ORDERING INFORMATION & TERMS

April 2018

Dear Model Railroader,

Welcome to the April 2018 Atlas ASMC consumer edition of product Announcements and Arrivals.

All Atlas products are tooled prior to the announcement and offering of that product to the marketplace. In other words, Atlas researches and decides on a project, makes a significant commitment in product development resources and tooling dollars, and only then offers it to model railroaders.

Prior to the start of supplier production, Atlas announces to authorized dealers, distributors and e-subscribers that we are nearing final production. This notification comes in the form of Atlas' All Scales Monthly Catalog (ASMC) which focuses in on the current month's planned and specified announcements and allows consumers to place guaranteed pre-orders with their local hobby shop for those specific products by a given date. If you need assistance finding a dealer near you, don't forget our Hobby Store Locator! Check out the locator at <http://shop.atlasrr.com/storeLocator.aspx>. You can also view and reserve products via Atlas' online store shop.atlasrr.com.

Here at Atlas, we have an unwavering dedication to prototypical authenticity. Unless otherwise noted, every paint scheme that appears on a model we produce has been carefully researched and recreated to look exactly as it did on the prototype.

The ASMC is widely distributed and shared with thousands of dedicated Atlas consumer fans in accordance with their scale preference. This distribution is accomplished through targeted electronic messaging as well as via handouts at shows throughout the year. You can ensure that you receive the latest Atlas news and offers, in your preferred scale(s), delivered directly to your email inbox by visiting www.atlasrr.com and signing up for our email newsletter – the Atlas Insider.

If you've got Spring fever, Atlas has the cure! We're announcing new paint schemes and road numbers on N scale GP 38s and HO RS3's, as well as on the O scale VO 1000. Extended Vision and Standard cabooses are being offered in HO & N, along with Bulkhead Flat cars in HO & O with new 40' Containers in all scales! You'll find all of these wonderful models and more inside, as well as arriving locomotives, rolling stock and track in all scales.

Sincerely,

Joe Kolnoski
Vice President of Sales

Safety First

Atlas' latest run of N scale GP38's will feature the Norfolk Southern First Responder's paint scheme. This locomotive was introduced by Norfolk Southern in 2015 as a first responder unit similar to their SD60E No. 9-1-1. The locomotive will be assigned to service on NS' Safety Train that travels the railroad providing training to emergency workers who might respond to railroad accidents. This model is being produced along with several other exciting new paint schemes on Atlas' prototypically accurate, fun-to-run GP 38 model.

Atlas' high quality N Scale locomotive is modeled after Electro Motive Division's 2000 horsepower GP-38 diesel introduced in the late 1960s and built through the early 1970s and is still in service today throughout North America. The GP-38 is usually identified by its two radiator fans located on top of the long hood and two small exhaust stacks.

ATLAS CLASSIC™ HO RS-3/RSD-4/5 LOCOMOTIVE

Ordering: <https://shop.atlasrr.com/d-464-april-2018-ho-scale-pre-orders.aspx>

Burlington Northern

FEATURES:

- DCC/Sound version available with LokSound decoder
- Analog version includes an 8-pin socket for DCC
- Improved tooling on turbo exhaust stack. Also includes option of water cooled or aircooled turbo exhaust stack
- Separately-applied handrails and stanchions, including separate drop step detail
- Factory installed AccuMate® couplers
- Dual flywheel-equipped five-pole skewed armature motor for optimum performance at all speeds
- Metal grab irons
- Accurate painting and printing

DCC Operation

- Supports all DCC-programming modes
- Flexible mapping of function keys F0 to F28.
- A total of six DCC function outputs are available
- Follows all NMRA DCC standards and recommended practices.

Analog (DC) Operation

- The LokSound Select Dual-Mode decoder allows your Atlas Gold Series locomotive to be used on DC as well as on DCC layouts.
- Please note that the Atlas Quantum Engineer will NOT operate an Atlas Gold Series locomotive equipped with a LokSound Select decoder on an analog (DC) layout. However, the sound and lighting functions of the LokSound Select decoder in the Atlas Gold Series locomotive can be controlled by an easy-to-use basic DCC system. Also note that on a DC-powered layout, a DCC and sound equipped locomotive CANNOT be consisted with another locomotive that does not also have both DCC and sound. (This statement does NOT apply to DCC-equipped locomotives operating on a DCC layout.)

Sound Functionality

- Over 20 sound effects are available, including engine start-up and shutdown, prime mover sounds through all eight notches, bell, air horn, air compressor, dynamic brakes and more.
- There are 16 user-selectable horns, 2 user-selectable bells, and 2 user-selectable synchronized brake squeals.
- Manual and Automatic Notching modes with the ability to change modes "on the fly" are provided for true realism.

ATLAS MASTER O VO-1000 LOCOMOTIVE

Ordering: <https://shop.atlasrr.com/d-465-april-2018-o-scale-pre-orders.aspx>

Lehigh Valley

Rock Island

Santa Fe

Southern Pacific

Nashville Chattanooga & St. Louis*

Western Pacific

FEATURES:

- Detailed cab interior
- Die cast chassis, trucks and pilots
- Metal handrails
- Prototypical exhaust stack configurations
- Dual motors with flywheels
- Accurate painting and lettering
- Directional LED lighting
- Minimum diameter curve: 0-31 (3-Rail)
- Minimum radius curve: 36" (2-Rail)

3-Rail TMCC Features:

- EOB™ Speed Control Technology
- Operating electro-couplers
- Diesel exhaust unit
- Lionel® TrainMaster® Command Control featuring RailSounds™ digital sound system
- RailSounds™ operates in both conventional and command modes

2-RAIL GOLD FEATURES:

- ESU Sound equipped

ANALOG (DC) OPERATION FEATURES:

The LokSound Select Dual-Mode decoder allows your Atlas Gold Series locomotive to be used on DC as well as on DCC layouts. Please note that the Atlas Quantum Engineer will NOT operate an Atlas Gold Series locomotive equipped with a LokSound Select decoder on an analog (DC) layout. However, the sound and lighting functions of the LokSound Select decoder in the Atlas Gold Series locomotive can be controlled by an easy-to-use basic DCC system. Also note that on a DC-powered layout, a DCC and sound equipped locomotive (such as the Atlas Gold Series) CANNOT be consisted with another locomotive that does not also have both DCC and sound. (This statement does NOT apply to DCC-equipped locomotives operating on a DCC layout.)

Sound Functionality Features:

Over 20 sound effects are available, including engine start-up and shutdown, prime mover sounds through all eight notches, bell, air horn, air compressor, dynamic brakes and more. There are 16 user-selectable horns, 2 user-selectable bells, and 2 user-selectable synchronized brake squeals. Manual and Automatic Notching modes with the ability to change modes "on the fly" are provided for true realism.

Chessie System C&O*

Gold Models feature Loksound from ESU.

ATLAS MASTER® HO DASH 8-40C/CW LOCOMOTIVES

First built for Union Pacific in the late 1980's by General Electric, the DASH 8-40C diesel locomotives were identified by an enlarged exhaust stack and the mounting of the dynamic brake grids in a square-like unit behind the cab. These six-axle, 4,000 hp engines are still in service today in North America. The 4,000hp Dash 8-40CW was produced by General Electric between 1989 and 1993 as a follow-up to the Dash 8-40C. Most of these units are still in regular mainline and heavy-haul freight service today. Due to various mergers, they can also be seen operating for new owners Norfolk Southern and BNSF. These prototypically accurate, fun-to-run models are now available with and without ESU Loksound at your local hobby shop!

ATLAS TRACK PLANNING BOOKS

MODEL RAILROADING MADE EASY!

With detailed diagrams, step-by-step instructions, and myriad layout options, Atlas books guide you through every phase of layout building. Each book is aimed at specific skill levels and includes the fundamentals of foundations, track laying, wiring, scenery, as well as a convenient "Products Required" list with each layout. Atlas' popular and interesting layouts can be viewed at www.atlasrr.com or www.atlaso.com!

Item #6

#6 INTRODUCTION TO N SCALE MODEL RAILROADING - \$7.95

N scale fun starts here! This complete, easy to read book is ideal for beginners. It's all here – glossary, tools, benchwork, track laying, wiring, tips and more for nine basic layouts. (N1-N9)

#7 NINE N SCALE RAILROADS - \$8.95

Designed for intermediate modelers, this book details the techniques of benchwork, track laying, wiring and scenery for constructing nine engaging layouts that differ from those in book #6 in their size, detail and sophistication. (N10-N18)

Item #7

#9 ATLAS BEGINNER'S GUIDE TO HO MODEL RAILROADING - \$7.95

Here's your ticket to HO fun! Clear diagrams, comprehensive instructions, tips and a chapter on "Finishing Touches" put you on the right track to a successful layout. Blueprints for 12 basic layouts allow for future expansion with either Code 83 or Code 100 track. (HO1-HO12)

#11 HO LAYOUTS FOR EVERY SPACE - \$8.95

Packed with guidelines, shortcuts, tips and 11 layout options for either Code 83 or Code 100 track. More than 75 detailed diagrams make this edition a must for every HO modeler! A chapter on designing your own track plan is also included. (HO13-HO23)

#12 THE COMPLETE ATLAS WIRING BOOK - \$8.95

The Atlas Electrical Wiring System for all scales is made easy. Over 100 updated diagrams are complemented by a complete glossary, step-by-step instructions and advanced techniques.

#13 SEVEN STEP-BY-STEP HO RAILROADS - \$8.95

Whether beginner, intermediate, or advanced, every HO model railroader will find their ideal layout among the explicitly detailed and fully tested plans offered. Eliminate common pitfalls and learn from the many tips included to create your dream layout with Code 83 or Code 100 track. (HO24-HO30)

#14 HO KING-SIZE LAYOUT BOOK - \$13.95

For the intermediate and advanced modelers, this book contains six large layouts in an easy-to-follow scale format. Four plans fold out to become 11" x 17". Plans can be built with Code 83 or Code 100 track. (HO31-HO36)

#15 BLUEPRINTS FOR TEN HO TRUE-TRACK® LAYOUTS - \$4.95

Fast and easy layouts using popular Atlas Code 83 True-Track® roadbed track. Wiring, tips, accessories and "finishing touches" are all included in this Level 1 book. (TT1-TT10)

#6008 ATLAS O 36 3-RAIL LAYOUT BOOK - \$9.95

This book is a must-have for those who have discovered the superiority of the Atlas 21st Century Track® System. Everything you need for successful layout planning and building is here!
