion of fun!

### **Creative Mask & More** SP4282

**\$29.99**

Model a mask, sculpture, art project, ornament or other awesome creation. Wet the fun, flexible fabric, let it dry and harden and then enhance with colorful paint and decorative details.

### **Cell Structure** SP4283

**\$29.99**

Create your own, unique microscopic world! Plant, animal, bacteria cell...you decide! Choose your cell type and start modeling a cool, scientific project with the fun and easy-to-use materials!

This warning applies to all products on this page.  **WARNING:** Choking Hazard! Small parts. Not intended for children under 3 yrs.

## Classroom Packs

**Classroom Packs™**

Classroom Packs include everything needed to create projects that engage students' interest in the lesson, reinforce what they have learned and foster a fun educational environment! Each pack contains a teacher's guide and the materials for 12 complete projects. Projects are designed to aid students in meeting National Education Standards.

**HOW-TO VIDEOS**  
scenearama.com

### **Tepee Village** SP4250

**\$94.99**

This four-session project allows students to create their own little village using the knowledge learned in their Early American studies - fun, hands-on planning and design inspires students to remember the lesson!

This project is designed to aid students in meeting the expectations of the National Social Sciences Standards.

### **Erupting Volcano** SP4251

**\$109.99**

This four-session project makes any classroom explode with total student involvement! Create fun, interactive volcanoes that actually erupt, sending student knowledge and retention skyrocketing!

This project is designed to aid students in meeting the expectations of the National Science Education Standards for Earth Sciences.

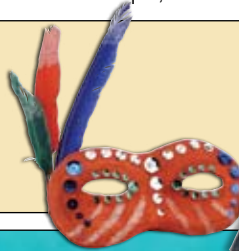

### **Creative Mask** SP4252

**\$99.99**

This three-session project helps students learn cultural influences and artistic design - all rolled into one cool, creative and stimulating school project. From functional to decorative, your class will come alive with unique, fun masks!

This project is designed to aid students in meeting the expectations of both the National Standards for Arts Education and National Social Sciences Standards.

### **Cell Structure** SP4253

**\$99.99**

This five-session project allows students to create their own cell, according to the class lesson plan. From the nucleus to the ribosome, reinforce the fundamental elements of any cell type!

This project is designed to aid students in meeting expectations of the National Science Education Standards for Life Sciences.
